BUSINESS SOCIETY

NEWS

..... General meeting of the Business Soc. every Wednesday at 12:30. Meetings are in the Conference Room located at the top of the Stairs on the way into Kelley. All Society members are welcome to attend. We'd appreciate any help you can give us in thinking up themes for Pubs and other social events. We'd also like some help promoting them.
.....Tentative.. A joint Senior Class & Business Society Bash the night of Nov. 23.
.....Tentative..a Bus. Society Pub on the night of Dec.4th. Watch for posters.
.....The president of the Bus. Soc. does not write this coloumn, so if you have any complaints don't blame her.

Well, they did it again. Those engineers are persistent. They have recently taken a liking to insulting Bus Students. We won't tolerate this much longer. These guys are picking on everyone but Chem Students. This has given rise to a keen interest in alot of us to learn more about these...these ...whatever.

Have you ever walked by Duffy Bldg. on the way to the library and noticed the lights on? What you are probably seeing is a small group of engineers. To find out more about what goes on, we conducted the following interviews.
i : interviewer
e : engineer

i : Hi there.
e :Oh, uh...hi
i.: You engineers sure do spend alot of time in the basement here. Are you studying all the time?
e :Sniff...sniff.... Gee, I don't know. I eat anything I want. Really. Sniff.. But lots of times I just dont feel hungry. I don't know. Sniff..I guess that must be it. Sniff...Here try some of this, I get it from my dentist. Sniff....
i :Thanks, sniff..uh.. how about exercise? Do you get any exercise?
e : No..Hardly ever. Sniff..sniff..But I move around alot. I guess I have a lot of nervous energy. Sniff. ..Like I haven't slept in four days.
i :You mean, you've been down here for 4 days?
e :..Uh...Sniff..what?
i : Nothing..Thankyou.

i :Excuse me! Sir; what do you do down here?
e :who? me?....
i :Yes you, why do you stay down here?
e.:Uh! sniff..Gee I never really thought about that..Sniff...
i :Well you must study sor something right?
e :Study?...uh,..no! sniff..sniff...Hmmmm. lets see, well...oh hey.."I eat alot of icecream"..uh would you like some, its Peruvian flake!
i :Ahh..wow. Sniff.. what was I saying? Oh ya; well do you ever leave here to eat?
e :Huh? I don't know. I guess I ate yesterday. Or maybe it was the day before ..Sniff..sniff...
i :Thanks very much.

And there you have it, two interviews with 3rd year engineering students. And we wonder why they don't bug Chem Students.

Well last week the engineers must have dropped all other work and gone to work on our challenge. Here is a typical answer given by the engineers.

ENGINEER VOTED MOST LIKELY TO SUCCEED

In other News:
It appears that Eastern Provincial Scareways will scrap its fuel economy experiment after a recent crash in Nova Scotia. An E.P.S. spokesman said that under an experimental program, pilots were instructed to "coast" whenever possible to economize on rising fuel bills.

GUESS YOUR AGE
CAN YOU GUESS YOUR AGE

20
answer here

1. Put your age down on a piece of paper
2. Add one
3. Subtract one
4. The answer will be your age

This is a good one to boggle friends with
