NEWS BY TELEGRAPH.

CANADIAN.

QUEBEC, Aug. 27.

The defeat in the Legislative Assembly, by a majority of three votes, of Mr. Chapleau's amendment to the third reading of the supply bill, may be said to close the last fierce struggle in that house for the session.

The Hon. Dr. Fortin presented Admiral Ingfield with pamphlets and charts relating to the Gulf of St. Lawrence, and to the system of coast telegraph and signals which are in the course of erection on our sea coast. The Admiral acknowledges the receipt of these with pleasure, and said he would transmit them to the hydrographical section of the Admiralty in London.

An "Affair of honor" has been arranged to come off, but how, when, or where, has not leaked out. The principals are said to be an officer of a French frigate and a French gentleman who has been living in this city for several months past. The cause of the quarrel is not known, but, as usual, the name of a woman is mixed up with it, and the insult is a grave one, the man-of-war's man having slapped his rival's face in the presence of a large company. The gentleman has induced a resident of St. Louis street to act as his friend, and a brother officer will perform a like service for his chum.

OTTAWA, Aug. 27.

Sir John McDonald has been formally tendered a banquet by the Conservatives of Ottawa. The invitation being sent across to England, no reply has as yet been received.

Owing to their western engagements, it is understood that His Excellency the Governor General and Her Royal Highness the Princess Louise will not be present at the opening of the Dominion Rifle Association.

SYDNEY, C. B., Aug. 27.

At a large and influential meeting of the Liberal Conservative party held here to-day, Murray Dodd, Esq., was unanimously nominated as a candidate for the position of representative to the House of Commons, rendered vacant by the death of Mr. McLeod. Mr. Dodd was proposed by Senator Burinot and seconded by Messrs. C. R. King, Belloni and others. The requisition to Mr. Dodd is signed by over seven hundred electors, and was presented to him at the meeting. His friends are certain of returning him by a large majority.

UNITED STATES.

COLUMBUS, Ohio, Aug. 27.

A man entered S. S. Rickley's Bank at noon to-day, and engaged in conversation with the proprietor, who was the only person in the bank, concerning negotiations for bonds. While the two were thus engaged, a "pal" of the stranger's entered by a rear window and carried off \$5,000 in currency and \$15,000 in registered bonds. The theft was not discovered until some time afterwards.

SARATOGO, Aug. 27.

The wife of General S. K. Dawson, of the United States army, fell dead in the drawing-room of the Grand Union Hotel last night of heart disease.

SAN FRANCISCO, Aug. 26

With the exception of a vigorous attack on the *Chronicle* by young Kallcock, the workmen's mass meeting to-night was devoted to general campaign topics, and after adjournment the audience dispersed very quietly.

NEW YORK, Aug. 27.

Kearney telegraphs to the "Sun" that there is no danger of a riot or trouble in San Francisco, and the working men are sure of victory.

MEMPHIS, Aug. 27.

Twenty-two cases of yellow fever were reported to the Board of Health to-day.

Mrs. Minnie Wilkins, just previous to her death yesterday, had several attacks of black vomit, and during intervals asked her husband to kiss her, which he did, regardless of the great danger. She died with her arms about his neck. One hour afterwards Mr. Wilkins was taken with a malignant fever, although he had a severe attack last year. He may die.

COLUMBUS, O., Aug. 27.

The sheep breeders and wool growers Association of this State held a meeting to-night and voted unanimously to use all proper means to keep the protective tariff on wool.

NEW YORK, Aug. 27.

Weston, the champion pedestrian, arrived from England to-day. He was accompanied by his wife and three children, and both at the pier and the hotel was greeted with deafening cheers as the world's champion walker. He presented a healthy appearance and looked in first-class condition for the coming contest.

JAPAN.

YOKOHAMA, Aug. 13.

The breaking of quarantine by the German ships continues the exciting topic of correspondence between the German Envoy and Japanese Foreign Minister.

The cholera continues violent; 45,000 persons have been attacked and 25,000 have died. The Government displays energy in confronting and checking the disease. The Emperor has given \$700,000 in aid of sanitary measures.

GREAT BRITAIN.

LONDON, Aug. 27.

A resolution passed by the operative spinners of Oldham, protesting against the proposed reduction of wages, &c., urgently recommends employers to resort to other measures for improvements in trade, evidently referring to limitation of production.

LONDON, Aug. 27.

GERMANY & RUSSIA.

LONDON, Aug. 27.

A correspondent of the "Pall Mall Gazette" at Berlin says it is admitted in Court circles that there is an estrangement between Bismarck and Gortschakoff, but it is asserted that this does not effect the relations between the Czar and Emperor William.

SPAIN.

MADRID, Aug. 27.

It is expected that on the occasion of the King's marriage, an arrangement will be made with Don Carlos, on whom it is proposed to confer the title of Infante, with a large allowance, upon condition that he renounces all claim to the throne of Spain.

TURKEY.

BELGRADE, Aug. 27.

The difficulty between the Servians and Mussulmans on account of the territory ceded to Servia by the Berlin treaty, is causing relations between Servia and the Porte to become strained.

The Albanian question also increases the embarrassment, and the tact of the Turkish Envoy alone prevents an open rupture.

ROME, Aug. 27.

The War Office reports that fevers, including typhoid, are largely increasing in various districts. 300 are sick out of 2,700 people at "San Giovanni in Coce," and there are numerous cases around Cassin, where the population is terror stricken.

Sad Drowning Accident at Mira Bay.

ON Saturday last four young men, sons of Patrick Bates, of Catalone Lake, were returning home from Scotari Island, where they had been fishing all summer. They had three barrels of flour and some gear in their boat. When within a few hundred yards of their own landing through some mishap the boat upset and sank immediately, leaving its four occupants in the water. John Bates was the youngest of the four, and was about eighteen years of age. He was a good swimmer, and the only one of them that could swim. After encouraging his three brothers and swimming around providing them with oars and pieces of boards to keep them afloat, he swam away some distance and got on a barrel of flour. Finding that he could not hold on owing to the surging of the sea, he left it to swim back to his brothers, but when a short distance on the way became exhausted and sank to rise no more. Their two older brothers, Mark and James, were about two miles distant in another boat. When they saw the mishap they put off to their assistance with all haste, and arrived just in time to save the three others from a watery grave. John's body was found next morning at about ten o'clock and was taken home to his heart-stricken parents, who have the sympathy of the whole neighborhood for the loss of a dutiful son. The deceased was a young man of temperate habits and agreeable manners, and had won the esteem of all his friends and acquaintances.—*Con to C. B. Advocate.*

ON Tuesday last His Lordship Bishop McIntyre administered the sacrament of confirmation to over one hundred boys and girls, at Lot 14 Chapel. Father Angus spared no pains for the reception of the Bishop. On Monday afternoon about forty teams, headed by John McDonald, baggage player, drove over from Lot 11 to Ellis River Bridge to meet his Lordship, and the large procession escorted him to Lot 14. The Rev. Mr. McGillivray, after confirmation, delivered a very eloquent sermon in Gaelic, which was attentively listened to throughout by the large congregation. On Wednesday the Bishop proceeded to Lot 11, where he likewise administered the sacrament of confirmation.

The horse trade between the Upper Provinces and the United States appears to have largely increased during the past few years. According to the United States Consul General the export from Montreal in each fiscal year, ending 30th June, since 1875, was as follows:—

1876, horses 214, value \$23,855; 1877, horses, 2,073, value \$215,321; 1878, horses 5,145, \$295,211; 1875, horses 6,632, value \$491,255. Total, horses, 14,064; value, \$1,180,732.

FRUIT FROM NOVA SCOTIA.—The coasters to and from Nova Scotia have commenced to bring some of this season's apples to the city. Yesterday there was some very fine specimens of this fruit, which were selling at \$2.25 and \$2.50 per barrel, on the schrs. at the Market Slip. The supply of fruit this year is expected to be very small in comparison with that of last year. Plums generally make their appearance during the month of September, but it is said they will yield but a very small crop also.—*St. John Telegraph.*
