

ROSES AND THORNS

It is the people who make the university. That is as true here at UPEI as anywhere else in the world. Everyone knows that here at UPEI it seems to be the same people who get involved in, and do almost everything that has to be done. Oh well, their gain and the others' loss. There is however, at least one person here on campus who deserves a little more thanks than she will likely get. For the past four and one-half years at UPEI has been graced by the presence of Susan (Sue) Betts. During that time Sue has dedicated herself to the Lady Panthers Basketball Team, being

worked very diligently as a member of the UPEI Campus Police (the very fact the Engineers made her Geek of The Week proves how well she does her job). Sue during this time has managed to keep up her grades and I'm sure anyone who knows Sue will agree to what a genuinely "good" person and friend she is; always ready to give you a smile and a wave or a "Hi". Thanks Sue for your dedication to UPEI; it's people like you who keep this place going.

BOUQUET OF THORNS:

Those people who "booed" President Meincke at the hockey game with the Chinese. Not really a very classy way to behave in front of another nation's representatives.

BOUQUET OF ROSES:

The SUN staff for the increased quality of this paper each week. By the way, I don't work there; all I do is write Roses and Thorns and drop it off each week.

PANTHER NOTES:

- Hockey Panthers seem to be doing a bit better lately. Glad to see it.
 - SPICE is tonight.
 - The Junior Class is sponsoring a curling bonspiel tomorrow.
 - The Sophomore Class did very well with their Remembrance Day Pub.
 - Nice to see Rumours Hath It back in the SUN.
- Have an ENORMOUS Week.
