ATTENTION POTATO GROWERS

The attention of all farmers is directed to an amendment of the Prince Edward Island Potato Production Act passed in 1962 whereby all persons planting one-quarter acre or more of potatoes must plant those of the "Certified" class or better unless written authority is received from the Minister of Agriculture.

Also be advised that any grower whose field or land has borne a crop of potatoes infected with plant disease or pest shall not permit the same area to be planted to potatoes the following year except on the authority of an Inspector, and shall destroy any volunteer plants on such land.

Areas so infected in 1961 will be policed to see that these regulations are strictly enforced.

It is the intention to inspect all fields of potatoes grown this year and growers are advised to retain and have available for the Inspector their seed tags or the written authority from the Minister to plant seed of table stock origin.

She possessed of a very happy disposition, she will be greatly missed by a host of relatives and friends, young and old, who loved her cheering smile and friendly handshake when they visited her in her home.

She was always interested in the welfare of her community, and her lovely garden was a testimony to her love of flowers. For many years the church at Alexandra was made beautiful by the artistic arrangement of the flowers she placed there on Sundays on the communion table.

She was a widow for some nineteen years, her husband having predeceased her in Sept., 1943.

Surviving her is a family of five, three sons and two daughters, namely, George, Harold, and Vernon of Alexandra, and Mrs. Robert Carter of North Rustico; and Mary, Mrs. Crilly of St. John's, and five grandchildren; Louise Mac-
