Pellet Powers Hearing Aid

NEW YORK (Special) Transistors, the tiny wonder crystals that will revolutionize every electronic appliance, are now being used to make the Sonotone "Ten-Ten" hearing aid one of the most efficient and economical ever offered. To date, 80% reduction has been reported in battery costs. Readers desiring a free informative booklet should write Sonotone Company, 229 Yonge Street, Toronto.

IN MEMORIAM

In loving memory of

DANIEL C. MacEACHERN

who passed away

October 15th, 1951.

At night when all is silent,
And sleep forsakes our eyes,
Our thoughts are in a lonely grave,
Where our dear Daddy lies.

How dear, how real his memory,
How close, how sweet it stays,
To watch above his loved ones,
And guide them through the days.

The months may change from year to year,
And friends from day to day,
But the memory of our loved one,
Will never fade away.

Sadly Missed and Lovingly Remembered by His Wife Sandra, Children Katherine and Bobby.

SHUR-GAIN AMATEUR CAVALCADE CONTESTANTS

St. Columba and Vicinity

Mr. Joseph McEachern has joined the ranks and is now employed in Hamilton, Ont.

The farmers are now completing their digging operations despite the inclement weather of last week.

Mr. Ernest Avery of the Almira Co-op., was a business visitor in East Baltic on Thanksgiving.

Plenty wild geese on the wing these days, but as a rule they hang close to their sanctuary at Black Pond.

Mrs. Katherine Leonard, accompanied by her daughter Shirley Dorchester, Mass., spent some time at her former home at Bayfield.

Mrs. Nellie Campbell had as her guests her sister, Mrs. J. Rose of Dorchester, Mass., accompanied by her son, Master Rose.

Mrs. Alfred McEachern, who suffered a heart-attack some weeks ago, is steadily making improvement, and all hope to see her out and around in the near future.

The many friends of Mr. William Brown are pleased to know that he has returned from the P. E. I. Hospital and is able to be about his usual farm duties.

It is pleasing to note that Mrs. Emily MacPhee, although in her 90th year is enjoying good health, and is able to read without glasses.

Mr. Wilfred MacDonald, Mass., spent some time visiting his brother-in-law and sister, Mr. and Mrs. Charles McMahon, Fairfield. Mr. MacDonald travels extensively in the United States

The farmers are busily engaged in digging and storing their potato crops, some having large acreages and wonderful yields. Everything is encouraging except prices!

..*The annual Shur-gain concert was held on Thursday, Oct. 8, at Kingsboro hall. Many of the pupils of that and surrounding districts took part and displayed their different musical talents.

Mr. and Mrs. Upton Seaman and family were week-end visitors at Priest Pond where Mrs. Seaman visited her former home. On their return they were accompanied by Mrs. D. F. Keays' who spends the winters with the Seaman family at O'Leary.

..*The Misses Alice and Sophie McPhee of Massachusetts, spent a short vacation on P. E. I. in the hopes that they would come in contact with some of their relatives on their paternal side. While here they were guests at the Charlottetown. They visited friends at East Baltic and Priest Pond, and were delighted with the scenery they had occasion to see on their first visit to P.E.I.

Miss Barbara Strahan from Concord, Mass., is now visiting her home in East Baltic. Miss Strahan has had considerable work done to improve her home this past summer and expects to have much more done before winter sets in.

Man "Old after 40"

NOW FEELS YEARS YOUNGER

"I'm 74. Had no pep. But Ostrex made me feel 20 years younger than I did. I have plenty of pep now."—R. H. Brantley, Oklahoma City. Start new pep AT ONCE. Try Ostrex to get new pep, vigor and feel years younger this very day. Introductory or "get-acquainted" size only 60¢. At all druggists.

Savage Harbour and Vicinity

Mr. James Morrison of Savage Harbour, was a visitor to Morell during the week.

Mr. John MacDonald of St. Andrews, was a business visitor to Charlottetown on Thursday.

Mr. Sterling Pigot of Savage Harboor, was a business visitor to Charlottetown on Thursday.

Mr. J A. B. MacConnell, teacher at Savage Harbour, spent the week-end at his home in Georgetown.

..*Mr. and Mrs. Cyrene Morrison of Savage Harbour were motor visitors to Charlottetown on Thursday.

Miss Marion Rogerson of Peake's Station, was a visitor to Savage Harbour on Thursday where she was guest of friends

Joseph MacIntyre, son of Mr. and Mrs. Valentine MacIntyre has been sick at his home for the past several days. Joe's friends at school are counting the days until his return for they miss this lively little chap a great deal.

The many young friends of Beverly Murphy, daughter of Mr. and Mrs. Clarence Murphy, Savage Harbour, are sorry to learn that she is sick at home. They join in the hope however that Beverly will very soon be back to her usual good health.

Lillian Mosher, daughter of Mr. and Mrs. Fred Mosher, Savage Harbour, fell on a piece of glass severely cutting her knee. Lillian who is a popular little girl has the comfort of knowing that all her school chums are pulling for her speedy recovery so that she can return to school once again.

The trustees of Savage Harbour School ever alive to their duties and always giving thoughtful consideration to the comfort and welfare of the pupils have had a new heating unit installed in the school. This unit was installed by Mr. Oliver Douglas, Head of Hillsborough. The members of the Trustee Board who serve this community so faithfully and well are Messrs Ralph Pigot, John Morrison, Fred Mosher.

Last week in this column it was stated that the blue-berry season was over. But that remark was a bit premature for on Tuesday October 6, Mr. and Mrs. Charles Campbell of Savage Harbour picked some 50 pounds of the choice blue delicacies. The Campbells it would appear are worthy to be classed as professionals in the berrying picking game for they have realized, from their picking efforts more than $80 in a single week. Folk who have ambition and the desire to succeed can truly work wonders.

Mr. and Mrs. Charles MacLellan and daughter Leah who have resided in Savage Harbour for many years have moved out of the District and have taken up residence in the nearby District of St. Andrews in the property owned by the late William Griffin. The MacLellan family were well liked in this area where they were known as kind and friendly neighbors. It is pleasing to note that they have not moved very far are still within visiting distance.

Farmers in this area started the potato digging with a bang on Friday. It would seem every grower in the District had decided to start this last big chore of harvesting at the first sign of a fine day. Those with whom this correspondent has talked, report a great yield with very little rot in evidence. Most of the growers at Savage Harbour are share holders in the Douglas Co-operative Warehouse at Douglas and have space reserved in this large frostproof building. They haul their potatoes direct from the field to the warehouse and all grading is done there. Mr. Cyrene MacDonald, well known truckman of Mount Stewart, transports most of the potatoes from the fields to the warehouse.

DR. J. D. REDDIN

WILL BE ABSENT FROM HIS OFFICE at MT. STEWART TILL OCTOBER 24th.

They both belong in today's home!

You'll enjoy "better living" with both of these outstanding International Harvester products in your home

Home economists agree that there are *two* basic refrigeration jobs to be done if you are to make the most of food, time and money.

First of all, there is the *refrigerator's* vital job of keeping perishable table foods from day to day — from meal to meal. Then there is the *home freezer's* important role in keeping larger quantities of perishable foods for longer periods, so that you can enjoy year-round variety and tastier, more nourishing foods . . . as well as make big savings in time, work and money by quantity buying when prices are lowest. *Both* the refrigerator and home freezer belong in *your* home.

It's Canada's Finest Refrigeration Line!

6 GREAT HOME FREEZERS

Chest-type Home Freezers are available in 7, 11.1, 16, and 20 cu. ft. sizes. Outstanding vertical models in 8.7 and 14.1 cu. ft. sizes will shortly be introduced.

10 OUTSTANDING REFRIGERATORS

IH refrigerators have distinctive new styling, Spring-Fresh Green interiors, push-button automatic defrosting, shelves in the doors, full width freezer chests and "seven climate" refrigeration. Two models offer the sensational "Decorator" feature.
