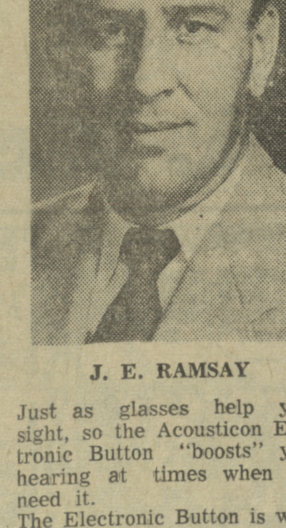
## HARD OF HEARING?



J. E. RAMSAY

Just as glasses help your sight, so the Acousticon Electronic Button "boosts" your hearing at times when you need it.

The Electronic Button is worn within the ear, with no cords or wires. You needn't wear it all the time.

Let a free clinic demonstration prove that the new Acousticon Electronic Button is the answer to your partial hearing loss!

Perhaps, like many others, you suffer from a partial hearing loss. In church, in conversation, at meetings . . you may hear sounds . . but have difficulty understanding the words.

The answer to your problem may be the Acousticon Electronic Button.

. . . just slip it in your ear when you need to hear better. It's less trouble than a pair of glasses!

A Free Demonstration at our clinic conducted by Mr. J. E. Ramsay, who has 12 years experience as an Acoustician, will speedily show you how.
