Address and Presentation

The following address was read by Rev. Mr. Mercer to Harry McKay the retiring Station Agent at Mt. Stewart on the evening of June 8th last and prior to his handing over the station for the last time to the relieving Agent Mr. McQuaid and a presentation of a lovely Gladstone suit case was made by Mr. R. A. Macdonald on behalf of the merchants and other friends from the village.

"We your friends and fellow citizens, have learned that the time has come when your years of faithful and energetic service with the Canadian National Railways in our community entitles you to retirement.

You have spent thirty-five years as station agent in this village and railway junction. In your work you have been friendly and favorable, endeavoring to please as much as possible.

In this community you have at all times played the part of a good and responsible citizen. We are happy that your home is here and your retirement from the railway will not lessen your activities as a citizen. In fact we anticipate that your leisure will enable you to give even greater consideration to community affairs.

Forty years is a long time making dots and dashes, reporting trains, humbling waybill details, mining freight and express rates, etc., but when it is past it is nothing more than a pleasant dream. We know that many of your experiences will remain with you as a fond remembrance to be cherished during the many years of retirement, which we wish for you.

The time of retirement is a milestone in one's life. A time when good wishes and appreciation of friends are always in place. We your friends, whom you have served so long and faithfully, wish to give some tangible evidence of our appreciation, therefore we ask you to accept this small token of our good will, and with it we express our sincere good wishes for your health and happiness in the years before you.

Mr. McKay made a suitable reply thanking those good friends and neighbours for their kindness at this time, not only for the wonderful case but particularly for the kind words as conveyed in the address.
