FIREMEN'S TOURNAMENT.—The St. John Sun says: A meeting of the firemen who last night taking part in the Charlottetown celebration was held at No. 2 engine house last night. Matters connected with the funds, etc., were discussed, but nothing was done of any importance.

FIRE.—The general fire alarm sounded shortly after twelve o'clock last night for a fire in a warehouse on Richmond St., near Prince, owned by J. H. Gates, and used for storing groceries, etc., by C. L. Smallwood. The building was completely gutted and the articles inside badly damaged. There was some insurance on the groceries but none on the building. The fire which started near one of the doors of the warehouse is thought to be the work of an incendiary.

LAWN TENNIS.—The annual interprovincial lawn tennis tournament will be held on the Wanderers grounds, Halifax, August 9th, 10th and 11th. The events will be gentlemen and ladies' singles, gentlemen and ladies' doubles and mixed doubles. Four grass courts will be in use. The clubs represented will probably be Fredericton, St. John, Charlottetown, Amherst, New Glasgow, Truro, Pictou, Garrison, South End and Wanderers. Each will likely have three or four representatives, ladies and gentlemen. A committee will arrange entertainments for visitors.

TO BE RE-STOCKED.—The St. John Sun says: Shediac harbor is to be re-stocked with oysters, and two English experts, Messrs. Kemp, are at Shediac looking about the place with a view of planting oysters there. These gentlemen, who have much experience in this business, seemed perfectly satisfied with the place and the chances of success. The oysters will be got at Beothuk and Bedeque. P. E. I. They will be planted under the supervision of Inspector Chipman and work will be begun at once.

DISASTROUS.—A disastrous fire is reported from Northport, near Amherst. The large warehouse and shop of H. Chapman, situated near Northport bridge, were in flames destroyed by fire on Thursday evening. Sparks from the steam mill near by. The fire extended to the bridge, the draw part of which was also completely burned, rendering passenger traffic impossible. Mr. Chapman, who was at the time of the fire loading lumber for P. E. Island, endeavored to take his schooner out of the flames, but owing to the heavy gale blowing at the time the schooner was driven ashore. It is, however, thought she can be floated again.

A VALUABLE WORK.—The St. John Sun has just issued a sixteen page illustrated supplement dealing with Fredericton and Marysville, N. B. There are over one hundred engravings, including views of the two towns and glimpses of adjacent scenery, views of the public and private buildings and numerous portraits, the latter including those of the Lieutenant Governor and Lady Tilley, His Lordship the Metropolitan of Canada, all the members of the Provincial Government and nearly all the members of the whole Legislature, and all the judges of the N. B. Supreme Court, each portrait accompanied by a brief biographical sketch. A quaint feature among the portraits is the picture of Sechem Gabe, the Millicote Indian guide who has piloted the Prince of Wales and many other nobles by stream and forest in New Brunswick. Who ever sees and reads this number will desire to add these interesting towns and the other delightful places along the beautiful river St. John to the list of places to be visited. The Sun's supplement is historical and descriptive. It is well written and the illustrations are of high class photographic work, artistic and faithful, both in general execution and in detail. All who desire to learn something concerning these towns should secure a copy of this valuable publication.

SOME CATTLE.—On Saturday last the steamer M. A. Starr brought some very fine cattle to the city from Cape Traversa and Tryon. Messrs. Saunders & Campbell had an extra fine lot of nineteen, all in the best condition, which they will keep for the retail trade. These cattle were fed by Messrs. F. Holland, W. B. Howatt, A. Collett and F. Ferguson. Another lot came at the same time from Mr. Sellers, who will ship them to foreign markets. This lot is of extra good quality, and was fed by Messrs. Bell, Mutart and Leard.

Few people have any idea of the care with which tobacco has to be attended after it is grown. It will imbibe odors of almost any kind if placed near the source of them. A pig sty, for instance, near the place where the planter stores his crops will impart a disagreeable flavor, which no care afterwards will divest it of. Among the many precautions taken to obtain a faultless leaf for the "Myrtle Navy" brand is to ascertain carefully the methods which every farmer adopts with his crops in the sections of Virginia where the "Myrtle Navy" leaf is grown.

ACCIDENT.—Dr. McLeod, while on his way on Saturday night last to attend a patient in New Glasgow, and when near his destination was thrown from his wagon by the horse shying at something on the side of the road. The wheels of the wagon passed over the Doctor's face which with the fall stunned him. He was found unconscious some time later by a messenger sent to meet him and was taken to a nearby house. Dr. Honeywell was sent for and dressed the wound. We are pleased to know that except for a slight feeling of soreness and the wound on his face the Doctor is all right again.

CATHOLIC FORESTERS.—At the recent meeting of the High Courts of Catholic Foresters in Montreal last week, High Chief Ranger Cahill, of Chicago, declared in his annual address that the order had had a remarkable development both in the United States and in Canada. The order now comprises 293 courts, with a membership of 22,662. Of these courts 152 are in Illinois, 27 in Wisconsin, 93 in the Dominion of Canada, 8 in Indiana, 6 in Minnesota, 2 in Iowa, 5 in Michigan, 4 in Ohio, 1 in North Dakota and 1 in Vermont.

THE MAY QUEEN LAUNCHED.—Captain Paoli's new steam tug, the May Queen, was successfully launched at eleven o'clock this forenoon, in the presence of a large number of people. This very handsome little vessel was modelled by Capt. Wm. Borts, on American lines, and was built by Messrs. Angus and Ronald McDonald, of Pisiquid, first class builders. She is 61 feet over all, 15 feet beam, 5 1/2 feet depth of hold. The frame is of juniper, planked with birch and ceiled with 2-inch spruce, and fitted with bilge stringers and water keelsons, all fastened with white iron. She is pronounced by all judges to be an "A 1" job. She has been built under Government inspection and reflects great credit on the builders. Her engines were built by W. & A. Moir, of Halifax, and placed in position by Mr. John D. McLellan, machinist, of this city. We wish Captain Paoli and the May Queen every success.

THE GENERAL REMARKS:

"We see, sure enough, you do better for us when we call to see you than you advertise to do. Your assortment is the largest we have ever seen and your prices the lowest. How are you going to pay your bill when you sell so cheap?"

WE SAY TO OUR CUSTOMERS:

We can afford to sell at those prices because we buy in large quantities for Spot Cash, and we sell so much that we can live on a very small profit; so we thank our customers for being able to sell at the prices we do.

We are boys from the country, and fully understand how hard it is to make a dollar when prices for produce are so low. In asking you to trade with us, we do so because we are sure we can do better for you in CLOTHING and HATS than any Firm in Town.

A Trial will Convince You that we are indeed THE WONDERFUL CHEAP MEN.

No Game of Bluff THE CARPET BUSINESS!

— CAN KEEP US FROM DOING —

SINCE WE HAVE OPENED OUR CARPET DEPARTMENT our trade has far exceeded our expectations. Our object in going into the Carpet business was to give people FAIR, SQUARE TREATMENT, and goods at the right prices. Now we claim, as our right, your patronage. You may ask WHY.

READ BELOW.

While our competitors for years were asking and getting \$1.55 and \$1.65 for 5-frame Brussels Carpet, and 36 cents for cheap Tapestry, we have sold our best Brussels for \$1.15, and cheap Tapestry for 25 cents per yard—never asking more—which goes to show that our competitors have been making an enormous profit out of the people. This cannot be denied. We don't believe in monopolies, and have been the means of breaking the Carpet business in two, and taking the largest half ourselves. Competitors may feel sore, but we can assure the public it is not from overwork. We wish our competitors well, but we think this explanation necessary. WE CUT YOUR CARPET FOR NOTHING, don't charge for waste, and do all work in connection with HOUSE FURNISHING.
