**SUM'SIDE AND WEST**

Mr. C. A. McNutt shipped 100 lambs by the Northumberland yesterday morning.

Mr. John Croke has had his residence and cafe on Central street attractively painted in sign work.

Dr. A. L. Purdy and bride were in Summerside yesterday returning to Alberton from a honey moon trip east.

H. Price Webber, the popular dramatist and comedian will again visit Summerside. He has the Market Hall booked for Oct. 21, 22, 23 and Nov. 4.

At the residence of the bride's father, Summerside, Oct 2nd, 1901, by Rev. W. H. Smith, M. A., John C. McDonald of Charlottetown and Annie youngest daughter of Mr. and Mrs. James Brehaut.

Miss Eva Craswell and Miss Nellie Compton, daughter of Mr. Herbert G. Compton, St. Eleanor's, entertained about sixty of their friends at a ball in Fernwood, the beautiful property of Mr. Benj. Tanton, St. Eleanor's, Wednesday evening and a most enjoyable time was spent. The dancing room was kept in great demand all the evening and the pleasure heartily indulged in.

Mr. Peter Schurman has returned from Charlottetown where he has spent the past three weeks attending to the building of his new potato digging machine at Messrs Bruce Stewart & Co's. It was his intention to have several of these machines ready this Fall, but failing in this he has been successful at last in having one completed, which has been taken to Freetown there to be operated on the farm of Mr. J. Davis Schurman, as soon as the weather is favorable, after which it will be exhibited at various other places throughout the country. Mr. Schurman is perfectly satisfied with his new invention and is only waiting for the opportunity of showing the farmers its real worth. It is his intention to have the work of manufacturing the diggers proceeded with during the coming month so as to have them on the market in plenty of time for next year.

There is a certain amount of pleasure in causing a person to fall on a wedding party, and there may be some gratification in it for those at whom the rice is thrown as a mark of respect. But rice thrown sometimes shows marks of disrespect on one's eye, and the practice is a dangerous one when people will regardlessly pelt handfuls into the faces of others. A good song or hearty cheer would be a less dangerous and a more appreciative 'sendoff' and the less rice throwing indulged in the more pleasantness is guaranteed. Perhaps a serious accident to some one's eye will some day result in a change in or moderation of the habit of rice throwing. Those who took occasion to say farewell and extend congratulations and good wishes to a newly married couple at the Railway Station Wednesday evening could not help but notice the danger, not to say unpleasantness, from the large quantities of rice in the air and many expressed themselves regretfully that such a carelessness of other's comfort should be exhibited by some young men.

**OF PERSONAL INTEREST.**

Miss Alexander of Stanhope was a passenger by the eastern train, yesterday evening, for Souris, where she will be the guest of her sister Mrs. Wm. Mallett.

Mr. E. H. Haviland went west yesterday morning. He will return on Friday the 11th October and it is expected that he will bring back plenty of geese and barks ducks.

Mr. H. A. Ellis who opened business yesterday in the store lately occupied by Mr. L. W. Watson has been prominently mentioned in the business arena of the Province for years past. He started his career as a druggist by entering the store of Mr. W. W. McDonald, O'Leary. Later on he was in the employ of Dr. Darrach, Kensington and for a number of years previous to his removal to Charlottetown conducted business in Montague. He started at the lower round of the ladder and his progress step by step to the top has been the result of close application and the thorough knowledge of the business that wins. It is hardly necessary to pause to state that only the best in drugs will be carried in stock. The store is being looked over by the painter and by the time he is through with it a beautiful appearance will be the result. All the old patrons of the store and all desiring drugs should remember Mr. Ellis when locating place to make their purchase.

**ON MAGNETIC HEALING.**  
Much is spoken and written during these times about this mysterious method of treating disease. The most truly remarkable cases of magnetic healing, which have come under the notice of the writer, have been those in which Dr. Chase's Ointment was used. This preparation seems to have magical powers in stopping the dreadful itching, burning sensations of Salt Rheum and Eczema and when used regularly makes the cure thorough and permanent.
