What Is Dr. Chase's Nerve Food? In appearance Dr. Chase's Nerve Food is an oval, chocolate coated pill. In the condensed form it contains all of nature's most strengthening and invigorating tonic and restoratives and for this reason it is unapproached as a blood builder and nerve restorative. It cures all diseases caused by thin blood and exhausted nerves and makes pale, weak nervous men, women and children strong and healthy.

GENERAL BOTHA'S VIEWS. In the Freeman's Journal, Mr. Michael Davitt gives a long account of various interviews which he had with General Louis Botha during his visit to the Transvaal. According to Mr Davitt, General Botha strongly condemned the tactics which were adopted by the Boers in the investment of Ladysmith, Kimberley and Mafeking. Fully 10,000 men were thus employed during four precious months. This meant one-third of the whole fighting force of the Federals.

Not to correct our faults is to commit new ones. Minard's Liniment cures Garget in Cows. He who in the presence of gain thinks of righteousness, who in the presence of danger is ready to give up his life, who never forgets a promise—he is a complete man. THE REAL WORKERS. England has a controversy on her hands very similar to the one that engaged the United States just after the close of the Spanish war. The British public is every much concerned about the hospital service in South Africa. There are bitter charges of incompetency and mismanagement and spirited replies. Dr. Conan Doyle entered the arena and in the course of his defense of hospital matters makes the following statement: "When the nation sums up its debt of gratitude to the men who have spent themselves in the war, I fear that they will almost certainly ignore those who have done the hardest and the most essential work. "There are three classes, as it seems to me, who have put in more solid and unremitting toil than any others. They are the commissariat, the railway men, and the medical orderlies. Of the three the first two are, THE MOST ESSENTIAL, since the war cannot proceed without food and without railways. "But the third is the most laborious, and infinitely the most dangerous." Then he tells how the magnitude of the entric outbreak exceeded all anticipation and all precedent in modern warfare. In one month 10,000 to 12,000 men were down with it. In one month 900 men were laid in Bloemfontein cemetery. "How (he asks) was this unforeseen and unprecedented crisis grappled with? Entirely by efforts of the medical men and by the devotion of the orderlies. When a department is confronted by a task which demands four times more men than it has, the only way of meeting it is for each man to work four times as hard. "This is exactly what occurred. AND THE CRISIS WAS MET. In some of the general hospitals order-

lies were on duty for thirty-six hours in forty-eight, and what their duties were—how sordid and repulsive—let those who have been through such an epidemic tell. "And yet they are patriots, these men; for many of them have accepted a smaller wage in order to take on these arduous duties, and they are facing danger for twelve hours of the twenty-four, just as real and much more terrible than the scout who rides up to the strange kopje or the gunner who stands to his gun with a pom-pom quacking at him from the hill. "When the scouts and the Lancers and other picturesque people ride in procession through London, have a thought for the swallow orderly, who has also given of his best for his country." The population of Tien Tsin is 1,000,000. It is really the port of Peking from which it is distant 70 miles. It is a walled city like many others in China. The Methodists have 142 missionaries in China; the Presbyterians, 209; and the American Board of Commissioners for Foreign Missions, 110.

Trouble in The Stomach. Which Doctors Failed to Remove, Cured by Less Than Two Boxes of Dr. Chase's Kidney-Liver Pills. The experience of Mr. Blackwell is similar to that of many sufferers with chronic indigestion. Stomach medicines will seldom really cure indigestion. The kidneys and liver must be set right and the bowels made regular and active. Mr. Joseph Blackwell, Holmesville, Ont., says: "I derived more benefit from the use of Dr. Chase's Kidney-Liver Pills than from any other medicine I ever took, and can highly recommend them for stomach troubles. I was in a terrible state and could hardly work at my trade. I tried most every kind of medicine and doctors, until I was tired doctoring, and before I used one box of Dr. Chase's Kidney-Liver Pills I could see that they were helping me, and after taking a box and a half, found that I was cured." Nearly every family on the continent has used Dr. Chase's Kidney-Liver Pills or heard of the remarkable cures they have effected. One pill a dose, 25c a box, at all dealers, or Edmanson, Bates and Co., Toronto.
