

Local and Other Items.

EDWARD HACKETT, Esq., M. P. for Prince County, is in the city.

POTATOES are quoted in the West Indies markets at \$6 per barrel.

THE number of suspects imprisoned is now two hundred and forty-four.

THE schooner "Tiger," formerly owned by Mr. John McLaine, has been purchased by R. F. Quirk, Esq.

THE St. Lawrence is detained at Summerside to-day. Quite a gale is reported from that point.

It is stated that the English Government contemplates the formation of four more sub-commissions under the Land Act.

THE Superiors at the City Hospital acknowledge with thanks the receipt of \$500 from Capt. Falt, through William Koughan, Esq.

LADIES! call and see those new Burners. The wick needs no trimming; a great saving of time and trouble to the housekeeper.—R. K. BRACE.

READINGS from Shakespeare are popular in St. John. A club for the reading and study of Shakespeare might easily be formed in Charlottetown.

THE body of Mr. D. McLean, a young Pictouian, who went out to Colorado some time since, has been brought home for interment. Two McLean brothers went out in the pride and strength of manhood; both died.

REV. CHAS. LADNER, President of the Newfoundland Conference, left Halifax on Tuesday last, in the Allan line steamship "Hibernian," for St. John's, Newfoundland. Mr. Ladner is an active P. E. Islander.

THE steamer "Warroster," Capt. Hedge, arrived from Boston on Tuesday evening with a cargo of merchandise and the following passengers:—John Godfrey, A. Blarsdell, D. McNeill, Daniel McAskill, Margaret Clary, Kate Martin, Jessie McInnis, Isabella McMillan, Mrs. Hughes, Mary McDonald, Lizzie Lund.

FIVE young roughts, who a short time ago made the "night hideous" in the northeast end of the city, and also assaulted a policeman, were arraigned before the Stipendiary Magistrate this forenoon. They were each sentenced to nine days of imprisonment, with the option of a fine of five dollars.

It would be well if owners of dogs in the city would pay the dog tax without incurring trouble to the authorities and expense to themselves. No fewer than forty summonses have been issued against delinquents to this tax, and ten or twelve of that number appeared before the Stipendiary Magistrate this morning, and were fined the amount of the tax, with costs.

DISGRACEFUL CONDUCT OF ISLANDERS ABROAD.—A Fredericton despatch to the St. John "Sun" says:—"Alex. McDonald, of Summerside, P. E. I., was sent to jail for two months for stoning the police last night while arresting a companion, James McDonald, also an Islander, for drunkenness and fighting. The latter was given one month in jail."

A SCHOOL OF COOKERY is being established in St. John. After a most successful course at Halifax and Yarmouth, and in the leading cities of Great Britain and Ireland, Miss Munroe, of Glasgow, has reached that city. Miss Munroe is a graduate of the National Training School of Kensington, London, having taken the highest honors at that famed institution. After she has concluded her labors at St. John, Miss Munroe might, perhaps, be induced to visit this city.

THE "free for all race" postponed yesterday at Upton Park has developed into a sweepstakes race for \$200. The contestants will be Mr. D. McKinnon's "Wild Harry," Dr. Jenkins' mare "Abdallah Queen," and Mr. Chas. Wescott's bay g. "Zulu." As these are three of the fastest horses in the Province the race is looked forward to as a good one. It will, if the weather and track is favorable, commence at 2 o'clock, sharp, to-morrow, (Friday.)

THE following gentlemen of the Bar of Nova Scotia, have been appointed Queen's Counsel: E. Tilton Mosely, Esq., Sydney, C. B., George Thomas Moore, Esq., Liverpool, N. S., Thomas C. Schreve, Esq., Digby, N. S., Charles Sydney Harrington, Esq., Halifax, N. S., Wallace Graham, Esq., do., Nicholas H. Meagher, Esq., do., Robert Sedgewick, Esq., do., Hugh McDonald Henry, Esq., do.

THE weather yesterday was very unfavorable for the races at Upton Park. The track was muddy, and appeared dangerous to start on. However one—the gentlemen's driving—race came off and the others were postponed. In the gentlemen's driving race four started, viz.—Nellie, Sleepy Tom, Tib, and Butcher Boy. The first and second heats were hotly contested, but the third, Sleepy Tom having been drawn, resulted in a walk over the course for Nellie, who won the race in three straight heats, with Butcher Boy second and Tib third.

PERHAPS lecturers are themselves to blame for the small audiences by which they are usually greeted. Some of them seem to take no more trouble in the preparation of a lecture than in the preparation of a sermon or a speech to a debating club. This was not, however, the fault of the Rev. Mr. Pascoe, who lectured last evening in the basement of Prince Street Methodist Church. The Rev. gentleman had evidently given to his lecture his best ability and care; and seemed to want to tell his hearers all he knew. He read steadily and with great rapidity from about half past seven till five minutes to ten. His discourse may be termed a masterpiece of words—especially long words.

THE Summerside Pioneer says:—"Mr. Montgomery, Superintendent of Education, paid this place an official visit last week. He speaks in favorable terms of the condition in which he finds the various schools in this town. The Eastern school is taught by two ladies (Misses McPhail) who have earned for themselves the record of being excellent teachers. The Davies School is well officered, and is, we believe, unsurpassed in general efficiency by any similar institution in the Province. Mr. Murphy in the Western School is doing faithful honest work, though laboring under disadvantages of insufficient building accommodation. We trust the interested parties will see to it that the building is put in good repair before the inclement weather sets in. The Superintendent expressed himself as highly pleased with the condition in which he found Mr. Murphy's school."

The Norwegian barque Concurranten, from North Sydney, C. B., for Cocagne, was passed Oct. 25th, abandoned.

The Norwegian barque Jumborg, from Halifax, Oct. 8th, for Bristol, has arrived at Hull damaged, having grounded. She lost her mate, deckload, compass, sails and life boat.

TUNIS, Nov. 8.

Important tribes in Tebourouk district agreed to submit to the French.

HANLEY, Eng., Nov. 8.

Various towns of the Staffordshire potteries are on the eve of a gigantic strike. All the men connected with the operatives association resolved to cease work on Thursday unless an advance of wages is granted. The strike will effect 50,000 employes. Yesterday the employers pledged themselves to refuse an advance.

UNITED STATES.

NEW YORK, Nov. 8.—9.15 p. m.

Returns from all parts of the State at this hour indicate the election of the Democratic State ticket by no less than 15,000 majority.

From returns so far received, it is estimated that the majority of Purcell, Democrat, for Secretary of State, will be 25,000 in this city. Husted, Republican, for State Treasurer, will be defeated in the city by 45,000. Ten election districts in the 11th Congressional district give Astor 816 and Flower 922. These are strong Republican districts, and a majority has been reversed. Flower claims to be elected. 203 election districts give Purcell 29,843; Carr, 15,320; 153 election districts give Maxwell, Democrat, for State Treasurer, 21,087; Husted, 10,222.

Astor is defeated in the 11th Congressional district by Flower by 3,000 majority.

HARTFORD, Conn., Nov. 8.

The Republicans carry both branches of the Legislature by a reduced majority.

RICHMOND, Va., Nov. 8.

Sixty-one voting precincts in the State have been heard from, including 16 from Richmond, and give Daniel (Dem.) for Governor 10,450; Cameron, re-judiciary, 8,723; Daniels majority 1,500. The Democrats will have to overcome 19,000 votes in the States to elect the State ticket.

VICKSBURG, Miss., Nov. 8.

The Democratic state ticket is undoubtedly elected.

BOSTON, Nov. 8.

To-day's vote in Massachusetts was very light. Total vote will not be more than 155,000 against 282,000 last year. The entire Republican State ticket was elected and both branches of the Legislature are overwhelmingly Republican.

PHILADELPHIA, Nov. 8.

The managers of the Press have received information that a plan was on foot under which, at a late hour to-day (election night), they would be waited on and required at once to sign a contract for a year with the present force of printers, failing in which work would be stopped and the prompt publication of the paper necessarily embarrassed, thereupon provided for a different force, which entered the office to-day. The new force is composed of non-union printers, and sufficient to insure the prompt publication of the paper to-morrow.

SAN FRANCISCO, Nov. 8.

In the Washington Territory Legislature the Council killed the Woman Suffrage Bill by five yeas to seven nays.

MARION STATION, Nov. 8.

Four white men were killed and two seriously wounded by negroes who fired upon them at the polls.

ST. LOUIS, Nov. 8.

John Shea and Frank Fone escaped from jail yesterday morning, and last night were discovered committing a burglary. They were chased when one of them shot policeman Doran dead. They were subsequently captured.

O'Leary, Lot 8, Nov. 1, '81—6i eod, wly li

MORE LIGHT!

THE Charlottetown Gas Light Company have imported some of "BRAY'S BURNERS," which they will supply and fit on Gas Brackets, etc., at a moderate cost to consumers.

These Burners are reported to be the best Flat Flame Burner yet produced, and will give a far greater amount of light than any other Burner with the same consumption of Gas.

Dr. Wallace, F. R. S. E., F. C. S., Gas Examiner to the City of Glasgow, in a lecture delivered by him, calculated that 4120,000 (\$650,000) a year are thrown away in Glasgow by the use of imperfect fittings. On the subject of Gas Burners he says:—"Another and as I think a better Burner is that called Bray's regulator, and as I consider these the best union Burners attainable at moderate cost, I have selected them for a series of experiments."

The Report of the Committee of the British Association of Science to enquire as to the best means for the development of light from Coal Gas of different qualities—comprising Dr. William Wallace, Professor Dittmar, and Mr. Thomas Wills, F. C. S., F. I. C. E., showed that Bray's Burner yielded the greatest amount of light of all the two or three score of Burners reported upon, which included the Burners of repute in the market.

In a pamphlet upon Light and Heat, published by R. B. Taber, A. M., he says:—"The cost of Gas as compared with other illuminants is much more economical when rightly used than many suppose. From experiments made for this purpose, the following results have been obtained. They were made by burning samples of Devoe's Brilliant Oil and ordinary Oil, and testing their illuminating power. It was found that Coal Gas costing one cent at \$3 per thousand feet, gave a light equal to 18 candles, while Devoe's Brilliant Oil consuming 27.4 grammes costing half a cent, gave a light equal to 9 candles.

"A good Argand or Johnson's Burner, the Burner used in the last experiment, will therefore give the light of 2 ordinary Oil Burners in direct comparison, at no greater expense in the case of the finer and safer grades of Oil. Lights, however, on the authority of Scientists, are not to be compared in direct proportion, but in proportion to the squares of their powers, and such a comparison with the case of the use of Gas, its cleanliness, freedom from odor and dangers, renders its use desirable wherever it can be introduced."

As the above experiments were made with Gas at \$3 per 1000 feet, and not consumed through Bray's Burners, it will readily be seen how much more economical it is to consume Gas instead of Oil, when its price is only \$2.63 per 1000 feet as now charged here when consumed, more especially through Bray's Burners.

Messrs. Goodwin & Co., of Philadelphia, the well-known manufacturers of Scientific instruments for testing the illuminating power of Coal Gas, etc., say in their Circular to Gas Companies:—"In presenting the Bray's Standard Patent Silt Union Burners and Lanterns, for which we are the sole Agents in the United States, to the attention of the public, we are convinced that we are filling a want long felt." They further add:—"The yield of light from these Burners is 12 to 20 per cent greater per cubic foot of Gas consumed than that from any flat flame Burner hitherto introduced."
