HORRIBLE SUICIDE.

Our little town was thrown into an unusual state of excitement on Tuesday by an event which is happily of very rare occurrence in this Island, namely—the apprehension and examination of a man accused of an apparently causeless and cold-blooded murder. The man supposed to have been murdered is a sailor by the name of Bradley, on board the schooner *Ambrose*, Turnbull master. This vessel was on Monday night lying at anchor off Dunk River Bridge. It appears that the man—Bradley—was left alone in charge of the schooner. On Tuesday morning about seven or eight o'clock, Mr. Philip Baker went on board and was horrified to find the cabin floor covered with blood. He found an axe, an open razor, and a long sharp knife—the two latter covered with blood—in the cabin. On the cabin stairs and the bulwarks of the vessel he saw the stains of blood, but no other traces of the man could be found. Previous to coming on board Mr. Baker met a man, evidently a sailor, in the lane that led to the shore. This man asked him if he knew where Captain Turnbull was, and said that he had been waiting for him. When Mr. Baker saw the dreadful state of things on board the schooner, he immediately suspected that the man whom he had met had committed the murder. He therefore with as little delay as possible proceeded to Summerside to have him apprehended. The man suspected of murder was found without the least trouble conversing with his mate on the street. His story is as follows:—He says that he was looking for a berth, and hearing that Capt. Turnbull wanted a hand, he went to Bedeque to see him. That he slept in a house there on Monday night, intending in the morning to look for the Captain. He did not get up till pretty late on Tuesday morning, and went immediately on board the schooner, which, it seems, was lying some distance from the shore. Having got aboard or alongside of her, we are not sure which, he saw a man with a razor in his hand. He asked him if Captain Turnbull was on board, to which the other replied that he was not on board, and that if he did not come soon he would not find *him* there. He then immediately went ashore. He of course denies having committed the horrible crime laid to his charge. His name is Andrew Benson; he is a foreigner—a Swede, we have heard. We were present at his examination before Harry Green, James Campbell, and William Bairsto, Esqrs. He is not a vicious looking man, and told his story without any hesitation or embarrassment. The body was found to day (Wednesday). The throat is cut, but we believe that there are no other marks of violence about his person.

Since the above was written, we learn that a Coroner's Inquest was held before John Wright, Esq., on the body of Bradley, on Wednesday. A Doctor was called in to examine the wound, who said he believed the cut on the throat was not sufficient to cause death for some time. It is believed that the unfortunate fellow—who had been drinking hard for some days previous—inflicted the wound himself, and afterwards jumped overboard. There were no other marks on his body but the cut on the throat. The Jury returned a verdict of "Suicide."—*Summerside Journal, June 6.*

THE FISHERIES IN NEWFOUNDLAND.

Nearly all the sealing vessels having returned, the voyage may now be looked upon as over for this year. The result has, on the whole, been good, the catch, for the number of vessels employed, being above the average of the past few years.

The supplies for the cod fishery are now giving out, but much less freely than in former years. This must lead to a change of system which we cannot but think must prove, in the end, highly beneficial to all concerned, as the fisherman being now compelled "to catch his fish" before he eats it, he will set a far greater value on the fruits of his toil than he has been in the habit of doing under the supplying system, by which he sometimes received value for his summer's work before he had caught a single fish. Provident habits will assuredly result from the change, and as the industrious man will not have to pay for the idle, all the fisherman's requirements may be had on much beter terms than heretofore.

Green fish catching will now be the order of the day, and as there will be fewer fish makers, they should be much more careful in its cure, and thus try to redeem the character of Newfoundland codfish in foreign markets.—*St. John's Telegraph, May 22.*

EXPORTS FOR THE WEEK.—Oats, 3,059 bushels; potatoes, 20 do; eggs, 12,200 doz.; flour, 7 barrels; herring, 50 do; pork, 6½ do; oatmeal, 25¼ do.; salt, 140 bags; and 300 boxes tin cans—*Pat.*

GOOD RUN.—The Schooner *Eneas McIntyre*, owned by our neighbor, P. W. Hyndman, Esq., and laden with produce, sailed from this port on last Saturday afternoon, and arrived at Saint John's, Newfoundland, on Thursday night.—*Pat.*

A SETTLEMENT NEWLY NAMED—BURLINGTON.

A meeting of the inhabitants of this place was held on Friday, 26th instant, for the purpose of giving a new name to this district. Mr. J. Cousins in the chair. The following Resolutions were then submitted and unanimously carried. Moved by John Forristal, seconded by Mr. Alex. Cousins, and

Resolved, That the name of the Settlement, heretofore known as Morrison's Cross, Lot 18, situated between the County line an Kensington be henceforth called "Burlington."

Moved by Mr. Frederick Davidson, seconded by Mr. Andrew Davidson:

Resolved, That the proceedings of this meeting be published in the Island newspapers.

JOHN FORRISTAL, Sec'y.

Burlington, April 29, 1867.

LEPROSY IN THE SANDWICH ISLANDS.—It is generally supposed that lepers are confined to oriental countries, but such is not the case. They are found in Norway in considerable numbers, and so many persons have become victims to the loathsome disease of leprosy in the Sandwich Islands that the Legislature has placed them in a colony by themselves. This action was determined upon in 1864. The Board of Health, in whose hands the unpleasant service was placed, selected Government lands, embracing two beautiful and fertile valleys near the village of Molokai, and many acres of sweet potatoes, kulo, bread-fruit, bananas and pineapples were planted. The Board also purchased cattle, goats, pigs, and fowls, and supplied the lepers with fishing implements and mechanical and agricultural tools. The lepers, however, soon became reckless, refused to plant anything for future use, and defied all constraint. Food becoming scarce, however, they grew submissive and yielded proper obedience, those who were able to work acquiescing in this necessity. The weekly allowance made to each leper from the Superintendent is four pounds of biscuit, with four pounds of beef or salmon, and to those unable to work, five pounds of each of the above, with liberty to come for more if desired. There is also an allowance of rice, tea, sugar, and medicines and other articles needed by the sick. This allowance, with what they raise on the land, furnishes an abundant supply of food. On the 18th of February, 1867, there were 115 lepers in the village, 79 males and 36 females, mainly Hawaiians and Cinese. The first lepers arrived January 7, 1866, and during that year, 27 of the number died. This large mortality is owing to the recklessness of the lepers. One of their favourite follies is to expose themselves to rain and then lie down in their wet clothes. Still, some of the worst cases improve, owing, probably, to the freedom which they enjoy and the bountiful means of bathing at their disposal.—*Saturday Review*

Holloway's Ointment and Pills.—Ready to Hand.—Every good and generous person feels a natural sympathy in the presence of suffering; but how much more graceful would that compassion be if it could supply the means of relief. Professor Holloway offers to every one the never-failing power of thus rendering the most essential service to afflicted humanity. His noble remedies reach the seat of every malady, whether it be on the surface or hidden in the darker recesses of the interior of the system, and thus extirpate it, if that be possible. Plainly printed instructions for the guidance of invalids envelope every package of these restoratives, the reputation of which is not only European, but extends throughout the globe.

HOSTETTER'S STOMACH BITTERS. A HUNDRED CURATIVES IN ONE.—Not the least striking merit of HOSTETTER'S CELEBRATED BITTERS is the wide scope of their operation as a preventive and remedial preparation. As a protective medicine they ward off all diseases—and their name is Legion—that originate in unwholesome air, impure water, exhausting heat, or other local or climatic causes. This alone would be sufficient to secure for any corrective and alterative medicine a world-wide and undying celebrity. But HOSTETTER'S GREAT SPECIFIC has a hundred other claims to the confidence and high consideration of the public. In dyspepsia, liver complaint, chills and fever, billious remittent fevers, cholera morbus, cramps, colic, constipation, general debility, premature decay, female irregularities, sexual disability, constitutional weakness, sea sickness, flatulency, vertigo, fainting fits, hysterics, and all complaints proceeding from imperfect digestion, and a disordered condition of the liver and bowels, HOSTETTER'S STOMACH BITTERS are the most powerful, speedy, harmless and agreeable of all remedies advertised by the press, or administered in family practice. For sale by all Druggists.

Married,

On the 3d inst, by the Rev. David FitzGerald, Rector of St. Paul's Church, the Rev. Henry D. Nicholson, M. A., of Trinity College, Cambridge, only son of the late Rev. Dr Nicholson, Rector of St. Albans Abbey, England, to Annie, eldest daughter of Deputy Commissary General Macmahon, and grand daughter of Major Sutherland, of the Queen's Body Guard of the Honorable Corps of Gentlemen at Arms and late of the 7th Royal Fusiliers.

At the Manse, on the 5th inst, by the Rev'd Thomas Duncan, Mr. George Pethick, Cornwall, to Miss Elizabeth Beers, DeSable

Died,

At his residence, At Bunbury, on Wednesday, 5th June, Mr. John Bovyer, senr, aged 61 years.

On May 23rd, of consumption, Janet, eldest daughter of Alexander McKinnon, Melrose, aged 14 years.

On the 9th May last, at Lot 48, James Smallwood, senr, Esq. in the 73rd year of his age, leaving a widow and seven children to mourn their loss. He had a good hope, through grace and left the evidence that his soul was saved. His remains were followed to their resting place, at Clifton, by a large concourse of mourning friends.

At Tryon, on Thursday morning, the 23rd ult, Mrs John Bolter, aged 43 years.

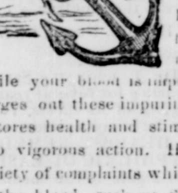
GEORGE LEWIS, Market Clerk.

Cleanse the Blood



With corrupt, or tainted Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. Ayer's Sarsaparilla purges out these impurities; it expels disease and restores health and stimulates the organs of life into vigorous action. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilus or Venereal Diseases, Liver Complaints, and Heart Diseases. Try Ayer's Sarsaparilla, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of extract of Sarsaparilla, for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative ingredient whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the class of diseases it is intended to cure. We can assure the sick, that we offer them the best alterative we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered.

AYER'S CHERRY PECTORAL is so universally known to surpass every other medicine for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidences of its virtues. The world knows them.

Prepared by [illegible] J. C. AYER & Co. Lowell, Mass. and sold by a[illegible] and dealers in medicine everywhere [illegible]

W. R. W[illegible] for Prince Edward Islan[illegible]

VOX POPULI.—The voice of the people is unanimously in praise of one thing at least, that is—JUDSON'S PILLS, and it is well deserved—the best remedy in the world for almost all diseases that afflict the human race. They act direct on the Blood, Stomach and Bowels. Keep your blood pure by an occasional dose of these Pills, and you will not be sick. The blood is the life—keep it pure by using the only medicine that will completely cleanse it—JUDSON'S PILLS.

Sold by all dealers. Get our Almanac.
