

P. E. I. Druggists Will Attend Halifax Meeting

A group of representative delegates from this Province will attend the annual Council meeting of the Canadian Pharmaceutical Society being held in Halifax next week. Delegates from here are Roy M. Smallman and R. H. Jenkins, Charlottetown, and E. F. Foley and H. Larter, Summerside. Several other druggists are expected to be present.

Those attending the convention will be initiated into The Order of the Good Time. This Order was originally instituted by Samuel de Champlain and the present Grand Master is the Rt. Hon. Vincent Massey, Governor General of Canada. It is the oldest social club in North America.

Among the speakers to be heard at the meetings will be Messrs. K. C. Hoasick, Chief of the Narcotics Division, Department of Health and Welfare, Ottawa. Among other officials of the society who will be present and preside over various sessions are Dean E. F. Larose, Faculty of Pharmacy, University of Montreal; Dr. A. W. Matthews, Dean of the Faculty of Pharmacy, University of British Columbia. President of the association is Mr. R. E. Forbes, Wadena, Saskatchewan, while Mr. J. C. Turnbul, Toronto, is secretary-manager.

CGSA Meeting Held At St. Dunstan's

The annual meeting of the Catholic Girls' Scholarships Association was held at St. Dunstan's College on August 27. The president, Mrs. Earl Hickey, Summerside, presided.

Reports showed the Association had a successful year, granting scholarships to 17 girls at St. Dunstan's, Mrs. William Ayward, Morell and Mrs. Harold Mulligan, Kinkora, were named to the Board of Directors.

The following officers were elected: president, Mrs. Frank Jay, St. Peter's; vice-president, Mrs. Harold Mulligan, Kinkora; secretary-treasurer, Miss Dorothy Cullen, Charlottetown.

Liner Saxonica Sails On Maiden Voyage

LIVERPOOL (AP)—The new 22,000-ton Cunard liner Saxonica sailed for Montreal on her maiden voyage Thursday. She carried a capacity load of 925 passengers, the majority of them emigrants. The Cunard line is building two more 22,000-ton liners for the Canadian service.

DEATHS BIRTHS, MARRIAGES, 50c Per Insertion

BIRTHS

SMITH—In the P. E. I. Hospital on Sept. 2nd, to Mr. and Mrs. Lester Smith of Long Creek, (nee Eleanor Mason) a son stillborn.

NEWS—Continued from page 1

SUNDAY NIGHT gospel service in the Abenezer school, Glasgow on September 5, at 7:30 p.m. Special Christmas of David's speaking. Come and bring your family.

LAKE-FREIGHTER ARRIVES—The lake-freighter, "Cartierdoc," a member of the Paterson Steamship Lines' fleet, arrived at the Railway Wharf from Fort William, Ontario, at 2 p.m. yesterday. She will discharge 17,982 bags of Robin Hood flour before leaving at noon on Saturday.

MAGDALEN IN PORT—The S.S. Magdalen arrived at the Buntan & Bell Wharf at 4 p.m. yesterday on her regular run between Maritime and Magdalen Islands ports. She will take on a general cargo of farm produce before sailing today.

POLICE COURT—A man, charged with being drunk and disorderly, was fined \$20 and costs or 10 days in jail by Magistrate K. M. Martin in City Police Court yesterday morning. Another man, charged with being drunk and inebriated, was remanded till the 7th.

MARSHFIELD Pastoral Charge, the Presbyterian Church in Canada, Sunday, Sept. 5th. Marshfield, service 9:30 a.m. Sunday school 10:45 a.m.; Mount Stewart, service 11 a.m.; Harrington, Sunday school 10:30 a.m., service 7:30 p.m. Mr. Ross MacEwen will conduct Harrington service. Rev. Lee MacNaughton, minister.

CARS DAMAGED—The second of two cars which were stopped at the light on the intersection of Longworth Avenue and Euston Street was collided by a third which was also approaching the intersection yesterday. It is reported that the impact of the collision between car two and car three, caused car two to bump the rear of car one, the result being that one and two received damage to their rear bumper, trunk and fenders along with cars two and three being damaged in the vicinity of the grill and front bumper.

Attendance At Final Clinic Disappointing

The attendance at the final Red Cross blood donor clinic of this week's series, held in Charlottetown yesterday, was very disappointing when only 231 registered on an original quota of 300. Twice as many could have been put through in the same amount of time with the facilities offered in the spacious Community Centre, the swiftness of the mobile team and its assistants.

187 of the donors registered were from Charlottetown and the remainder from the surrounding districts, while only 26 (19 per cent) were new donors. Most of the donors in attendance were those who report every time there is a clinic. They realize the great necessity of keeping a sufficient amount of blood deposited to meet the daily needs of patients in our hospitals and are truly the "Good Samaritans."

The Holy Redeemer Sub-division of the Catholic Women's League very kindly furnished the refreshments and the workers to assist the mobile team. Members of the Holy Redeemer Boy Scout Troop, which is under the leadership of Scout Master Frank Costello, were on hand to help set up and take down the equipment, and gave invaluable assistance with many of the clinic tasks right through the hours it was in operation.

"Dolly" Veers Away From N. S.

HALIFAX, (C.P.)—Hurricane Dolly, after threatening to land on Nova Scotia's south coast in full force, veered off into the Atlantic to the east of Sable Island Thursday night.

The weather office here said that Dolly is moving northeast at about 35 miles an hour and will not affect Nova Scotia or the surrounding marine area. Heavy rain is reported falling on Sable Island accompanied by high winds but the centre of the storm is 100 miles to the southwest.

The hurricane, with winds up to 75 miles an hour at its centre, could strike at Newfoundland early today. Storm warnings are still being flown in the Newfoundland district.

11 Missing On Fishing Boat

BOSTON (P)—The possibility that the New England hurricane death toll would mount sharply to at least 66 arose with a coast guard report Thursday night that a New Bedford fishing boat with 11 men aboard is missing and believed lost.

The scalloper Red Star was last reported Tuesday battling 65-foot waves in Nantucket waters and a coast guard plane reported it had sighted wreckage near the scene. Meanwhile, the federal government gave the green light to Massachusetts and Rhode Island—hardest hit states—to apply for aid as "major disaster" areas. Both states battled twin hardships of food spoilage and lack of electricity.

Two-Day Teacher Convention Opens At Hunter's River; Interesting Program

The two-day teacher convention opened at Hunter's River, yesterday morning with approximately fifty teachers in attendance. The president, Miss Beta MacNeill of North Winoak presided and welcomed the teachers.

The following committees were appointed:
Press: Mrs. Naomi Newson, Mrs. Jennie Stevenson.

Resolutions: Miss Erva Coles, Miss Audrey Coles, Miss Catherine Buchanan.

Nominations: Miss Uldine White, Mrs. Orianna Houston, Miss Laura Smith.

Question Box: Mrs. Theresa Haslem.

The minutes of the last year's convention were read by Miss Heather Coles in the absence of the secretary.

Miss Estelle Bonness of the P. E. I. T. F. intimated to the teachers that teaching was a worthwhile and rewarding career. "With improved teachers, things are bound to happen. But the teaching profession demands service and sacrifice."

Dr. L. W. Shaw, deputy minister of education, led a very interesting and instructive discussion and demonstration on the new science

books. He used experiments to show how practical science books should be made.

AFTERNOON SESSION

The afternoon session was opened by Sergeant Major Irlam, who gave a lecture on physical education and stressed out-door physical instruction, being the most beneficial with children at this season of the year.

An enjoyable sing-song gave the teachers some relaxation when Miss Doris Andrews led in some old familiar songs with Mrs. Leo Gallant as accompanist.

Mr. Ross, supervisor of schools discussed various subjects with the teachers. He stated that he felt these get together were very beneficial. He urged teachers to stress good writing, good grammar, and plenty of compositions for their pupils. Speaking to the young teachers he told them to be on their guard in respect to discipline. "Successful teaching depends on good discipline."

The sessions will continue today, with emphasis being placed mainly on the curriculum as will be explained by Mr. Malcolm MacKenzie, assistant director of education.

Farm Labor Committee Prepares To Provide Potato Pickers For P. E. I.

The Dominion Provincial Farm Labor Committee met in the Provincial Agriculture Offices yesterday, to discuss plans for recruiting pickers to harvest the potato crop.

Deputy-minister of Agriculture, S.C. Wright was chairman during the talks, and among others in attendance were Mr. D. W. Hay representing the National Employment Insurance Office, Moncton; Mr. Earl Cannon, manager of the National Employment Office Summerside and Mr. J. B. Murley and Mr. W. S. MacLeod of the National Employment Office, Charlottetown. Chief function of the committee is to make arrangements for an adequate supply of farm labor, at such times of the year as shortages of farm help may develop.

For some years now the Committee has brought pickers from Nova Scotia and New Brunswick to assist Island growers in lifting the potato crop. The number of men thus imported has varied between four and six hundred each year, and has on occasion reached eight hundred.

At yesterday's meeting it was recalled that about four hundred workers were brought to the province last year. Of this number, 350 were placed with farmers by the National Employment Office in Summerside, and the remainder by the Charlottetown Office. In addition both officers recruited a limit of those available.

Taking into consideration this year's crop estimate, the meeting decided that as many men would be required this year as during the 1953 season, but that more Island workers would be offering their services.

Western Prince County, it was said, would be a good source of supply and it was agreed to carry out a recruiting campaign in Tignish, Alberton, and possibly Bloomfield. This recruiting will be carried out by the National Employment Office in Summerside, assisted by newspaper advertising.

Details of arrangements with

P. E. Island and Cape Breton but companies to transport the pickers, as and when needed, were furnished the meeting. As in other years the men, when possible, will be dropped from the buses at the point nearest the prospective employer's farm. Some growers, however, prefer to pick up the pickers either in Charlottetown or Summerside.

Transportation costs for the movement of potato pickers is shared by the Provincial Department of Agriculture and the Federal Department of Labor. The National Employment offices bear no part of these expenses.

The movement usually commences during the first week of October.

Mayors Elect New Officers

WINDSOR, Ont. (CP)—Donald Mackay, mayor of Calgary, was chosen to continue as president of the Canadian Federation of Mayors and Municipalities Thursday.

Due to a constitutional mix-up Mr. Mackay had served officially for only one month. He was unanimous choice for this year as his colleagues commended his handling of the 1955 convention.

Honorary president of the executive committee is J. O. Asselin of Montreal, immediate past president of the federation.

Vice-presidents are: Mayors J.D. McAskill, Saskatoon; Charlotte Whitton, Ottawa; H.S. Wright, Fredericton; H.G.N. News, St. John's, Nfld.; J. David Stewart, Charlottetown; R.A. Donahue, Halifax; Alderman C.E. Simontie, Winnipeg.

Honorary secretary is alderman J. W. Cornett of Vancouver and honorary treasurer Mayor Edward Wilson, Verdun, Que.

Edmonton was chosen convention city for 1955 with dates still to be set.

Speakers At P.E.I. Medical Ass'n Convention

Among the noted speakers taking part in the meetings of the P. E. Island Medical Association in the P.W.C. Auditorium today and tomorrow will be Dr. Alexander S. Macmillan, Clinical Associate in Radiology Harvard Medical School and Radiologist, Massachusetts Eye and Ear Infirmary.

Dr. MacMillan, who is an outstanding authority in North America, will present a clinical paper at the opening session today, on sinus and mastoid radiology.

The Doctor is a native Islander who spends his summer vacations annually at Wood Island, where he was born. He served with the United States army in the first Great War, and after demobilization began the study of medicine, in which he has gained merited distinction.

Report Work Progressing Favorably On New Eaton Building on Kent St.

"Work on the new Eaton store on Kent St. is progressing favorably but the job will not be completed before the end of the year," Mr. R. S. Turnham, manager of Anglin-Norcross Maritimes, Limited, who are the contracting engineers and builders said yesterday after an inspection of the new structure. "I need hardly recall the difficulties with which we were confronted in the early weeks of the new year and the constant rain which prevented progress or even a start on basic work which was essential before actual construction was begun."

Demolition of the old buildings on location, which started about March first, was followed promptly by the arrival of structural steel and from that date the work has been well up to schedule under the direction of Mr. Leo Coffey, Company foreman. The 52 men now engaged on the job are almost entirely local labour, and their work has been quite satisfactory.

More than 425 tons of structural steel from the Robb Engineering Co went into the framework of the building while 52 tons were used in reinforcing the concrete floors. A further amount of steel was used in the basement.

When completed the new store will occupy an area of over 55,000 square feet and will comprise three floors—basement, main floor and mezzanine, plus an adjoining service building.

Provision has also been made for ample parking space to the rear and leading to the store from Fitzroy St. Doors to the main store floor will permit entrance from this area with equal facility and ease as will be the case at the main entrance on Kent St.

Mr. Turnham, who returned to the mainland today was hopeful that he would be back in the city before long in connection with the new Federal Building to be erected here. Anglin-Norcross Maritime Limited submitted the lowest ten-

... of the job and a man ... that we will be privileged to undertake the work." Mr. Turnham said, and added, "our business relations here on the present job have been most cordial and amiable."
