## FOUR NAMED TO ALL-CONFERENCE TEAM '78 PANTHERS LOOK PROMISING

Four members of the 1977 U.P.E.I. football Panthers have been named to the Atlantic Universities football all-conference team. Mike Lyriotokis and Socky MacDonald both make their second straight appearances on the dream squad and are joined this season by Jon Paul McIntyre and Vernon Pahl. Lyriotokis and McIntyre were unanimous choices in the poll of AUFC coaches.

Lyriotokis has just completed his final year in a Panther uniform as he anchored a strong defensive line. His play at defensive tackle often gave opposing quarterbacks fits and he led the team in quarterback sacks. He was an all-conference team member at the same position last season and his departure will leave a gaping hole in that Panther front wall.

McIntyre stepped into the starting running back job after the injury to Brian Thompson in the season's first game and never looked back as he

became the second leading rusher in the conference.

McIntyre, who had a career high 150 yards against Mount Allison last week, will certainly be a key part to the Panther offence next season as he returns for his senior year.

Socky MacDonald is also making his second straight appearance on the team. A two way performer for the last two years, MacDonald was the Panthers' MVP last year and he again led a tough defensive backfield through the 1977 season and was a key performer on all the Panther specialty teams.

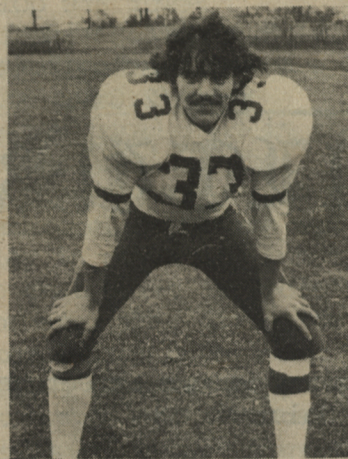

Vernon Pahl, a sophomore from Pierrefonds, Quebec, makes his initial appearance on the all-conference team in his initial season as an offensive lineman.

Pahl was the key to the tremendous improvement the Panther running attack showed this season and league observers had nothing but praise for his work and the work of the entire offensive line during the latter stages of the 77 campaign.

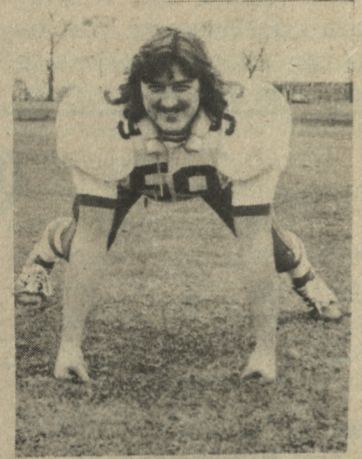

The Panthers finished the season with only one win to show in seven starts but the four players on the all-conference team is the most they have had since

1973. With only four graduating veterans, the

1978 season certainly looks bright for football at UPEI.

## MEINCKE ADDRESSES STUDENTS

Thursday, Nov. 10 Dr. P.M. Meincke, the president-designate of U.P.E.I. will be attending a general meeting for the students in the Duffy Amphitheatre at 3:00 p.m.

Before the general meeting, the Student Union is sponsoring a luncheon for Dr. Meincke at the Rodd Motor Inn. It will be attended by Dr. and Mrs. Meincke; Jim Larkin, president of the Presidential Search Committee; the Student Council executive; Mickey Place, the Student Union business manager; and their guests. A mini-reception for these people will be held in the Barn.

Dr. Meincke, who was picked from 34 other candidates, has been on campus before but this is the first time since his appointment that he has been available to the student body for questioning.

Dr. Meincke has a doctorate in physics from the University of Toronto. He is a professor of

physics at U. of T., as well as being on the staff of Erindale College and of the Centre for Culture and Technology.

## CIMN MANAGER RESIGNS

Maurice Rogerson, manager of University radio station CIMN, resigned earlier this week.

Rogerson stated that "increasing pressures" necessitated his resignation. "I am involved in numerous activities and do not have sufficient time to dedicate to the managerial position," he said.

Mr. Rogerson felt that it was not fair to students involved with the station to be burdened with his responsibilities. Maurice said, "the radio station provid-

es a valuable experience to all who become involved with its operation." There are approximately 40 students working with CIMN this year.

Numerous students have expressed an interest in taking over the position. The final decision will be at the discretion of the Personnel Board.

Maurice, a Political Science student, has worked with CIMN for 4 years and plans to continue in a less demanding capacity.
