man's offices, notwithstanding there were on the walls, serving as decorations, confiscated weapons of prisoners. Oddly enough, as it would seem in this country, though it wouldn't have been strange in the Italy of Machiavelli, there wasn't a gun among these. The nearest to it was a bayonet, and the rest were poinards, scimiters, stilettos, butcher knives, table knives, penknives, and shoemakers' knives.

The dinner hour was marked by a curious spectacle. The street outside the prison was filled with the "wives, children, dogs and other members of the prisoners' households." These brought baskets of edibles to the prisoners, some of whom were permitted to speak to their relatives through a grating. To the convicts not permitted to come to the grating, their relatives were allowed to send in notes accompanying the dinner baskets. This privilege had given rise to a peculiar way of making a few pennies among persons able to write—"itinerant scribes who for a cent or two wrote messages to the prisoners." One woman bade the scribe to put her message in red ink. She would have none of the "purple stuff."

"Tell him," said she, "that I send him two little tamales and tell him that la perrita died yesterday."

Says the reporter, "And the scribe, leaning under the shade of his umbrella, sitting on a rock, with his bottle of red ink on another rock beside him, worked away assiduously, with an etymology all his own, beginning paragraphs with lower case letters and putting in caps in the most unexpected places, so that it would take an Ignatius Donnelly cryptogram to decipher the meaning of his hieroglyphics."

Coughs and colds need not be endured; they can be cured, and that quickly.

Many mixtures are temporary in effect, but Scott's Emulsion of Cod-liver Oil with Hypophosphites is a permanent remedy.

The oil feeds the blood and warms the body; the hypophosphites tone up the nerves; the glycerine soothes the inflamed throat and lungs.

The combination cures. This may prevent serious lung troubles.

WATCHES

THE watch trade has been rather fluctuating of late, first the price went up, after a long period of low prices, now the prices have dropped again, whether because of war or greater variety of production we cannot say, but the fact remains that you can buy from us a reliable timekeeper cheaper than ever before, in fact that there is no need to buy shoddy goods at all.

If you want a good and also the cheapest watch for the money, we recommend a good movement in a nickel case instead of a poor one in a fine looking colored case that will only wear a very short time.

Soliciting a share of you patronage, we remain,
Yours respectfully,
E. W. TAYLOR,
