What is Dr. Chase's Nerve Food?

In appearance Dr. Chase's Nerve Food is an oval, chocolate coated pill. In the condensed form it contains all of nature's most strengthening and invigorating tonic and restoratives and for this reason it is unapproached as a blood builder and nerve restorative. It cures all diseases caused by thin blood and exhausted nerves and makes pale, weak nervous men, women and children strong and healthy. 50 cents a box.

True charity never waits until it is asked.

Minard's Liniment cures Garget in Cows.

As the twig is bent so is the small boy inclined to shoot—out the back way.

DR. A. W. CHASE'S CATARRH CURE... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

Every bar-room patron who gets a head helps the proprietor to get ahead.

Minard's Liniment cures Distemper.

The smaller the fish the more it strains the veracity of the fisherman.

A Good Stomach.

Is essential to health and happiness, but don't blame the stomach for biliousness. It is deranged, and causes poisonous bile to remain in the blood causing indigestion, headache and irregular action of the bowels. Dr. Chase's Kidney-Liver Pills regulate the liver, kidneys and bowels and by their direct action on these organs effect prompt and lasting cures of biliousness, dyspepsia, headache and all kidney ailments. One pill a dose, 25 cents a box, at all dealers.

In all well-regulated families the hired girl has to get up and dust.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if fails to cure. Dr. E. W. Grove's signature is on each box.

It is usually the dimpled and rosy cheek that wins in this world.

Minard's Liniment cures Colds, etc.

The man who always speaks the truth is sure to have other virtues.

Minard's Liniment cures Diphtheria.

Don't Neglect

Your Watch

If you allow your watch to run too long without cleaning, or with damaged parts it may be worn so badly as to destroy its usefulness as a timepiece; better have it examined by your Watch Doctor and if in need of repairs he will advise you accordingly and perhaps save your watch.

WE BOAST on our repair department turning out first-class work only.

WE GUARANTEE ALL OUR WORK; if you have not given us a trial it will pay you to do so and we will be pleased to see you at GREAT GEORGE STREET.

THE "COLLAR-ROT" OF APPLE TREES.

For a number of years past orchardists of the province have noticed apple trees dying from what, for want of a better name, has been called "collar-rot." In most cases but a single tree was effected or at most half a dozen, but occasionally growers have lost more largely, in one case as high as fifty large bearing trees having become affected in a single season. The trouble usually begins near the surface of the ground, on one side of the tree and enlarges year by year until finally the tree dies; although there are instances on record in which trees have continued to live for years after they were first attacked. Cases of this kind were the spread of the disorder is gradual are most likely to occur in older trees and the King and Fallwater varieties seen especially liable to attack. In distinction to this very gradual attack we find other instances in which trees are killed outright in a single season or at most in two or three. In cases of this kind the trouble is usually discovered in the spring and is likely to be confined to young trees. They may begin to leaf out in the spring but the growth is sickly and yellow and the bark on the trees is found to be brown and dead in patches and separate readily from the wood. In many cases the bark is thus dead for the entire distance around the tree and often from the surface of the ground to the branches. So far as the writer has observed these cases are most likely to occur in young and thrifty orchards and the Gravenstein is the variety which suffers most. These are the facts as observed by the writer, and while it is not thought for a moment that this difficulty is going to destroy or even to seriously check the business of orcharding in our province, yet it certainly has caused serious loss in many cases and if a remedy can be found it will be most cordially welcomed by those who suffered from the attacks of the disease.

In order to arrive at any definite conclusion in regard to the cause of this disorder it is almost imperative that data be secured from as many orchardists as possible and the principal object in writing this letter is to request all those who may read it and whose trees have suffered from a disorder similar to that described, to send their names to the writer who will send them a list of questions to answer. It is hoped that by comparing the answers received we may be able to at least suggest some line of treatment.

But pending further light in the matter the writer would like to make one suggestion which is that those growers who have suffered from this difficulty and who have been in the habit of cultivating their orchards, should this year stop cultivating by the middle or last of July and seed the orchard with buckwheat or some similar cover-crop. This may not affect the disease one way or the other but there are reasons to believe that in some cases at least it will help to check it.

STRAYED.—7 young cattle, 5 yearlings, two 2 year-olds. Any one giving information will be suitably rewarded. Robert Waes, W. Healey Riv.

U. S. Army in the East.

WASHINGTON, July 17.—General Miles had a long conference yesterday afternoon concerning the despatch of reinforcements to China. It is understood that General Miles very strongly urged that the troops be immediately withdrawn from the Philippines so that a large army could be thrown into China within a comparatively few days. The troops in the Philippines could make the trip across to China in about a week, while the despatch of troops from this country will take considerably more than a month and the men can hardly be on the field until September. Notwithstanding General Miles' recommendation the apparent policy is to forward the troops to China from this country and Cuba as fast as they can be assembled. General Miles has recommended that Major General Bates, who commanded a brigade with credit in Cuba, be placed in command. He is now in the Philippines. The disposition is toward sending an officer from this country. General Miles is frequently referred to as likely to assume command of the American forces in the Orient himself.

Dizzy Spells and Headache

Weak, Nervous, and Run Down, would Shake with Nervousness—A Terrible Case—A Remarkable Cure.

Mrs. Chas. H. Jones, Pierceton, Que., writes:—"For years I have been a great sufferer with my heart and nerves. I would take shaking spells and a dizzy, swimming feeling would come over me. Night after night I would never close my eyes, and my head would ache as though it would burst. At last I had to keep to my bed, and though my doctor attended me from fall until spring, his medicine did not help me.

"I have now taken five boxes of Dr. Chase's Nerve Food, and it has done me more good than I ever believed a medicine could do. Words fail to express my gratitude for the wonderful cure brought about by this treatment."

Dr. Chase's Nerve Food makes pale, weak, nervous men, women, and children strong, healthy, and happy. In pill form, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.
