Birds as Surgeons.
Some interesting observations made by M. Fatio on the surgical treatment of wounds by birds were recently brought before the Physical Society of Geneva. In these it was established that the snipe had often been observed in repairing damages. With its beak and feathers it makes a very creditable dressing and has even been known to secure a broken limb by means of a stout ligature. On one occasion M. Fatio killed a snipe which had on its chest a large dressing composed of down from other parts of the body and securely fixed to the body by coagulated blood. Twice he had snipe with interwoven feathers strapped on to the site of a fracture of one or other limb. The most interesting example was that of a snipe both of whose legs he had unfortunately broken by a misdirected shot. He only recovered it on the following day, when he found that the wounded bird had contrived to apply dressings and a sort of splint to both limbs. In carrying out this operation some feathers had become entangled round the beak, and not being able to use its claws to get rid of them the poor creature was almost dead from hunger when found. — Public Opinion.

Cigars and Nervousness.
"You're nervous," said the doctor. "Quite right," admitted the patient. "That's why I sent for you." "The only thing for you to do," explained the doctor, "is to give up smoking entirely." "I don't smoke at all," answered the patient. "Ah!" said the doctor. "Then the thing for you to do is to smoke a good cigar or a pipe occasionally. It has a very soothing effect." "It's easy to prescribe when you know how."

If you cannot get beef, mutton will answer. You may choose between milk, water, coffee or tea. But there is no second choice for Scott's Emulsion. It is Scott's Emulsion or nothing.

When you need the best cod-liver oil, the best hypophosphites, and the best glycerine, all combined in the best possible manner, you have only one choice. It brings prompt results in all cases of wasting, or loss in weight.

A BUSINESS FAILURE
Is Frequently Caused By the Worry Attendant on Dyspepsia.

Dodd's Dyspepsia Tablets Step in and Remove the Cause of the Trouble, Thus Bringing Success and Prosperity.

Many a man is ruined by Dyspepsia. Many a business man becomes bankrupt through Dyspepsia. A business man needs all his wits—a clear brain, steady nerves and a strong, resolute will-power to succeed in these days of fierce competition.

Dodd's Dyspepsia Tablets, by giving perfect digestion, give sound sleep—hence steady nerves and a clear head.

If he would have a clear brain and steady nerves, he must give both brain and nerves their proper rest.

To rest his brain and nerves he must sleep. Want of sleep clouds the brain, makes it confused and slow, and makes a man nervous—"shaky."

You can't be awake all night, and keep all your senses awake in your store next day.

Dyspepsia robs a man of his sleep. It causes mental suffering as well as physical agony.

It robs him of his keenness, his clearness of foresight and his power of concentrating his attention.

He leaves his business to the care of employees, who are careless. Or he is gruff and ungracious to customers.

Trade falls off. He worries more and more. He makes mistakes. Matters grow worse and worse, and finally he "breaks."

If he had been free from pain—if he had slept well, he would have prospered.

Dodd's Dyspepsia Tablets give sound and refreshing sleep. They give perfect digestion by digesting the food themselves.

Dodd's Dyspepsia Tablets are sold by all druggists at fifty cents a box, six boxes for \$2.50, or sent, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto

She Will Teach Bonnet Making.
Miss Valentine About, daughter of Edmund About, the author, is going to open a "class in hat and bonnet making." Everybody in Paris is surprised at the necessity for it, as during his lifetime About kept open house in his hotel on the Rue de Donai, and a fete that he gave to the Authors' society in the chateau he had just bought at Pontoise is remembered as almost princely.

By what reverse of fortune About's family were left destitute nobody seems to know. Although he himself began life humbly as the son of a grocer, his daughter was a brilliant young society woman brought up in luxury, and everybody is admiring the courage with which she has undertaken to solve the difficult problem of the "struggle for life."—Boston Woman's Journal.

Her Lucky Day.
A North Carolina paper says: "A negro struck his wife two terrible blows on the head with an ax. The negro escaped to the woods, and his wife soon revived and said: 'I might be glad he done it, kase now he'll stay clear er de neighborhood en I won't have ter suppo't him no mo'. It wuz a lucky day fer me w'en he hit me wid dat ax!'"

Very few of us are as thankful as that for these little blessings in disguise.—Atlanta Constitution.

It is Extreme Folly.

To use medicine to cure effects instead of using Paine's Celery Compound to get rid of the cause. Paine's Celery Compound will make you well and strong. All the while you are using it the nerves gain in power and strength, the digestive organs are fully toned, and lost health is rapidly returning.

It is extreme folly to neglect the insignificant ailments, aches, and tired feelings that some people look upon as merely trifles. You should remember that the hot summer weather aggravates the little ills of life, and these little ills frequently develop serious disturbances and deadly diseases. Paine's Celery Compound should be used at once to brace up the diseased nerves, purify the blood and fortify the system. Weak children, frail and weary women, and tired and broken down men find a new existence in Paine's Celery Compound, nature's true life giver.

Discouraging.

Would Be Suitor—Good morning. Miss Brown. Quite an opportune meeting, indeed. I have been waiting for a chance to ask when it would be agreeable for me to call on you.

Miss Brown—Oh, you are at liberty to make your own selection.

Would Be Suitor—Thanks. By the way, I see that you have been getting a new horse and carriage.

Miss Brown—Yes. Come around soon and you'll take great pleasure in driving you out.

There are about 1,500 American students in Paris, most of them in art, and about 900 in Berlin, most of them in music, philosophy and the sciences. In France the degrees and diplomas are granted by the national government and not by the universities.

SAVE THE MOTHERS
Dodd's Kidney Pills Their Only Safety in Female Diseases.

You have seen a flower nipped by frost, fade and die in the flush of its beauty. That is how women die when attacked by any of the diseases peculiar to their sex.

Woman's burdens are woefully heavy. Her sufferings are agonizing. Her patience is grand. Disease preys upon her. The light dies out of her eyes, her steps become slow and dragging; she loses flesh; grows hollow, listless, droops like a flower. Then she dies. Her family is left to the cold mercy of the world.

"Mother's dead!" What a piteous phrase. What sufferings have been endured before it was used. Why should mothers, wives, sisters suffer so? They need not. Dodd's Kidney Pills will quickly and thoroughly cure all cases of Female Weakness. They never fail. They give health, strength, courage: a new lease of life.
