CAN keep us from doing the Carpet business. Since we have opened our Carpet Department, our trade has far exceeded our expectation. Our object in going into the carpet business was to give people fair square treatment and goods at the right prices.

Now we claim as our right your patronage.

While our competitors for years were asking and getting $1.55 and $1.65 for 5 Frame Brussels Carpets, and 36 cents for cheap Tapestry, we have sold our best Brusels for $1.15, and cheap Tapestry for 25 cents per yard, never asking more, which goes to show that our competitors have been making an enormous profit out of the people. This can't be denied, We don't believe in monopolies and have been the means of breaking the carpet business in two, and taking the largest half ourselves. Competitors may feel sore, but we can assure the public it is not from overwork. We wish our competitors well But we think this explanation necessary. We cut your carpet for nothing, don't charge for waste, and do all work in connection with house furnishing.

Gleaned by the Guardian Reporters

D. C. Morson, Esq., of Cardigan, is registered at the Queen.

D. A. McKinnon, barrister, of Georgetown, was in the city yesterday.

Mr. J. W. O'Rielly, of the St. John Sun, arrived in the city Saturday evening on a visit to his friends.

Hon. D. Laird, editor of the Patriot, leaves this morning for Toronto, where he expects to spend two weeks.

Mr. L. White, of the Gowan Brae mills, a few days ago had his knee severely cut by coming in contact with the circular saw.

Mr. Henry E. Hopgood, of Kensington, on Saturday, passed a creditable examination at the Charlottetown Business College and Writing Academy, and received his diploma.

Cyclists.—The regular monthly business meeting of the Y. M. C. A. Cycling Club will be held this (Monday) evening at 8.30 sharp. Every member is specially requested to attend.

Bad boys take warning.—Mr. Oliver Martel, advance agent for "Peck's Bad Boy," is at the Queen, making arrangements to hold forth in this city on Friday and Saturday evenings (this week.)

Superintendent McLeod, who has returned to the city from a three days' inspection of the Summerside schools, expresses himself much pleased with the thoroughness of work done in the different departments.

The success of General Booth's great "social" scheme is not so great as he anticipated. He has received but four thousand pounds during the first four months of the year, although he asked for ten thousand.

In tomorrow's issue will appear a fifth letter from Mr. Higgs. Subjects—"The true story of Father Damien," "Farewell to Honolulu," and "A pretty way to speed the parting guest." Buy your paper early before all are sold.

A new feat in mind-reading is said to have recently been performed by A. W. Scott, of Tompkinsville, Ky. He was blindfolded and put to work at a compositor's case to set type, which he did with accuracy and celerity though utterly ignorant of the location of the boxes containing the various letters.—Times.

The experiment of shipping live lobsters from Arichat to Boston, has proved a success. Although the lobsters had been caught on Friday and did not arrive in Boston until the next Thursday afternoon, yet when put on the market over three-quarters of the shipment were still alive and in good marketable condition. More and larger shipments will follow.—[Arichat Warden.

A local examination for entrance to McGill University has just been concluded in this city before J. A. Nicholson, B.A., deputy examiner. There were four candidates, who took the examination, one for matriculation into the art faculty, one for medicine, and two for applied science. The result of the examination will be made known before the close of the month.

The latest hit in attractive window dressing was seen in the window of Mr. G. H. Taylor's jewelry store, Saturday evening. A buxom young lassie turns with one hand the windlass that brings from a moss-covered well the bucket overflowing with beautiful watches, while with the other she eagerly reaches forward to grasp the tempting treasures. The symbol is well chosen as expressive of generosity, abundance and hidden treasures beneath.

Mr. Frank Darke, who left this Island some months ago for the Northwest, has returned home to take his sisters with him to Regina, where he purposes making his future home. He and Messrs. Pope and Deacon Balderston, of North Wiltshire, who also recently went out there, are working a large ranch about a mile and a half out of Regina, which they purchased broke up and ready for seeding. They have sown 175 acres of wheat, besides oats and vegetables this season. Messrs. Darke and Balderston have also purchased a shop in the central part of the city, which they are fitting up for a general meat trade. Mr. Darke speaks confidently of the prospects, and thinks farming can be done with less work and better reward than here. We wish our friends every success in their undertaking.

The St. John Sun of the 3rd inst. says: "Dr. Murray Maclaren now drives a four-year-old mare that excites the envy of all admirers of horse fiesh. The animal, which looks to be over 1,100 pounds in weight, is so well bred that it could be registered." This handsome chestnut mare is well known in our city, having been driven around by Mr. R. D. Maclaren for the past two seasons. She was raised at the Hermitage Grove Farm, from the old Maclaren stock, tracing back to the best bloods imported from the old country, and has been in the Maclaren family for over 60 years. Her g. g. dam was a celebrated running mare "Polly," who was an easy winner of several private races in her day. We wish the Dr. success with his beauty and take pride in claiming her as a production of our Island.

William Boyle, Esq., returned to his home in this city, Saturday evening, from a business trip to St. John's, Nfld. Mr. Boyle was away one month. From a conversation with him we learn that the produce market in Newfoundland has been fairly brisk since the reduction of the extra duties, but sell at a lower figure. The extra duty on flour was 75 cents per barrel, potatoes 25 cents per bushel, and oats 10 cents. Potatoes are now selling at $1.50 per barrel, oats wholesale 57 cents, retail 60 cents. Mr. Boyle is of the opinion that the large stock of potatoes and oats on hand from last season, together with the quantity now going in there, will supply the market for this season. The market for cattle and sheep is fairly remunerative, especially for good sheep. The people down there seemed pleased with the negotiations lately made. They will, no doubt, use more of our potatoes than ever, he thinks. The season is backward by reason of the cold easterly winds which prevailed all spring. Vegetation is very slow. Mr. Boyle also expressed his opinion that if the question of uniting the destinies of Nfld to the Dominion were submitted to the people, he believed, they would decide in favor of it.

The adjourned meeting of the Royal Prohibition commission reassembled yesterday afternoon in Sir Joseph Hickson's offices in the Standard building. The session was occupied with the consideration of the statistics furnished by the various Governors of the United States and by the Lieutenant Governors of the Dominion. A mass of information on the effect of legislation upon temperance in other countries, on the number of licenses issued in other districts and the number of criminals whose offences might or might not be due to the effects of alcohol as well as from judges, magistrates and medical men on the same subject are coming in, and the secretary, Mr. P. Monaghan, is busily engaged in tabulating and assorting the volume of evidence thus received under the proper heads. The commission will sit again this afternoon.—Montreal Gazette, June 3rd.

The closing exercises in connection with Acadia University were held under most auspicious circumstances at Wolfville on June 2. Water Street was the scene of quite a lively discussion the other evening, when one of our young sports had the misfortune to come in contact with the cane of an aged J. P. of the town. The latter gentleman was leading a "small boy" to the police station, when he was accosted by the former, who demanded an explanation, which, being refused, said sport straightway proceeded to extract the small boy from the old gent's grasp, receiving for his pains several good strokes of a stout walking stick While the above program was being carried out, the supposed culprit decamped in peace.
