

MUNYON'S

I will guarantee that my Rheumatism Cure will relieve lumbago, sciatica and all rheumatic pains by two or three hours' use and cure in a few days.

RHEUMATISM

A Question of "SPEX"?

Do your eyes tire easily? If so, you need glasses.
Do your eyes burn? If so, you need glasses.
Does the type become blurred in reading? If so, you need glasses.
Do you suffer from frontal headache? If so, glasses will help you.
Do you know if you have perfect eyesight? If not, we can inform you. It will cost you nothing.

THE DAILY EXAMINER

NOVEMBER 10, 1900.

PROVINCIAL ELECTION.

It was reported yesterday that the Provincial Government had decided to go to the country at once—though its term of office is not up until next year. The report was not confirmed by the Patriot of last evening, but it is by the Guardian of this morning. The Government has, apparently, decided to snap a verdict while we use the Guardian's phrase—"the echoes of the Dominion victory are still in the air;" and all the influences of the Provincial Government having been recently exerted on behalf of the Dominion Government, all the influences of the Dominion Government will be promptly exerted on behalf of the Provincial Government. It is a case of governmental log-rolling. But the people, may, nevertheless, exert their power, when they have the opportunity. It is pleasing, at all events, to learn that they have in view for the representation of the capital city such able men for business as Mr. W. H. Aitken and Councillor Lyons. When the people seek out their representatives, they do not often make a mistake. Certainly there is need now, more than ever before in the history of Prince Edward Island, of the election of careful and able men to compose the majority in the Legislature. But whether or not the time has arrived at which the people can hope to be successful in striking off the shackles of the Party Co-partnership is a question to be considered.

ENFORCE THE LAW.

The Grand Division has suggested a number of amendments to the Provincial Prohibition Act passed at the last session of the Legislature. The amendments are worthy of consideration. What is needed, most of all, however, is a firm and impartial enforcement of the law,—whether by the Prohibition Act, or Scott Act, as it is throughout the country, or prohibition as it is to be. Lately the law has been ignored by many dealers, except as to the payment of the fee to the Provincial Government. The restrictions of the law concerning hours of closing, treating, etc., are notoriously honoured in the breach by some of the dealers. But the officers of the Provincial Government do nothing except draw their salaries and assist their party in election contests. Recently the drunkenness in town and country has passed all bounds. We have in the lamentable case of manslaughter, reported to day, an evidence of the excesses that attended the election, and of the necessity of enforcing the law in respect to the liquor traffic.

Of the generals who took a leading part in the operations of the war up to the capture of Lydenburg a relatively large proportion have already been returned or are on their way to England.

The best that money can buy should be your aim in choosing a medicine, and this is Hood's Sarsaparilla. It cures when others fail.

PATRIOTIC PERSISTENCY.

The Patriot of last evening contains extensive quotations from the pre-election statements of THE EXAMINER. We have admitted, and again admit that our advices were not all correct, and in the enthusiasm of the struggle our expectations were brighter than those which have been realized. But what shall be said of the newspaper which, after the election is over, refuses to make a correct statement of the results. The Patriot persists in saying that four liberals were elected in this province,—though corrected returns show otherwise. It is freely admitted that Mr. Martin has a majority of eight—according to the returns as obtained from the usual sources. But the Patriot will not admit the fact. The Patriot will, presently, we hope, have to admit that both Messrs. Martin and Hackett have been elected and that the Island has sent to the House of Commons, three Conservatives and but two Liberals.

A DENIAL.

SIR,—There appears in The Patriot of yesterday a telegram copied from The Star. Would you kindly inform the people of Charlottetown, through your paper, that I am not responsible for its production, I was never interviewed by any representative of The Star or Toronto Telegram.

A. R. DILLON.

"The Mill Cannot Grind with Water That's Past."

This is what a fagged out, tearful little woman said in telling her cares and weaknesses. Her friend encouraged by telling of a relative who had just such troubles and was cured by Hood's Sarsaparilla.

The little woman now has tears of joy, for she took Hood's, which put her blood in prime order, and she lives on the strength of the present instead of worrying about that of the past.

Humor.—"When I need a blood purifier I take Hood's Sarsaparilla. It cured my humor and it is excellent as a nerve tonic." JOSIE EATON, Stafford Springs, Conn.

Erysipelas Sores.—"After scarlet fever a running sore was left on my nose. Took Hood's Sarsaparilla and it cured me. My mother was also relieved by it of erysipelas in her face." ELLA COVENS, Burden, N. B. in his issue.

Hood's Sarsaparilla Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Noah was an expert with the gloves—he boxed everything in the ark.

A lazy liver may be only a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary man or a starving man because he lagged in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety-nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quick your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

ARE VERY FEW

The cases that Pyramid Pile Cure will not reach.

The cases that Pyramid Pile Cure do not reach are so few that physicians are doing away with operations for piles and depend more and more upon this simple but safe and effective remedy to accomplish a complete cure and it never disappoints in any form of piles, whether protruding, itching or bleeding.

Mr. Thomas E. Wood of 818, 15th street, Sacramento, Cal., writes: "It affords me much pleasure to state that after using only one 50 cent box of Pyramid Pile Cure I was cured of the painful and annoying disease, after having suffered from piles for thirty years and tried everything and could only get temporary relief. I was advised by two of the best physicians in California to have an operation and I did and suffered almost death but the piles returned and my suffering at times was so great I was not able to walk until I saw an advertisement of the Pyramid Pile Cure. I got it at once and was relieved from the first application. I am so grateful that I feel like recommending it to any and everyone afflicted with piles."

The prompt relief and rapid cure which follow the use of this remedy give the impression that possibly it might contain opium, cocaine or some other similar drug but a careful and frequent analysis of the remedy has proven to contain no injurious drugs whatever, but it cures by astrigent properties and healing oils.

The Pyramid Pile cure is sold by druggists everywhere at 50 cents for full sized package.

Each package contains a little book on cause and cure of piles, together with testimonials from thousands of cured patients from every part of the United States and Canada.

NO MISTAKE.

SIR,—I, the undersigned, Edward Redmond, deputy returning officer for Monaghan Poll at the election held there on the 7th inst., hereby certify that the rumors in circulation with regard to the spoiling of the ballot papers cast there were altogether false and groundless and must have been started at the instigation of some malicious person.

I am in a position to say that Mr. Jas. O. Trainor, one of the agents for Mr. Martin, acted most faithfully in the discharge of his duty, and that any suggestions made by him, and adopted by me, in connection with the numbering or initialing of the ballot papers were perfectly correct and in strict accordance with the election laws.

As any person may know, the ballot papers are counted at the close of the poll, then sealed in an envelope for the purpose and placed in ballot box. A statement is then filled out, giving the number of ballot papers cast for each candidate. It is then signed and sworn to by the Deputy Returning Officer in the presence of a justice of the peace. This statement is filled in triplicate; that is, one copy remains attached to the poll-book, another is kept by the Deputy Returning Officer, while the third is sent to the Returning Officer for the riding—this latter statement being in reality the official statement of the poll, and is counted as such.

In conclusion I may say that all the ballots cast at Monaghan Poll were numbered and initialed correctly in every detail.

[Sgd.] EDWARD REDMOND, Deputy Returning Officer. Nov. 9th, 1900.

A PROTEST.

DEAR SIR,—As a constant reader of our daily papers I am exceedingly anxious to know whether, among the other members of the Grit party there can possibly be found one who is baser and more contemptible than the writer of the paragraph in last evening's Patriot, who signs himself "Spittoon Washer." We do not wonder at the choice of signatures which this person has made; he evidently recognizes the "eternal fitness of things," for the name is wholly in keeping with the rest of the production. What we do wonder at is that any editor would so degrade either himself or his paper as to insert such a piece of meanness and, as I deem it, spite, even though it was really written by a correspondent, which is doubtful.

I have not the honor to be personally acquainted with the Dr. Dillon referred to, but only know him as one of Canada's brave soldiers who is not more afraid of "speaking out" what he knows to be true than of fighting the Boers on the plains of Africa. If the writer in the Patriot possessed a little of Dr. Dillon's courage and honesty he would, we think, hold a nobler and a slightly more elevating position in life than that of a "spittoon-washer."

DISGUSTED. Charlottetown, Nov. 9, 1900.

YOUR OPPORTUNITY! GENTLEMEN.

We put on sale this morning 185 odd pieces of WOOLLEN UNDERWEAR For Men at 20 per cent off the dollar.

Every weight, in very good style, and in the best of Cotton, of wool, of silk, and of the various admixtures. In fact, it's the largest assortment of Underwear that we know. And it's all honest Underwear. Prices, from the least expensive to the finest goods produced, are fair, never else than most reasonable.

See our Stanfield Unshrinkable, one line at \$1.75 a suit, but it's not all wool.

See our \$1.00 fleeced lined.

JAMES PATON & CO.

IT PAYS TO BUY AT PERKINS'.

As It... Should be Understood

Dependable goods alone can be big "bargains" as we understand the word.

PEERLESS BLANKETS AT \$2.95

This is a "blanket bargain." You should not miss a blanket worth \$4.00 for \$2.95.

MONCTON BLANKETING

The best blanketing made. All wool, 90c per yard; union, 60 per yard.

F. PERKINS & CO.

THE MILLINERY LEADERS.

VICTORINE

WASHING COMPOUND

We have secured the agency for the Island of the above named Washing Compound, which has been pronounced by the ladies of Canada to be the GREATEST LABOR-SAVER OF MODERN TIMES, and a real treasure on wash day.

It washes clothes and guaranteed not to injure the most delicate fabric. The properties possessed by this compound are those of loosening and separating the dirt without injury to the fabric, instead of eating up the dirt and rotting the cloth as is the case with many articles now on the market which claim to wash everything. By the use of this compound no rubbing is required, thus saving the wear and tear on clothes, to say nothing of the labor; simply boil and rinse, for flannels it has no equal, and ladies will find it particularly good for washing lace curtains, as there is POSITIVELY NO RUBBING REQUIRED. One cake will wash two large boilers of clothes and the cost is a mere trifle. Two cakes 5c; 25c per dozen, at all grocers. Wholesale by

McKINNON & McNEVIN.
