The partial Election at St. Eleanor's has gone against Mr. Pope. There appears to have been no confidence placed in the man, otherwise the result of the election would have been very different. The Irish and Scotch Catholics all voted against him. Another time we feel satisfied he will be more successful. In opposition he would have been a stirring man. Had the people of Summerside elected him, they might have been sure that, under his keen and watchful glance, the Government would have been compelled to do what was right. It is a pity that the election came off so soon. Had it been delayed for a few weeks, the *Patriot* would have ensured Mr. Pope's return. The "No Popery howl," which that paper was raising, disgusted right thinking people in all parts of the country, and the electors of Summerside would have voted for Mr. Pope to mark their disapprobation of the course our contemporary was pursuing. It is time that this religious cry was brought to an end. Are the people of this Colony for ever to be set at dagger points whenever an election takes place, by the bigots who control the *Patriot*? We trust that the good sense and intelligence of the people will frown down all such attempts in the future, no matter from what quarter emanating. The following is the result of the election:—

McMillan,	318
Pope,	223

On Dit.—That Elder Laird finding the "No Popery howl" failed, has decided to *make* Mr Kirwin Queen's Printer. Very magnanimous that David! Of course after such a display of generosity, when you have nothing to give, Mr. Kirwin will resign in your favor.

That the *Examiner* is an enigma to David and his friends. In the meantime we recommend David to read the letter of "Reporter," it may be some consolation to him in his difficulty. When he has done so, he can again consult "Planchette." It may have a soothing effect upon his spirits, and reveal to him secrets far in the future. For instance, whether or not he or Kirwin is to be Queen's Printer, or whether they will divide.

We wish to direct the attention of our readers to DAVIES & WEEKS' advertisement in to-days paper. We understand their Importation for Fall and Winter Trade is the Largest and Cheapest they have ever offered. Nearly every class of Goods that the farmer or housekeeper requires may be bought from them, and at lowest prices; in Carpets alone they have a splendid lot, from fifteen pence to ten shillings a yard. Any of our friends who may be contemplating the buying of such will do well to give them a call.

The English Mail arrived here on Thursday evening last at 7 o'clock, p. m. A general summary of news will be found in this day's issue.

On Dit.—That our friend Robert Young is taking the lead in the Hoop Skirt Trade in the city. He sells them from 1s. 9d., and upwards. Now is the time for the ladies to get supplied.—*Pat.*

THE CELEBRATED COMMON SENSE
FAMILY SEWING MACHINE!
Improved and Perfected!
Acknowledged to be the best cheap Family Sewing Machine in the United States.
MANUFACTURED BY A. F. JOHNSTON & Co., BOSTON, MASS.
For Elegance of Finish it has no Rival, high Price or low.

THE Celebrated Common Sense Family Machine is now before the public, with all the improvements that can well be combined in a Sewing Machine. Great labor and pains have been bestowed to bring this machine into the very highest circle in the scale of Sewing Machines. It is acknowledged by the best judges to stand entirely ABOVE AND BEYOND any cheap machine ever produced before. It will sew anything that can be sewed on any high priced Machine in the land, just as nicely and just as rapidly. It will sew from Swiss Muslin up to Beaver Cloth, at the rate of twelve hundred stitches per minute.

Our Machine has a new style of feeding apparatus, which makes the Machine Self-Guiding. The cloth, without the aid of either hand, will run nearly as true as when guided by Barnum's SELF SEWER. This is an advantage not possessed by any other Machine in the world, high price or low. This is one reason why this Machine is so easily managed by children. A girl with one hand can use it more successfully than she could ordinary Machines with two hands.

This Machine will Stitch, Hem, Fell, Tuck, Quilt, Cord, Bind, Braid, and Embroider in a most superior manner.

EVERY MACHINE WARRANTED FOR FOUR YEARS!

You can cut every second stitch of this sewing and then we will give you a Machine if you can pull the cloth apart without tearing it. It is useless to multiply words, our Machine needs only to be seen to be appreciated.

Flattering Testimonial from the New York Tribune:

The Common Sense Sewing Machine. This is the name of a new candidate for public favor. We have had Sewing Machines many. Some costing enormously, and some costing as little as the "Common Sense Machine," but they have most of them passed away because of faulty construction. But few of the higher priced machines retain the confidence of the public. It was the good fortune of the inventor of this machine to combine excellence of construction and excellence of performance with extraordinary cheapness (only twenty dollars), and just the result that might have been expected has been attained. These sewing machines sell rapidly. They give abundant satisfaction. They are acknowledged to stand entirely ahead of any cheap machine ever invented. The thread is laid evenly upon the fabric, and the work holds firmly.—TRIBUNE.

No household complete without our "Great Labor Saving Machine."
