In February next year there will be five Sundays. This fact occurs but three times in a century. Thus, after 1880, we will have to wait till 1920 before the shortest month of the year can again boast of five Sundays.

A farm laborer at Areleigh, England, went to the help of a man who was being overpowered by a lunatic in his charge, and in danger of being killed. He was absent from work an hour and a half, and was prosecuted by his employer for 5s. damages on account of loss of services, and the court decided against him for not getting permission from his employer before going to the rescue of a man who was liable to be killed at any moment.

Police officers traced a party of horse thieves, led by one Jenkins, to a camp-meeting at Coreville City, Texas, recently, and determined to arrest them during the service. The attacking party closed around Jenkins and his friends, when revolvers were drawn on both sides and shooting began. The firing lasted three minutes. The congregation and preacher fled into the bushes amid the shrieks and screams of women and crying of children. Jenkins was shot in the arm, another man through the ankle, and a third in the hip. Several horses were shot and one killed. The officers gained the victory and carried off Jenkins.

The Kalloch shot in San Francisco is the same, it appears, who gained so much notoriety in Boston several years ago. An exchange says:—He started out as a Baptist minister and soon made a more than doubtful reputation for himself in Boston, having been once tried for adultery and escaping conviction through disagreement of the jury, and then becoming lawyer, school-teacher, horse-jockey, itinerant preacher, hotel-keeper, and finally turning up in San Francisco as Baptist minister again and politician combined. Mr. De Young, as editor of the San Francisco Daily Chronicle, published these facts with disgusting personal details. Rev. I. S. Kalloch retorted in like style calling De Young in public speech the vilest names, indulging in damaging insinuations against his mother, and reading filthy charges against her, reproduced from a newspaper articles that had been suppressed some years previous. Kalloch had been warned by De Young that if he alluded to his mother, he would shoot him on sight.

Boschees German Syrup

can now be purchased right at home, it is the most successful preparation ever introduced to our people. It works like a charm in all cases of Consumption, Pneumonia, Hemorrhages, Asthma, severe Coughs, Croup and all other Throat and Lung Diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die, it is your own fault, as you can go to your druggist and get a sample bottle and try it; three doses will relieve any case. Regular size only 75 cts.

REGULATIONS Respecting the Disposal of Certain Dominion Lands for the Purposes of the Canadian Pacific Railway.

DEPARTMENT OF THE INTERIOR, Ottawa, July 9th, 1879.

Public notice is hereby given that the following regulations are promulgated as governing the mode of disposing of the Dominion Lands situate within 110 (one hundred and ten) miles on each side of the line of the Canadian Pacific Railway:

1. "Until further and final survey of the said railway has been made west of the Red River, and for the purposes of these regulations, the line of the said railway shall be assumed to be on the fourth base westerly to the intersection of the said base by the line between ranges 21 and 22 west of the first principal meridian, and thence in a direct line to the confluence of the Shell River with the River Assiniboine.

2. "The country lying on each side of the line of railway shall be respectively divided into belts, as follows:

"(1) A belt of five miles on either side of the railway, and immediately adjoining the same, to be called belt A;

"(2) A belt of fifteen miles on either side of the railway adjoining belt A, to be called belt B;

"(3) A belt of twenty miles on either side of the railway adjoining belt B, to be called belt C;

"(4) A belt of twenty miles on either side of the railway adjoining belt C, to be called belt D; and

"(5) A belt of fifty miles on either side of the railway adjoining belt D, to be called belt E.

3. "The Dominion lands in belt A shall be absolutely withdrawn from homestead entry, also from pre-emption, and shall be held exclusively for sale at six dollars per acre.

4. "The lands in belt B shall be disposed of as follows: The even numbered sections within the belt shall be set apart for homesteads and pre-emptions, and the odd-numbered sections shall be regarded as railway lands proper. The homesteads on the even-numbered sections to the extent of eighty acres each, shall consist of the easterly halves of the easterly halves, also of the westerly halves of the westerly halves of such sections; and the pre-emptions on such even-numbered sections, also to the extent of eighty acres each, adjoining such eighty-acre homesteads, shall consist of the westerly halves of the easterly halves, also of the easterly halves of the westerly halves of such sections, and shall be sold at the rate of \$2.50 (two dollars and fifty cents) per acre. Railway lands proper, being the odd-numbered sections within the belt will be held for sale at five dollars per acre.

5. "The even-numbered sections in belt C will be set apart for homesteads and pre-emptions of eighty acres each, in manner as above described; the price of pre-emptions similarly to be \$2.50 (two dollars and fifty cents) per acre; the railway lands to consist of the odd-numbered sections, and to be dealt with in the same manner as above provided in respect of lands in belt B except that the price shall be \$3.50 (three dollars and fifty cents) per acre.

6. "The even numbered sections in belt D shall also be set apart for homesteads and pre-emptions of eighty acres each, as provided for in respect of belts B and C, but the price of pre-emptions shall be at the rate of \$2 (two dollars) per acre; Railway lands to consist, as in belts B and C of the odd numbered sections and the price thereof to be at the uniform rate of \$2 (two dollars) per acre.

7. "In the belt E the description and area of homesteads and pre-emptions, and railway lands respectively, to be as above and the prices of both pre-emption and railway lands to be at the uniform rate of \$1 (one dollar) per acre.

8. "The terms of sale of pre-emptions throughout the several belts, B, C, D and E shall be as follows, viz: Four tenths of the purchase money, together with interest on the latter at the rate of 6 per cent. per annum, to be paid at the end of three years from the date of entry; the remainder to be paid in six equal annual instalments from and after the said date, with interest at the rate above mentioned, on such balance of the purchase money as may from time to time remain unpaid, to be paid with each instalment.

9. "The terms of sale of railway lands to be uniformly as follows, viz: One-tenth in cash at the time of purchase; the balance in nine equal annual instalments, with interest at the rate of six per cent. per annum on the balance of purchase money from time to time remaining unpaid, to be paid with each instalment. All payments, either for pre-emptions or for railway lands proper, shall be in cash, and not in script or bounty warrants.

10. "All entries of lands shall be subject to the following provisions respecting the right of way of the Canadian Pacific Railway or of any Government colonization railway connected therewith, viz:

a. In the case of the railway crossing land entered as a homestead, the right of way thereon shall be free to the Government.

b. Where the railway crosses pre-emptions of railway lands proper, the owner shall only be entitled to claim payment for the land required for right of way at the same rate per acre as he may have paid the Government for the same.

11. "The above regulations shall come into force on and after the first day of August next, up to which time the provisions of the Dominion Lands Acts, shall continue to operate over the lands included in the several belts A and B, in both of which, up to the said date, homesteads of 160 acres each, but no other entries will, as at present, be permitted.

12. "Claims to Dominion lands arising from settlement, after the date thereof, in territory unsurveyed at the time of such settlement, and which may be embraced within the limits affected by the above policy, or by the extension thereof in the future over additional territory, will be ultimately dealt with in accordance with the terms prescribed above for the lands in the particular belt in which such settlement may be found to be situated.

13. "All entries after the date hereof of unoccupied lands in the Saskatchewan Agency, will be considered as provisional until the railway line through that part of the territories has been located, after which the same will be finally disposed of in accordance with the above regulations, as the same may apply to the particular belt in which such lands may be found to be situated.

14. "The above regulations, it will, of

course be understood will not affect sections 11 and 29, which are public school lands, or section 8 and 26, Hudson's Bay Company lands.

"Any further information necessary may be obtained on application at the Dominion Land's Office, Ottawa, or from the agent of Dominion Land's Office, Winnipeg, or from any of the local agents in Manitoba or the territories, who are in possession of maps showing the limits of the several belts above referred to, a supply of which maps will, as soon as possible, be placed in the hands of said agents for general distribution."

By order of the Minister of the Interior, J. S. DENNIS,

Deputy of the Minister of the Interior.

CATARRH.

Constitutional Catarrh Remedy CURES CATARRH.

Hear what a Reverend Gentleman says of the Constitutional Remedy.

T. J. B. HARDING, Esq., Brockville, Ont.—

"DEAR SIR—It is now two years since your 'Constitutional Catarrh Remedy' was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be 'too good to be true.'"

I was afflicted in my head for years before I suspected it to be Catarrh. In reading in your Circular I saw my case described in many particulars. The inward 'drop' from the head had become very disagreeable, and a choking sensation often preventing me from lying long. I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite cured of that ailment, and have not used any since until of late I have taken some for a cold in my head.

A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this Certificate, unsolicited, with leave to make what use of it you may see proper. Yours truly,

W. TINDALL, Methodist Minister.
