

IT'S ALWAYS COOL ON THE WATER

The family of Charles Forbes of Fredericton, N.B., who are spending the summer at Summerside are shown getting ready to hoist anchor for a cruise in the Summerside RCAF Station. A cruise in a power boat, a sail in a sailboat or a spin in an on-board runabout—as well as a dip in the briny—are some of the means employed by many Islanders to keep cool in the present warm weather.

UIC MANAGER REPORTS

Demand For Tradesmen Is Greater Than Supply

The demand for tradesmen is so great that the Unemployment Office cannot keep up with it. J.B. Murley, manager of the Charlottetown Unemployment Insurance office said yesterday.

He noted there are a great number of vacancies for bricklayers, carpenters, electricians, plumbers, etc. and "this office is unable to fill them."

Because of the great construction and road work being done there are also few laborers out of work.

"Our live file of applicants is at its lowest in years," Mr. Murley said.

Mr. Murley also observed that the employment outlook this summer for Queen's and King's counties was the best in many years.

Most of the people looking for work are young girls recently graduated from school and young people looking for work for the summer months only.

"These are the most difficult to please," he said. "Employers are looking for people who want permanent jobs."

The cut back in potato planting, which has increased the number of jobless looking for work at the Summerside office has had little effect on the city office.

Earl Cannon, manager of the

Prince County branch of the Unemployment Insurance Commission, said yesterday the lowered demand for farm labourers had greatly increased the labor force in that area. He said many people are now seeking work who

last year had jobs on farms. Even with the jump in those out of work, the situation in Prince County continues bright because of the tremendous amount of construction being carried out, he stated.

Mt. Stewart United Church Holds Sunday School Picnic

The Sunday school picnic of Mount Stewart United Church was most successful with a beautiful day at Dalvey beach. With the weather man providing one of the best days this summer, the pupils and their teachers, and parents, and friends came to Dalvey by truck and by cars to enjoy a lovely outing. About 25 partook of the supper with ice cream, candy, fruit and nuts for treats. After the swim of the afternoon that was enjoyed by dozens from the tiny paddlers in the stout swimmers, with the girls and the swings busy the races on the beach were hotly contested. The following were the winners of the events:

Girls 5 years old and under—1. Gale Burke, 2. Valerie Thurber

Boys 5 years old and under—1. Leslie Mitchell, 2. Roary MacGregor, 3. Freddie Pigot and Gordon Thurber.

Girls 7 year old and under—1. Darlene Glover, 2. Gwennie Affleck, 3. Nancy Court.

Boys 7 years old and under—1. Stirling Coffin, 2. Boyce Affleck, 3. Leslie Mitchell.

Girls 10 years and under—1. Lynn Smith, 2. Wilhemina Kaptein, 3. Betty Affleck and Cynthia Jay.

Boys 10 years and under—1. Wayne Burke, 2. Carmen Jay, 3. Stirling Johnson.

Girls 12 years old and under—1. Dianne Affleck, 2. Arlene Pigot, 3. Marion Pigot.

Men open—1. Garth Affleck, 2. Harold Affleck, 3. Wayne Burke.

Mount Stewart thinks it may have a star runner in the future in the person of Wayne Burke who in four races took three firsts, and one third.

Rev. Dr. and Mrs. E. A. Betts Honored By Congregation

A large and representative gathering of people from the congregations of Highfield, Princetown Road, Winsloe North and Winsloe South met in the Winsloe Road Hall Thursday evening to honour Rev. Dr. and Mrs. E. Arthur Betts who are to leave next week for Donkin, near Glace Bay, N.S.

In a carefully worded address Mrs. Walter Roberts expressed the appreciation of the people for the untiring efforts and vigorous leadership in the spiritual life of Church and Community put forth by their minister and his wife in the years they have been on the Island, and especially their work among the young people; and wished them God's richest blessing in their future work.

A well filled purse was presented by Freddie Turner. This is being used to meet the expenses of Dr. and Mrs. Betts' recent trip to Great Britain and Europe.

Dr. and Mrs. Betts were escorted to the platform by Mr. and Mrs. Charles Proude, and a bouquet of flowers was presented Mrs. Betts by Miss Marion Vessey.

A short programme of readings and song was put on by Winsloe boys and girls. Among those taking part were Faye Craswell, Barry Cudmore, David Younker, Roger Younker, Donald Cudmore, Barry Craswell, and Myron Turner.

Dr. and Mrs. Betts both thanked the people for their kindness and co-operation, and spoke of the need of leadership among the fine boys and girls growing up in Island communities.

W. Benley was a capable chairman and master of ceremonies, and Mrs. Freddie Turner, pianist. A very tasty lunch was served by the ladies, and a most friendly social hour was enjoyed by all.

Miss Ernestine Pace, Halifax, one of the recent leaders at the M.R.E.C. Junior Camp, Augustin Cove, was a guest and met a number of past and future campers.

Dr. Betts is to be in charge of St. Luke's United Church, Donkin, and St. John's, Port Morien. The manse is at Donkin.

PASTURES

Lush, spring pastures boost Milk Production with their high Protein and Vitamin content. But not for long. They are low in Carbohydrates, the energy giving nutrient. And Energy is the most important single need for Dairy Cows.

A sudden boost in Milk Production is not enough. An increase in yield must be maintained all through their lactation. Balance those lush pastures and maintain full body weight and maximum production. SHUR-GAIN 14% Pasture Dairy Ration is high in Carbohydrates providing the energy, missing from the grass.

Check with us and see just how little you need to feed to supplement the early-pastures and keep your herd fit for profitable production.
