

News Notes.

In some Scott Act trials at Moncton recently it was stated that the liquor dealers had approached two of the Aldermen, offering to pay \$3,000 if they were not prosecuted during the year.

A despatch reports that Mr. Mercier never put his foot into it so badly as produced an alleged letter of exculpation from A. H. Verret, provincial auditor, in reply to a letter from him asking Mr. Verret, in his official capacity, whether he (Mercier) had ever taken any cheques without returning them with the endorsement and receipt of the party interested, and whether there was any official record to show that he had diverted public funds to his own use.

Naturally these are the very cheques which do inculpate Mercier in the bo-ding.

A Pleasing Sence

Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when constive or bilious. For sale in 25c bottles by all leading druggists.

NEW HAVEN, Conn., Feb. 5. The postal and customs authorities here believe that R. A. Warner, a carpenter employed in West Haven, systematically smuggled durable articles through the mails. Warner received packages of newspapers from his wife, who lives in Nova Scotia, regularly. For a long time the postal authorities noticed the papers were unusually heavy. On opening one they found it contained five pocket knives. Subsequent packages were opened with similar results. To-day one was found which contained two knives and an unstamped letter. It has been ascertained that Warner disposed of a number of knives to persons in West Haven. Warner's arrest is not im-probable.

WHAT A cleaner that Lessive Phenix is Try it upon anything. It is the ideal clothes washer, for it takes the place of the old harsh chemical washing powders, and makes every article sweet and clean, being efficacious with cottons and flannels alike. Then after using it in the wash, just try what it will do with silver, brass, and copper, removing stains from wood, or in cleaning glass. You really can't believe it until you try it.

NEW YORK, Feb. 5.—Indictments charging nine newspaper publishers of this city with violating the law by publishing accounts of elections at King Sing, were to-day dismissed by Judge Martineau, owing to the statute on which they were founded having been repealed.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, there is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker, and contains all the constituents for nourishment found in wheat, in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c, and \$1 at Charlotte town drug stores.

PEDMONT, W. Va., Feb. 5.—Last night a freight train on the 17 mile grade got loose and ran down the mountains. At the foot of the bridge 18 cars left the track and plunged into the Potomac River, 50 feet below. Three trainmen went down with the wreck. Freeman McDonald was killed.

KINGSTON, Feb. 5.—A geyser is playing high in the inner camp, in the district north of Belleville. Some of the camps have been closed in consequence of the prevalence of the disease. In one shanty there were four deaths.

EVERY housewife has an interest in keeping her hands soft and white, women who did their domestic washing found this im-possible with the old wretched chemicals which burned and puckered the hands, and worked havoc with the clothes. That was until they heard of Lessive Phenix. And then a new era dawned of comfort and happiness. Lessive Phenix is a name to conjure with. Use it for washing anything. It is a chemical wonder, it makes white clothes whiter, and colored clothes brighter; and it will cleanse and polish and brighten everything in parlor or kitchen.—Ask your grocer.

SAVED! The testimonial below refers to a patient who was pronounced incurable by leading physicians in England: From Rev. Dr. Hill, M. F. Enger, Esq., Halifax, N. S. Dear Sir,—I feel that it is due to you that I should say publicly what I have said privately very many times, namely, that I firmly believe your PHOSPHOLEINE was the means of restoring a near relative of mine to ordinary health. The patient was apparently in the last stages of Consumption, but with the concurrence of skilled physicians your PHOSPHOLEINE was tried, and I am happy to say, with results that I certainly did not anticipate. My friend is to-day in the enjoyment of excellent health. Believe me, yours very truly, GEORGE W. HILL, D. C. L., Rector St. Paul's.
