New Firm.
WE have rented the premises lately occupied by Mr. J. J. Seaman, Prince Street, and will continue the same business under the firm name of HARRIS & BLAKE. We have purchased the good will of his business, and having had several years' experience, are now prepared to carry on Carriage Building in all its branches, and feel confident of keeping up the reputation of the old Factory.
EDWARD HARRIS,
GEORGE BLAKE.
Referring to the above, I desire to thank the public for the liberal patronage which I received while in business, and solicit for the new firm a continuance of the same.

Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.
This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain.
Read these testimonials:—
"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence St., Lowell, Mass.
Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.
Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.
"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyson, (of Fernandina, Fla.) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers St., New York City.
"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and after faithfully continuing the use of this medicine for some months, the pain disappeared, and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

FLETCHER'S.

THE "BELL" PIANOS we have recently sold to His Honor Lieutenant-Governor Corvell and others in the city have given the utmost satisfaction.
THE "BELL" ORGANS need no puffing. The fact that we have sold over Twelve Hundred (which is over double the number of that of any other make sold) on the Island, is sufficient proof of their superiority over all others.
TESTIMONIAL FROM PROF. EARLE.
CH'TOWN, P. E. I., Aug. 26th, 1888.
MR. C. P. FLETCHER.
DEAR SIR.—The many scores of Bell Organs which I have had the pleasure of testing, have given me the utmost satisfaction. They possess excellent qualities of tone and touch, and the general workmanship is first-class. Having been organist of St. Paul's for 22 years, and during all that time teaching the piano and organ to upwards of 400 persons in town and country, experience has taught me that Canada has turned out an organ which, for qualities referred to above, and durability, is hard to excel.
S. N. EARLE,
Teacher of Piano, Organ and Singing.

Always on hand, a full line of VIOLINS, ACCORDEONS, CONCERTINAS, FLUTES, and all other small musical Instruments
Best Quality Violin Strings,

Local and Other Items.

STREET PAVING.—It is stated that half a million dollars will be sent next year in paving Montreal streets with either block or asphalt.

UNLESS more care is given to the hair, the coming man is liable to be a hairless animal; hence, to prevent the hair from falling use Hall's Hair Renewer.

THE MAILS.—P. E. Island mails, hitherto distributed in the Moncton post office in the afternoon, do not now come to hand until the following morning, the delay being caused by bringing the mails via Pictou instead of Point du Chene.—Moncton Transcript.

MANY an otherwise handsome face is disfigured with pimples and blotches, caused by a humor in the blood, which may be eradicated by the use of Ayer's Sarsaparilla. It is the safest blood medicine in the market, being entirely free from arsenic or any deleterious drug.

THE special quality of Ayer's Hair Vigor is that it will restore the natural growth, color and texture of the hair. It vitalizes the roots and follicles, removes dandruff, and heals itching humors in the scalp. In this respect, it surpasses all similar preparations.

THE CAUSE.—An agent for an American firm which imports sheep from Prince Edward Island was sent here to ascertain the cause of so many sheep dying in the cars en route to the States and is of opinion that the sheep were killed by rough shunting at Point du Chene.—Moncton Transcript.

CHESS.—The international chess tournament, 60 players a side, between Canada and the United States, conducted by correspondence, has been won by the Americans, the score standing 31½ games to 19½ games for the Canadians. Nine games are still to be played, but they can't effect the result.

HAD SEVENTEEN CHILDREN.—A few days ago Mrs. Sophie Courrier, of Pembroke, Ont., while in a state of melancholy, threw herself out of a window and died instantly from the blow. Her neck was broken in the fall, and the body was otherwise injured. She was the mother of seventeen children.

BROKE THEIR PROMISE.—A Halifax despatch says: Three years ago the Imperial military authorities led the city to believe they would transfer free an eligible location in the centre of the city, now used as a coal shed, to the city as a site for a market. Now the military authorities demand \$25,000 for the land.

CHILDREN MARRIED.—The Halifax Herald says: Two Chetzetook youngsters were married in a house on Blowers Street a few evenings ago. The groom, named Murphy, is only 15 years of age, and the bride, whose name is Minnie Lapierre, is but 14. The couple were married by a license issued by the consent of the girl's parents.

WILL KEEP HIM COMFORTABLY.—James Nixon, of St. John, a few days ago received the joyful tidings from Washington that he will shortly become the possessor of \$3,888 in hard cash, and receive \$12 per month during the remainder of his life as a pension. Mr. Nixon is now 77 years old, and has for some time past been, on account of illness, prevented from doing active work. The pension is on account of his son who was killed in the war.

FOR BALDHEADED PERSONS.—A well-known European physician professes to have discovered the bacillus, which causes baldness. These bacilli, according to Dr. Gaymoune, invade the hair follicles, and make them so brittle that they break off. If the mischief has not gone too far the bacilli may be exterminated by smearing the hair—or the place where the hair had been in happier days—with a mixture consisting of codliver oil and the juice of onions.

A SAD OCCURRENCE.—The North Sydney Herald says: A very sad accident, by which Freddie, the two-year-old child of Chas. and Mary Hurlbut, lost his life, occurred last Thursday. The young one had been playing near the open stove with a newspaper. While so doing the paper caught fire, igniting the child's clothing, and before the flames could be extinguished, the child was fatally burned. The poor little one lived until Thursday night, suffering intense pain until it died. It was a very sad occurrence, particularly as Mrs. Hurlbut was only here on a visit to her former home.

SAD STATE OF AFFAIRS.—Another lamentable account of destitution comes from Dakota. A despatch under date of Dec. 7, comes from Yankton, Southern Dakota, to the New York Herald says: Gov. Melleterre arrived to-day from the scenes of destitution in Minner County. His accounts of the suffering there make it greater than previous reports. He says there are 600 families on his list of absolutely destitute in Minner County, and that many of these people will die if relief is not provided. The Governor is making an effort in the counties along the Missouri River, where the crops were abundant, to secure aid. The people, he says, need food, grain clothing and fuel, and he asks for liberal contributions.

A CLOSE TRANSACTION.—Some time ago Alex. Close, of St. John, N. B., received a letter from Colorado, enclosing a draft for \$1800. Mr. Close did not know who sent this draft, but, supposing it to be from a half brother out West, he had it cashed and proceeded to put the money where it would do the most good. All went well until a day or two ago, when Alex. Close, of St. John's, P. Q., arrived in the city, accompanied by a legal gentleman, and called upon his namesake. The visiting Mr. Close, explained that the \$1800 draft was intended for him, and was his share of the proceeds of the sale of a mine in Colorado in which he was interested. The St. John Mr. Close had only \$725 of the amount left, which he handed over. The balance will likely be sent for.

ONE of the reasons why Scott's Emulsion has such a large sale is because it is the best. Dr. W. H. Cameron, Halifax, N. S., says: "I have prescribed Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for the past two years, and found it more agreeable to the stomach and have better results from its use than any other preparation of the kind I have ever used." Sold by all druggists, 50 cents and \$1.

The Heartlessness of Royalty.

SEVEN THOUSAND SOLDIERS CLEARED SNOW FOR AUSTRIA'S EMPRESS.

The movements of royal personages in Europe last week were greatly hampered by the unfeeling and disrespectful weather. Austria and Hungary are underneath three feet of snow, and drifts have blocked the railroads and highways. In Vienna 5,000 laborers constantly at work have managed to keep the more important thoroughfares reasonably clear, but the price of food has risen 20 to 30 per cent. Empress Elizabeth knew all about this, but for some inscrutable reason she expressed a wish to take a trip from her castle at Miramar to Vienna. Nothing could be more inconsiderate or less opportune, but her wish was law, and the civil and military authorities took prompt measures to obey. The line from Miramar was blocked, and every station was crowded with shivering, half-starving, snowed-up passengers. Seven thousand soldiers and railway men were, however, set to work, and in six hours had cleared the line sufficiently to allow the passage of the Imperial train. It proceeded very slowly, and the officials in charge were in constant dread of an accident. As the train passed through the various stations the people groaned and cheered the Empress, presumably out of sheer envy at not being able to travel themselves. No attempt was made to keep the line open, and the Empress alone benefited by the concentrated energy of 7,000 men.

Extending the Fortifications.

Extensive works are being carried on in and around Halifax by the Imperial military authorities. The works carried out, or reported upon, include (1) inspection and equipment of forts. (2) Extensive surveys by the royal engineers of the land in the vicinity of Halifax. (3) Strength and condition of military troops. (4) Nature and numbers of transports obtainable in case of emergency. (5) Strength and discipline of our volunteer soldiers. (6) Where to place men when occasion rises. (7) The mode of transportation and concentration of troops. (8) The men who can be called upon to fill prominent positions in time of war. York redoubt has been thoroughly inspected; the weak places have been detected and made strong; the guns have been tested, and any gun found defective in the slightest degree has been condemned. As a result of the investigation of York redoubt, which overlooks the mouth of the harbor, many changes have been made. Workmen, both military and civilian, have during the summer been actively engaged strengthening the forts. The roads and surroundings in the vicinity of this fort have been carefully examined, and the rifle pits around the main wall of the fort have been put in order and altered so that rifles may be fired from any position. Special attention has also been paid to all the other fortifications.

A Bad Day For Prohibition.

Boston, Dec. 10.—Thos. N. Hart, Republican and citizen's candidate, is elected mayor. The Republicans carried the city government and the city voted license.
Newburyport, Mass., Dec. 10.—E. P. Dodge independent citizen, was elected mayor. The city government is Republican, and voted license.
Salem, Mass., Dec. 10.—Robert S. Rantoul, Democrat, is elected mayor. The city government is Democrat and voted license.
Worcester, Mass., Dec. 10.—Francis H. Harrington is elected mayor. The city voted no license.
Lynn, Mass., Dec. 10.—A. T. Newhall is re-elected mayor. The city government is Republican and voted license.
Lowell, Mass., Dec. 10.—Palmer (Republican) is elected and so goes Republican city government. The city voted no license.

The Methodist Magazine for December.

The thirtieth volume closes well. It has four illustrated articles—describing Paris during the Exposition, a visit to Cyprus and the Levant, and notes of travel in Spain; Christmas stories and poems and other Christmas readings. A paper on the Epworth League movement, and other articles, make up an excellent number.
The announcement for 31st and 32nd vols. for 1890 is particularly strong. The substance of Lady Brassey's "Last Voyage," a sumptuous and costly book, will be given with 116 fine engravings, illustrating life and adventure in India, Ceylon, Barmah, Borneo, Celebes, Australia and New Guinea. The Editor will describe, with over 100 illustrations, the adventures of his large tourist party in Europe last summer. A series of special interest will be the "Vagabond Vaguettes," describing a journey on horseback throughout the length and breadth of Palestine and the Levant, with nearly 100 woodcuts. The Serial Stories will be Mrs. Barr's "Master of His Fate," a Yorkshire tale, and "Kathleen Clare," an Irish story. An important series of papers on "Social Progress" will be given, and a series of "Character Sketches" and stories illustrating Social Reform. A sketch of Thomas Brassey, the great "Captain of Industry," by Professor Goldwin Smith, will appear, and other important papers.
Twenty cents a number, \$2 a year. WILLIAM BRIDGES, Wesley Buildings, Toronto, and S. F. Huestis, Halifax.
