

REV. AND DR. FOSTER

New North River Residents Have Unique Background

A young couple from Wales with a unique history and a lofty assignment have chosen Prince Edward Island as their place of residence and will make North River their home for the next few years.

They are Rev. and Mrs. Ronald J. Foster. Mr. Foster will be the minister of the North River Baptist charge, including Clyde River, Long Creek, Kingston and Fairview. His wife Wenonah is a medical doctor and will do part time practice on the island.

The couple met on the campus of the University of Wales where Mr. Foster was studying for his arts degree. He later took the

ology at the South Wales Baptist College.

Mrs. Foster after completing her course at the University of Wales, studied at the National School of Medicine in Cardiff and received her M. B., B. Ch. Coming to Canada two years ago, Mr. Foster ministered on a charge outside of Fredericton, N. B., while his wife became attached to the Victoria Public Hospital in that city to qualify under the standards of the Canadian Medical Council.

Mr. Foster, 27, and Dr. Foster, 26, are enthusiastically impressed with Prince Edward Island during their first two weeks

here. Dr. Foster says her first duty will be that of the parson's wife but she will do part time medical work as well.

In coming to North River, the new minister and his wife will be working in one of the oldest United Baptist congregations on Prince Edward Island.

It was established in 1881. The first minister was Rev. John Scott, great grandfather of Mr. Harry Scott, North River. The present church was erected in 1868.

Trade Board Urges Better Ferry Service

TIGNISH—A resolution urging immediate improvement to ferry transportation facilities between Prince Edward Island and the mainland was given unanimous approval at the regular meeting of the Alberton and West Prince board of trade in Tignish last night.

For presentation to the Maritime Provinces board of trade the resolution will be dealt with at their regular meeting later this month.

Several locations in West Prince for a public park, trailer grounds and camping area were given considerable discussion and members were requested to forward their suggestions to the secretary of committee chairman Dr. L. G. Dewar.

On motion it was decided that the liquor question was not a proper matter for consideration or recommendation.

The annual aquatic sports will be held at Kildare River bridge on the last Wednesday in July and Roy Leard was re-elected chairman for the second consecutive year.

Joseph MacDonald, Tignish, J. W. Coughlan, O'Leary and Reg Travers of Alberton were appointed to make arrangements for prizes.

The provision of special attractions was left for the executive. Committees were appointed from Alberton, O'Leary and Tignish to draw up lists of tourist attractions for a promotion program presently in the planning stages.
