LORD DUFFERIN, the British Ambassador at Constantinople, and the American Legation, have sent to the Porte identical notes remonstrating against the outrage recently committed by brigands in attacking an American caravan, and requesting that the offenders be arrested.

TWO young girls made a sensation in the Ottawa police court the other day, on appearing, charged with mental derangement. Their names were Marceline Lacroix and Elizabeth Roy. The evidence went to show that their misfortune arose from disappointed love. They were remanded for medical examination.

BARON DE STREGLITZ is the richest man in Russia. His father was an apostate Jew, who accumulated great wealth by banking in Moscow, and he has multiplied it many fold, in part by the handling of Government loans. He lives about half his time in Paris, and quite frantically, being a man of quiet tastes and mean person.

MESSRS. BLENKHOEN & SONS, Canning, N.S., ship 100 axes a day from their factory an employ fourteen hands. Messrs. G. F. Allen & Co's steam saw mill, Yarmouth, N.S., turns out 1,200,000 staves, 1,000,000 shingles, and 800,000 feet of lumber a season. The hard wood staves are exported to St. Pierre, Miq., and most of the soft wood is used in the firm's large cooorage at home.

MR. MICHAEL McDADE, formerly of the St. John News but now city editor of the Winnipeg Times, is to be married next Monday to Miss McWilliams, of this city, and formerly of St. John, N.B. Michael is to be congratulated and envied. He has secured a young lady for his future life partner who is as sensible as she is charming in manner and appearance. We wish them both unlimited happiness. -Winnipeg Springs, Nov. 10.

DON'T FAIL to attend Prof. Burwash's lecture in the Y. M. C. A. Hall on Thursday evening. The subject, "Water," will be treated in an interesting and instructive way, and several curious scientific demonstrations will be made by Dr. Leeming who assists the lecturer. We notice by the Halifax papers that Prof. Burwash was greeted by a crowded house there, and we trust the people of Charlottetown will avail themselves of the privilege of listening to him.

PUNISHING THE QUACKS.—A Halifax despatch says: In the City Civil Court an action was commenced at the instance of the Provincial Medical Board against a gentleman recently arrived from the States advertising himself as Dr. L. Davison. The charge is that of practicing medicine and as a physician in this city on four days between the 31st of October and 7th November without license, and accordingly contrary to the statute made and provided. For each offence the plaintiffs claim a fee of \$20 or \$30 in all. A continuance was granted till next court day for trial.

THE SUGAR MARKET.—The dullness in the sugar market noted last week has resulted in a decline of one-eighth to one-quarter cents from the prices then given. The indifference of buyers compelled holders to give way to that extent, but at the lower range a better demand has sprung up, and the movement has been more active at 8 1/2 to 9c. for granulated and 7c to 7 1/2c for yellows. In raw sugar there is nothing doing. Syrups are quiet and have an easier tendency, while molasses is dull and weak, with sales of moderate sized lots of Barbadoes at 45c to 46c. -Montreal Herald Nov. 12.

SOME time ago we announced the very sudden death of Mr. Robert Watson, section foreman at Georgetown, leaving a widow and six small children unprovided for. But they were not without friends. Railway men possess good, true hearts, and upon this occasion they recognized their duty. It did not take long to collect the very handsome sum of \$181.85, which upon Thursday evening last was presented to the widow by Station Master Byrne and Conductor Hibbert, on behalf of the employees of the road. Actions speak louder than words, and such deeds have their reward.

A SHOCKING affair happened near Franklyn in Southampton county, Virginia, on the 14th. Mr. Asa Biggs, while retiring to bed carried in his hand a kerosene lamp. The lamp exploded and instantly enveloped him in the burning oil. Mrs. Biggs went to the assistance of her husband; her clothing caught fire and she was soon a mass of flames. At the same moment the burning oil distributed throughout the room and set the house on fire. Mrs. Biggs managed to escape from the building and died of her injuries, while the body of her husband was consumed with the house and its contents, the servants being powerless to render any assistance. Mr. Biggs was a son of Colonel Kader Biggs, and had been married only a year or two.

JOHN IRETSON and his son Robert, of Troy, New York, fell from the roof of a house on which they were working, in East Syracuse, at 1 p. m., on the 14th inst. The distance was 50 feet. Iretson is portly and weighs more than 200 pounds. His son fell on top of him. When Mr. Iretson was taken up he was completely paralyzed. The physicians who were called in found that Mr. Iretson's neck was dislocated in precisely the way which common-felt results in cases of hanging. His arms and legs were powerless, his head immovable and he could feel a pin thrust into him anywhere. He could speak. The doctors decided to repair the dislocation. Two strong men seized his feet, two more took hold of his head, and then they pulled in opposite directions with all their might, while the doctors manipulated the bones of the neck. It was 4.30 p. m. before the man's neck was set. When the pressure caused by the displacement of the bones of the neck was removed from the spinal column, the man raised his arms and said he felt better. Anasthetics were next applied and the patient said that he felt no pain during the operation. To-day he was taken to his home in Troy. The doctors say that he will recover.

PUBLIC BAPTISM.—On a recent week evening Rev. G. Steel publicly baptized two infants and one adult in the Stanhope Church, in the presence of a large audience. Afterwards he preached a sermon on infant baptism and dedication to God.

MISSIONARY MEETING.—The annual missionary meeting was held in the Stanhope Church on Thursday, November 15. There was a large congregation and a good collection and subscription. Mr. George Alexander ably presided. Report was read by Rev. G. Steel. Rev. E. Bell, of Murray Harbor, was the deputation.

SABBATH SCHOOL CLOSING EXERCISES.—On Sabbath afternoon, Nov. 4th, the closing exercises of Little York Sabbath School were conducted, the pastor, Rev. Mr. Steel, presiding. An interesting service, consisting of singing, recitations, and addresses, was held. Mr. George Crockett is the efficient Superintendent. The school has had a successful term.

FOR THE WEST.—Mr. and Mrs. Auld for Colorado Springs, Col.; James Buchanan, do.; J. J. McLeod, San Francisco, Cal.; Mrs. John Fletcher and family, Columbia, Dakota; Jas. M. G. G. G., Omaha, Neb.; James Melanis, Marquette, Mich.; James Anderson, LaCrosse, Wisconsin. They purchased their tickets via Hoosac Tunnel Route via Boston, W. A. Faught, Agent, office Queen Street.

A THICK FOG hung over the harbor and city from eight o'clock, a. m., until two o'clock, p. m., to-day. The ferry boats had much difficulty in making their trips. The "Southport," which left West River at eight o'clock, did not reach the city until one o'clock. She grounded several times; but came off without damage. This forenoon the "Eliza" lost her way in the fog, and grounding three or four times, was obliged to return to the Southport side.

VALUABLE HORSE SOLD.—Mr. C. H. Eaton, of St. Stephen, has sold his dapplegrey, Percheron stallion, Prince Imperial, to Mr. Alex. Smith, of Margate, P. E. I. This animal, it will be remembered, was purchased by Mr. Eaton at the recent Dominion Exhibition. He is a very fine horse and should not have been allowed to leave the Province. A few years hence, and his stock will be sent over to our exhibitions to compete against the Province to which he properly belongs. -St. John News.

INTELLIGENCE reached Chatham on the 14th of the sad fate of the family named Tetrault, who were drowned in attempting to cross Mitchell's Bay during the fearful hurricane of Sunday night last. It appears that Tetrault, his wife, and two children—a boy of ten and a girl, a baby in arms—had been to a bee at Big Point, and started at five o'clock on Sunday afternoon for home. When last seen they had rounded the point and were well out in the lake. Being unassisted, search was made, and all four bodies were found on the beach covered with ice. The boat was also washed ashore high and dry. They leave a family of five who were left at home.

A FISH STORY.—An English Fisherman relates the following story, which doubtless surpasses any yarn ever spun about fishing at Morell or Dank River. He says he went to work by the side of a pond. He fished with a worm, and had not been at work five minutes before he had a bite. He caught an eel, but found some difficulty in hauling it out. When he had succeeded, however, he found another eel was hanging to its tail. The second eel had another attached to it, and the third eel hauled out the fourth and so on. The angler, surprised and disgusted, set out to walk home. At last he found his burthen heavier than he could bear, and he laid down his rod. Walking back, he found no fewer than 150 eels in a line. Curious to see how far the fishes would extend, he walked back and sat down in the grass. Then he began to haul away, and before he had got the last he counted 6,500 eels. Even then they came up in battalions to get hold of the tail of the last fish, but missed it. This is the champion fish story.

Non-commissioned officers of the corps of Royal Marines are to have the first offer of service in the Canadian Northwest Mounted Police, in the coming re-organization of that force. They must be men who have completed their time in the service, or are about to do so. The pay will be 6s per day, including rations—meat, bread, vegetables, sugar, &c., fuel, and quarters. Their duties, owing to the immense extent of the country to be traversed, will be responsible. They will be required to serve for five years and their homes will be in the western prairie, from the borders of Manitoba to the Rocky Mountains. The kit to be supplied is understood to be a very liberal one. It is much desired to introduce the English Royal Marine Corps element into the force, and candidates of the old corps who may wish to join are to apply to Captain Deane, care of Mr. Fortescue, N. W. Mounted Police, Branch of the Interior, Ottawa, Canada.

GAS-HEATING STOVES.

THESE Stoves can be seen in operation every evening at Mr. G. H. Hazzard's Bookstore, South Side of Queen Square, where orders for Stoves can be left, and where an illustrated catalogue can be seen, containing every information. The cost of these Stoves range from \$4.00 upwards.

The cost of gas varies from less than one cent per hour upwards, according to the size of the stove and heat required. The great advantages of these Stoves are that they will heat any six-ft bedroom, nursery or sick room, in a few minutes after lighting the gas, the consumption of which can be instantly stopped by turning off the tap, thus preventing the waste of fuel, either before or after the necessary heat is required. No coal to be taken up stairs. No ashes to be brought down. No dust, dirt or smoke about the room, which is most important in case of sickness. At a cost of about one-half to three-fourths of a cent boiling water, warm food or hot drinks can be had at any time during the night, in from two to four minutes after lighting the gas, thus making the stove useful in the nursery and sick room, both summer and winter. The Stove also lights the room with the same gas that warms it.

MRS. SOPHIA POTTER'S Bone Rheumatic Liniment

IT is a fact worth knowing that Mrs. Sophia Potter's Bone Rheumatic Liniment cannot be excelled for removing pain and soreness. It is no worthless trash, as some may suppose, simply because they have been imposed upon by others, but is positively the "King of Pain." Sore throat cannot stand before its power.

All we ask is a trial that you may be convinced of the truth of our statement. Our experience is that one bottle tried also sells many more.

See circular for particulars and testimonials, and try a bottle—it will not fail to do all that is promised.
