CORPORATION OF THE CITY OF OTTAWA PERSONNEL REQUIREMENTS

ENGINEER IN CHARGE OF DESIGN
SALARY (range) \$515.00 to \$620.00 per month.

The Engineer in Charge of Design would co-ordinate all the work of the Design Branch, and work in conjunction with the other branch heads, and with other municipal departments. He would also be required to meet the public in the performance of his duties.

This position calls for a mature engineer of from 45 to 55 years of age, with broad design experience, preferably in the municipal field.

The starting salary for the above position would be dependent upon qualifications and experience.

PLANNING ENGINEER
The Planning Engineer would be required to apply the general principle of existing master plan to specific problems; to negotiate with other departments and the general public. He would also be required to advise on matters of planning including traffic control, subdivision control, etc.

This position calls for an engineer with ambition and initiative, who is co-operative and has a pleasing personality. Applications will be welcomed from engineers of any age and with any amount of experience.

The salary for this position is open to discussion, but the starting salary will be based upon qualifications and experience.

The above positions offer good opportunity for advancement and all usual employee benefits.

Applications will be treated as confidential and are to be mailed to: C. Martell, Employment and Labour Registrar, Room 118 Transportation Building, 48 Rideau Street, Ottawa, Ontario, on or before November 20, 1954.
