That reminded Blacky. He had forgotten all about that bait. It had been a little piece of meat. He looked this way and that but it wasn't to be seen. "Billy Mink didn't take it. I'm sure of that. That young Mink didn't take it. He was too badly hurt and frightened to think about anything to eat. You didn't take it, or you wouldn't be looking for it now. I didn't take it, and there wasn't anybody else here. It must be around here somewhere," said Blacky.

But it wasn't around there. Anyway, Blacky's sharp eyes couldn't see it anywhere. And the keen nose of Reddy Fox couldn't smell it anywhere. Someone must have taken that little piece of meat, but who? It couldn't have walked away or flown away by itself.

Bras d'Or is BEST!

BEST because of its high-heating value and low ash content. BEST because it's dry-cleaned to remove all slate and inferior coal. BEST because it's oil-treated to prevent dust filtering through your house.

Better ask for Bras d'Or coal. Your dealer has it or can get it for you.
