

THE PEOPLES' CANDIDATES

QUEEN'S COUNTY: Brecken and Jenkins. PRINCE COUNTY: Hackett and Rogers. KING'S COUNTY: McDonald and Muttart

THE DAILY EXAMINER JUNE 16, 1882.

Vote Square for BRECKEN AND JENKINS.

QUITE DESPERATE with the knowledge of certain failure in its attempt to convince the people that "the whole country is going to the dogs," and that the electors of P. E. Island should vote for men who betrayed the confidence before reposed in them, and who follow leaders who are openly opposed to Island interests, the Patriot is reduced to ventilating "the cotton warp grievance," and trying to shake the confidence of the public in the reports of THE EXAMINER.

As to THE EXAMINER'S reports, we abide by the result. Judging by the information we receive from the most reliable sources, —north, east, west and south—the Liberal-Conservative will, if they exert their strength, elect every candidate supporting the Government in this Province. The sentiment of the country is in favor of Sir John's and against Mr. Facing-both-ways Blake, who claims that under the present Government Ontario is becoming all the burden of the State, and who said,—

"For P. E. Island the Receipts were \$1,596,000, the Expenditure \$2,624,009—the Deficit (that is the loss to Canada) \$1,027,000."

FREE TRADE is, as I have repeatedly explained, FOR US IMPOSSIBLE.—Edward Blake's Manifesto.

Now, suppose, for one moment, all the Patriot says, with respect to cotton, to be strictly true, the amount we in this Province are saving on account of the remission of the tea duties (about \$25,000 a year) is more than double what—even according to the Patriot—we are now paying an account of the increase in the cotton duties.

But when the competition becomes sharp—when under the favoring influences of the National Policy, new cotton mills at St. Croix, at Windsor, at Halifax and other places, are all in operation—we shall be able to purchase cottons here as cheaply, or nearly as cheaply, as they can be purchased in Manchester.

Why not? We live nearer where the cotton grows, we have abundance of coal, food is cheaper than in England, we save the cost of the ocean passage! Why not?

THE "PATRIOT," WHICH HAS BEEN PUBLISHING FLAMING REPORTS OF HOW THE GRITS ARE CARRYING EVERYTHING BEFORE THEM, HAS NOT, APPARENTLY, HEARD THAT EIGHTEEN LIBERAL-CONSERVATIVES HAVE BEEN ELECTED BY ACCLAMATION.

"Will you vote to support a Government that causes you to lose 20 per cent. on every horse, cow or sheep that you export to the United States? Will farmers vote themselves out of 15 cents on every bushel of potatoes they sell?—The Pioneer's last appeal to the Electors."

As the United States Government, and not the Canadian Government impose the duties upon the horses and sheep and potatoes we export to the United States, it is evident that the Pioneer is politically pretty hard up.

The Grits were in power for five years and failed to get Reciprocity; and it is useless for the Pioneer to attempt to persuade electors that they can obtain Reciprocity by placing the Grits again in power, and going back to "One-sided Free Trade."

Can the young men, the franchise voters, vote for David Laird who tried to disfranchise them? We want the reply on Tuesday next.

If the farmers of Queen's County should elect Mr. L. H. Davies, the fact may be regarded as a proof that they are now convinced that he was right and they wrong with regard to the odious Assessment and Poll Tax Acts, 1876. This would undoubtedly have much influence on the minds of local representatives, especially now that the parties are so closely balanced; and, when too late, taxpayers might find, to their cost, that they had made a serious blunder. Electors, be not led away by the specious talk of an unscrupulous politician. Mr. Davies was as fine a speaker in 1876 as he is now. But how did he act? That's the question!

Vote Square for HACKETT AND ROGERS.

The most reliable and impartial advices even from Canadian Grits themselves, admit that the feeling in favor of the Liberal-Conservative party is much stronger than it was in 1878, and Grits from Ontario themselves admit that Sir John McDonald's Government will be sustained. Large as the majorities in Ontario and Quebec were in the last Parliament (numbering sixty-nine) it is confidently expected that in the new Parliament those majorities will be increased to at least seventy-five.

In Cape Breton County there are two seats, and only one Grit running, so that a seat is already won there for the Government party, making in all nineteen Liberal-Conservatives returned to one Grit. This is strong proof of popular opinion, and shows how weak in the knees the Grits are becoming.

We may safely say that never was the Premier of Canada, Sir John A. McDonald, as popular as he is to-day.

Thirty Seats Secured

For the Liberal Conservatives Prospects of a Great Victory.

OTTAWA, June 16.

The Toronto Globe admits that the Province of Quebec will give a strong majority to the Government. It only hopes that twenty-five Grits will be elected there; but the most reliable information received by the party does not admit of that number. It is now known that Nineteen Government Supporters have been elected by acclamation.

There are no Grit Candidates in eight constituencies. Only one Grit dare enter the field in Cape Breton, and no opposition to the Government candidates will be attempted in Chicoutimi and Gaspé, making thirty seats absolutely safe for the Government before the election.

Eleven seats are sure for the Government in Manitoba and British Columbia. There are thirty-six constituencies in Ontario where the Grits never dream of success, and twenty more where the Government are confident.

It is rumored that several Grits will withdraw before the election to save their nomination fee, as they are unable to get the required number of votes to save it.

The large number of candidates elected by acclamation has caused an immense number of moderate Grits to support the Trade and Railway policy of the Government, as they see that the country gives it a hearty support.

Meeting at Miscouche

Yeo and Perry Show the White Feather.

A Great Liberal-Conservative Success.

Special Despatch to the Examiner.

SUMMERSIDE, June 16.

The meeting at Miscouche last night, called by Yeo and Perry was not attended by them as they were afraid to meet the people, although they were in Miscouche. The meeting was organized, and after an address from Senators Howlan and Montgomery, and others, a vote of censure was passed on Messrs. Yeo and Perry.

With thanks to Senator Howlan, and with three cheers for Sir John, the meeting broke up, pledging themselves to vote the square ticket for Messrs. HACKETT AND ROGERS on the 20th.

Meeting at Dundas.

An Overwhelming Majority for McDonald & Muttart

NO SHOW FOR OPPOSITION.

Special to the Examiner.

ST. PETER'S, June 16.

One of the largest and most influential meetings ever held in the vicinity took place at Dundas last night, and was addressed by the Government and Opposition candidates.

Samuel McDonald, Esq., moved that McDonald and Muttart's nomination be endorsed, and the motion was carried almost unanimously.

The best of order prevailed. The Grits were reminded of their Sunday nomination at Souris, and their rowdy conduct on that occasion.

McDonald and Muttart's election is considered sure.

JOHN A. CAMERON, Secretary.

ANOTHER REPORT.

SOURIS, June 16.

A splendid orderly meeting was held at Dundas last night. About two hundred electors were present—two-thirds of whom were in favor of Messrs. McDonald and Muttart.

Fire in Montreal.

HALF A MILLION DOLLARS DESTROYED.

A destructive fire occurred in Montreal, at eleven p. m., on the 13th. It originated in the bookbinding and stationery establishment of Robert Miller & Son, in Clendinning's five story block on Victoria square. The flames gutted the place where the conflagration originated, also the extensive dry goods establishments of S. Greenfield, Son & Co., McIntyre & French, and Glendinning's store and tin warehouse, the great American Cabinet warehouse of Henry J. Shaw, which is in the east end of the block, and is the only house intact. The block was the finest in the city, being built only a few years since on the ground of the old St. Patrick's Hall, which was also consumed by fire.

The losses are very heavy. The only portion of the block not seriously damaged is the dry goods house of McIntyre & French. The valuable stock of goods, however, has suffered by water.

In the case of R. Miller, Son & Co., the premises were completely gutted and the walls seriously injured.

The damage to the stock of dry goods owned by Greenfield & Co. is much greater than to any other firm. Clendinning's stock of stoves and ironware did not suffer severely. Two of the houses—Miller's and McIntyre & French's—belong to Mr. Duncan McIntyre, vice president of the Canada Pacific Railway.

The total loss is estimated at half a million dollars. Robert Miller, Son & Co. were insured for about \$45,000, about half their actual loss. All the other sufferers are fully covered.

The Junior Liberal-Conservative Club meets to-night in Market Hall.

CORRESPONDENCE.

We do not hold ourselves responsible for the opinions or statements of our correspondents.

Ex-Governor Laird's Nomination.

To the Editor of the Examiner.

SIR,—My attention has been drawn to the signatures appended to Ex-Governor Laird's nomination. Among them I find my own, and, as I am not, or never was, a supporter of ex-Governor Laird, I think strange of it being there. While I support Mr. Davies on personal, I oppose ex-Governor Laird on political grounds.

Yours, etc., P. P. GILLIS, Proprietor of "Union House," June 16th, 1882.

Audacity Personified.

To the Editor of the Examiner.

DEAR SIR,—How David Laird has the audacity to solicit and expect the confidence of his fellow-countrymen, is a problem for the voters of Queen's County to work out. If they can do so to their satisfaction—it beats me. No prudent man would trust the fox to count his chickens.

Yours, VOTER. June 16, 1882.

To the Editor of the Examiner.

SIR,—A correspondence appears in the last New Era, dated from Caledonia, signed, "Liberal Presbyterian," in which it is stated that the writer lives in a mixed community, that is composed of Catholics and Protestants. To prove that this letter never saw Caledonia, it is sufficient to state that that settlement is not "mixed," as there is not one Catholic residing within ten miles of Caledonia.

The N. P. seems to favor the correspondence manufactured in the New Era office.

Yours truly, KINROSS. June 13, 1882.

To the Editor of the Examiner.

SIR,—A Grit Editor, who is industriously circulating a badly printed campaign sheet, seems to be very much "mixed and muddled" in dates. His last sheet bears the date of the 11th of March (slightly blurred), which is certainly indicative of the enterprise of the smart and pushing individual who has lately taken a hand at "elevating the standard." It was a tremendous effort, indeed, on his part, to have it ready for the present election. Still, the "purists" are not satisfied, as they think the speculation almost as poor as one as the "steel rails," and feel inclined to make considerable discount on his bill of \$50.

QUIZ.

Further Testimonials.

NO. VIII.

Certifies that it does not take seven yards of cotton to make a shirt.

(Sgd.) ONE MORE UNFORTUNATE.

NO. IX.

When in the Great Nor' West, I and everybody there could not fail to observe that the joints of the Government Machine ran very stiff and creaking. The alleged reasons were the lack of apparent dignity in the Head of the State, his too many virtues, and his two rigid views of economy. There was an impression abroad that a Governor's very large salary is not given him to pocket, but is intended to be expended to represent the splendor and profusion of the Imperial Court, which, as a general thing, he misrepresents. However, the patentee is happy to certify that things were made to run middling smoothly through an application, well rubbed in, every quarterly pay day, of

(Sgd.) JACOBS OIL.

THIS time eighteen Liberal-Conservatives are elected by acclamation (including three Cabinet Ministers) and only ONE GRIT.

GRITS in this Province may whistle to keep their courage up, but they feel and know in their inmost hearts, that their party is doomed.

At the Dominion General Election in 1878, only three Liberal-Conservatives were elected without opposition, and the Liberal Conservative party swept the Dominion from end to end.

Millions of dollars, in the hands of capitalists, will be invested in Canadian enterprise, if Sir John's Government is sustained.

Despite all the whoppers of unscrupulous Grit candidates, and their organs, the people continue to pour in, to swell the ranks of those whose policy is to build up native industries.

ELECTORS OF PRINCE COUNTY—Can you afford to vote for Mr. Yeo—who merely draws his sessional pay—and reject an active, able, working, practical man, like David Rogers?

A telegram says:—"The news of the election of eighteen National Policy men, including three Ministers by acclamation, has sickened the P. E. Island Grits."

It will never do—To allow a disorganized faction composed of third-rate men to govern this country; To permit a lot of poor constitutional lawyers to pass unconstitutional laws;

To place in power men who have no distinct tariff views;

To allow the trade and commerce of this country to be meddled with by a man who has spent nearly his whole life in Osgoode Hall;

To adopt a policy which will, so far as it can be understood;

Throw the workmen in the coal mines and the sugar refineries, and the operatives in the cotton and woollen mills, out of employment;

Deprive our farmers of their home market in our populous cities;

And disorganize the entire business of the Dominion.—Toronto Mail.

THE steamer "Carroll's" cargo to Boston, yesterday, consisted of 3,677 bags and barrels of potatoes, 1,008 cases eggs, 268 cases of lobsters, 240 sacks of white oats, 3 barrels and 3 hogsheads of c. l. skins, 1 barrel feed, 74 kegs of oil casks, and sundry articles.

Weather Bulletin.

Probabilities for the next 24 hours for the Maritime Provinces.

TORONTO, June 16—10 a. m.

Moderate to fresh south, veering to west and north-west winds; fair weather with local showers.

JOHN BARLOW, Proprietor. June 15, 1882—31 wky

THE TROTTER STALLION

'SIR EDWIN.'

SIR EDWIN is a Bay Stallion about 17 hands high, foaled in 1869, bred by Edwin Thorne of Thornedale, New York, and imported to P. E. Island in 1880.

Farmers! Here you have an opportunity which you never before had to breed to a pure bred Hambletonian, a grandson of the unrivalled Volunteer, whose service fee is \$500 and nephew to St. Julian, King of the Turf, and sired by a cousin of Maud S., Queen of the Turf, the fastest trotter that ever lived, and the wonder of the world. With such breeding as this it will be remarkable if Sir Edwin's colts do not develop into wonderful trotters.

Sir Edwin's pedigree, as published, is hereby guaranteed, and if any person can show it to be incorrect, he can have the services of Sir Edwin free of charge.

Sir Edwin will be at my stable, Kensington, at all times during the season except the last week in July, when he will stand at Alberton.

Tenders for Box and Flat Cars.

SEALED TENDERS, addressed to the undersigned, endorsed on the outside "Tender for Rolling Stock," will be received until July 12th, 1882, for the construction of twenty-five (25) Box and twenty-five Flat Cars for the Prince Edward Island Railway, to be delivered at Charlottetown not later than November 1st, 1882.

Plans may be seen at the Superintendent's Office, Charlottetown, on and after Monday, the 19th inst. Specification can be had on application.

The Tenders will not be noticed unless made in accordance with the printed forms supplied, nor unless accompanied by a certified bank cheque or cash for three hundred dollars (\$300), which will be forfeited if the party tendering declines to enter into a contract when called upon to do so. If the tender is not accepted, the deposit will be returned.

For the due performance of the contract, satisfactory security will be required by a cash deposit equal to five (5) per cent. of the amount of the contract.

The Department does not bind itself to accept the lowest or any tender.
