CITY COUNCIL PROCEEDINGS.

CHARLOTTETOWN, October 2nd.

Quarterly meeting of City Council held this day. Councillor John Brecken presiding; minutes of last meeting read and approved. Ordered that a Committee be appointed to provide clothing and boots for the Police officers for the ensuing year. The following gentlemen were appointed as said Committee, viz: Councillors DesBrisay, Brecken and Mitchell. Councillor DesBrisay gave notice that, at the next meeting of the Board, he would move to introduce a Bylaw, relating to the surveying and inspection of shingles and laths. Meeting adjourned.

OCTOBER 10th.

Adjourned quarterly meeting of City Council held this day; Councillor John Brecken presiding. Councillor Morris called the attention of the Board to the irregular practice of discharging prisoners from the lockup at unusual hours. On motion it was ordered that in future the City Marshall be instructed to retain all prisoners, arrested after the hour of 2 o'clock in the afternoon, in his custody, until the time appointed by law for the trial of such prisoners before the Police Court, unless discharged by His Worship the Mayor or presiding Councillor.

The annual returns of Fire Company No. 12 were laid before the Board, accompanied by a letter from D. McKinnon, Captain of said Company. Ordered that the sum of forty pounds be paid to said Fire Company for their services for the past year.

The Clerk read an application from A. McNeill, Reading Room Manager, for a gas light lamp to be placed in front of the Reading Room, Dorchester street. Ordered that said application be laid on the table for further consideration.

Councillor Yates gave notice that he proposed to move for the introduction of a By law in amendment to the Law for the suppression of gaming.

Several quarterly accounts were then submitted and ordered to be paid. After which, and the transaction of some further routine of business, the Council adjourned *sine die*.

Nov. 1st.

His Worship the Mayor in the Chair; minutes of the adjourned quarterly meeting read and approved. His Worship the Mayor announced to the Board the arrival per the *L. C. Owen*, from Liverpool, of the new Steam Fire Engine and its apparatus; all of which were found to be in excellent working order. His Worship then observed that his object in calling that meeting was to secure the co-operation of the Fire Department relative to the most judicious means for the future care and management of the Steam Engine. The invoices and correspondence relating to the cost and purchase of said Engine, were read and ordered to be inserted in the minutes of Council.

Thos. Alley, Esqr., Chief Engineer of the Fire Department, addressed the Board, suggesting the propriety of putting the Engine House in Grafton street in a proper state of repair for the reception of the Steam Engine, and that a room be fitted up in said building for the accommodation of an efficient engineer who might be appointed to take charge of the new Steam Engine.

On motion it was ordered that the suggestions of the chief engineer be acted upon, and that he be instructed to cause the necessary repairs and additions to be made to the Engine House, with as little delay as possible.

On motion it was ordered that the Fire Department be requested to recommend to the Council Board a practical and skilful engineer of good reputation to take charge of the Steam Fire Engine and its apparatus, and that such recommendation be submitted to the next meeting of Council. Council adjourned.

Nov. 14th.

His Worship the Mayor in the chair. Minutes of preceding meeting read and adopted. His Worship submitted to the Board the minutes of a meeting of the Fire Department, recommending the appointment of Chas McFarlane as Engineer of Steam Engine, and Chas Strickland, Esq., as Captain, with power to form a Company of Volunteers, consisting of not less than 40 men, to take charge of and manage the new Engine. It was, however, stated to the Board that Mr. McFarlane declined to accept the above appointment, he having recently entered into a new engagement with his present employers. His Worship laid before the Board a Fire Insurance policy effected on the new Market House, for the sum of one thousand pounds, at 1½ per cent. premium, in the office of the British and Mercantile Insurance Company.

On motion, it was ordered that City debentures to the amount of six hundred pounds be issued and placed in the hands of His Worship the Mayor, for the purpose of meeting the payment of the third and last instalment due the contractors for the new Market House.

Councillor Morris read an application from the City Marshall and Police Officers, setting forth the inadequacy of their salaries, to meet the necessary expenses of their families at the present increased prices of all descriptions of provisions. On motion, it was ordered that from 1st Nov., inst., to 1st May next, the sum of thirty shillings be added to the monthly allowance of said officers.

Councillor Morris gave notice that at the next meeting of Council he would submit an amendment to the law relating to the Inspection, Weighing, and marking of Flour imported to this City. Council adjourned.

Nov. 15th.

His Worship the Mayor in the chair; the minutes of previous meeting having been read and approved, the Clerk read a letter from Mr. Archibald White offering his services as Engineer of the new Steam Fire Engine, subject to certain conditions therein named. On motion of Councillor Brecken, it was resolved that Mr. A White be appointed Engineer of said engine, agreeably to the terms of his proposal, for the term of one year, to which motion an amendment was submitted by Councillor DesBrisay to the effect that the proposal of Mr. White be referred to the consideration of the Fire Department, in order that their report thereon might be heard before the Council as early as possible. The question was then put, and the Council divided as follows: For the amendment—Councillors DesBrisay, Yates, Morris; against it — Councillors Brecken, Mitchell, Brown, Butcher, Beer. Mr. Brecken's motion was accordingly adopted.

The Clerk then read a letter from Chas. Strickland, Esq., relative to the formation of a Fire Company to take charge of the Steam Engine. Ordered that Mr. Strickland be appointed Captain of said Company, in accordance with the terms stated in his letter.

Council adjourned.

Nov. 19th.

His Worship the Mayor Presiding. Minutes of last meeting approved. His Worship submitted to the Board a Communication from the Fire Engineers, containing certain objections entertained by them touching the appointment of Mr. White as Engineer, and the removal of the Steam Engine to the Engine Premises on King's Square. His worship also laid before the board a letter from Mr. White offering to take charge of the Engine in its present position in Grafton street at a salary of £200 a year. On motion it was ordered that all the papers connected with the subject of appointing Mr. White Engineer, be referred to the further consideration of the Board of Fire Engineers.

Council adjourned.

Nov. 20th.

His Worship the Mayor in the chair. Minutes of previous meeting approved. The Clerk read the minutes of a meeting of the Board of Fire Engineers to the effect that the proposal of Mr. A. White be accepted, provided he enter into an agreement with the city to engage a competent person to be at all times in charge of the Steam Engine, Hose, Reels, &c., and also to look after the other, Fire Engines belonging to the Fire Department and to keep them also in good working order.

After some time spent in discussion relative to the necessity of having all the engines at all times ready for work and prepared for every emergency, Councillor Mitchell submitted a Resolution to the effect that the City Council, concurring with the suggestions of the Fire Department, do command and require that the Steam Fire Engine be kept and stationed at the Engine House in Grafton Street; and that the Council adhere to their appointment of Mr. A. White as Chief Engineer of said Engine in accordance with his written proposal now before the Board, and that he be paid the sum of two hundred pounds for his services as such for the term of one year. Said Resolution having been adopted, it was ordered that his honor the Recorder prepare the necessary agreement with Mr. White, agreeably to the terms of said Resolution.

Council adjourned.

December 1st.

His Worship the Mayor presiding. Proceedings of previous meeting read and adopted.

The Clerk read applications from P. Kelly, Pownal street, and Isadore Chiasson, Eastern street, for Tavern Licenses, both of whose applications were refused; it being the opinion of the Board that no necessity existed for an increase of licensed taverns in the localities alluded to. The application of Charles Carr for Tavern license was granted, provided he submits the necessary papers to the Board.

His honor the Recorder read a draft By-law in amendment to the Law for leasing the City Wharfs. Ordered that said By-law be read a second time at next meeting of Council. On motion, Councillor Mitchell's name was added to the new Market House committee.

Councillor Morris, agreeably to notice, presented draft By-law in amendment to the law relating to the inspection, weighing and marking of flour in this city. Ordered that said By-law be read a second time at next meeting of Council.

The Board then entered into a discussion on the propriety of causing an additional sum to be insured on the new Market House. Ordered that a further policy be effected for the sum of £600 in the Insurance Office of which the Hon. C. Young is Agent.

The Board then had under their consideration the Public Wharfs of the City, under lease to Silas Barnard, Esquire. During the debate touching the adoption of means for the improvement of the said wharves, J. S. Carvell, Esqr., agent for the Boston Steam boat Company, by permission, addressed the Board respecting the Queen's wharf held by said Company by sublease from Mr. Barnard. Observing that it was the desire of the Company to secure an extension of said lease with the view of very materially improving the said wharf. After some further deliberation on the subject, the Council adjourned till Monday next, the 3d instant.

A. McNEILL, Reporter.

Charlottetown, Dec 1st 1866.

[We regret that want of space will not permit a publication of further particulars.—ED. EX'R.]

(Other papers willing please copy.)

A royal decree has been published in Berlin, ordering the Prussian forces in Saxony to be reduced to a peace-footing. The disarmament of the Rhenish fortresses is to be raised for the defence of the new provinces acquired by Prussia. Whilst this great German power is thus taking every precaution to secure what she has obtained, the inhabitants of some of the provinces lose no opportunity of expressing their abhorrence of their conquerors. In Hanover the ladies abstain from visiting the theatre, which is to be subsidised by the King of Prussia. In the Catholic churches of Nassau people leave at once when the prayer for the King begins; and out of 100 officers belonging to the army of Nassau, only two have joined the Prussian forces. The promulgation of a decree calling all youths in Nassau born in 1846 into the army, has had the effect of causing many sons of the wealthy farmers to emigrate, as military service was a thing unknown to them. The King of Saxony has avowed his determination fully to carry out the obligation imposed upon him by the treaty of peace, and calls upon his subjects to lead him their support in his new path of duty. His Majesty is shortly expected to pay a visit to Berlin.

It affords us much pleasure to learn that Mr. Leander G. McNeill, favourably known to many of our readers, has been successful in winning a Scholarship in Edinburgh. It is one of the "Miller Scholarships," worth £40 sterling a year, for two years, and is regarded as among the best Scholarships in the University. What renders this victory the more creditable, is the fact that it was gained after keen competition. There were some twenty competitors, among whom were the senior medallist in Latin, in the Glasgow University, and high prize-men in the Edinburgh University. We congratulate our young friend on his success, and hope that he may yet win laurels, and wear them gracefully.—*Pat*.

The New York *Herald* says:—"It is a great source of satisfaction to the masses to see the prices of all necessaries of life coming down at such a rapid rate. The speculators have enjoyed a long term of profitable operations, and it is time now that the people, especially those of small means should be enabled to live without exhausting every dollar of their earnings in procuring a bare support for their families. The Western speculators in provisions and cattle are now compelled to throw their produce on the market, for it has accumulated vastly on their hands, and the business must still go on. Hence the ample supply which has reduced prices so suddenly and so opportunely for the poor, just on the advent of winter."

The following gentlemen were this week elected and installed as officers of Victoria Lodge, No. 383, R. S., of Free and Accepted Masons: Bros. George Douglas, R. W. M; James Davis, R. W. D. M.; John Cairns, R. W. S. M; Donald Currie, R. W. S. W.; R. R. Morrison, R. W. S. W.; W. R. Watson, Treas.; James Pardie, Sec; Rev. Thomas Duncan, Chap; Alex. McKenzie, S. D; George Rankin, J. D; Fred. Douse, Architect; Neil Rankin, P. M, Marshal; Robert Galbraith, Organist; Alex. Ross and John McLean, Stewards; M. Waddell, I. G; James Connell, Tyler.

A New York despatch reports that prominent Radicals held a meeting in Philadelphia on the 20th ult. at which articles of impeachment against the President were prepared. They are to be submitted to a caucus of Republican members of Congress on the Saturday preceeding the meeting of Congress.

Judson's Dead Shot Worm Candy

The following is an extract from a letter received by us from

DR. RUSH OF NEW YORK;

It speaks in trumpet tones for this great remedy; read it: "As I before remarked I have used your WORM CANDY in my practice;—now I never said a word in favor of a Patent Medicine before, but I think it just to say to you that your medicine is no humbug. I have tried it and I know it will do all it claims. It must be one of the most successful medicines of the day, for it is one of the most valuable. Those who have children should never be without it."

Sold by all Dealers. *Get our Almanac.*

Dec. 3. 1m

A ROYAL PRINTER.—The young prince, son of the Emperor Napoleon, has requested permission to learn the art of printing. A miniature press has been prepared for him in the Tuilleries, and a printer selected to give him the necessary instruction in the "art preservative of all arts."

HOLLOWAY'S OINTMENT AND PILLS.—These direct curatives act on the human body as mighty purifiers and healers, which slowly, gradually and safely work a change for the better throughout the whole system. The Ointment has almost miraculous powers in cleaning and healing old sores and ulcers, which had defied the highest surgical skill; but perseverance is necessary to attain this end, as it would be unreasonable to expect that any ulcer or skin disease which had been firmly rooted in the body for years could be cured in a few days. It cannot be too much to ask a trial of these noble remedies in any chronic ulceration or other foul wound; in a short time they will prove their virtues.

OUR INFANT HAS BEEN BROUGHT SAFELY through the critical period of teething by the sole aid of MRS WINSLOW'S SOOTHING SYRUP. We advise all parents to procure it.—[Mississippi Baptist.]

It corrects acidity of the stomach, relieves wind colic, regulates the bowels, and, by giving rest and health to the child, comforts the mother.

FOR THROAT DISEASES AND AFFECTIONS OF THE CHEST. "*Brown's Bronchial Troches,*" or Cough Lozenges, are of great value. In Coughs, Irritation of the Throat caused by cold, or Unusual Exertion of the vocal organs, in speaking in public, or singing, they produce the most beneficial results. The Troches have *proved* their efficacy.

INVIGORATE THE RESPONSIBLE ORGAN.—The stomach is the responsible organ of the system. If the digestion is imperfect, every member, every gland, every muscle, every nerve and fibre is more or less out of order. All the fluids are depraved. The brain is clouded. The spirits are depressed. All dyspepsics know this to be the truth. It is not, however, past the truth. Columns would be required to enumerate the pains and penalties of dyspepsia, nor could any pen do them justice. Tens of thousands feel them; no man can describe them.

Can they be prevented? Can they be relieved? Can they be banished at once and for ever? UNQUESTIONABLY THEY CAN. No dyspeptic has ever taken HOSTETTER'S STOMACH BITTERS in vain. Believe no one who says the complaint is incurable. *This great vegetable stomachic* will eradicate it—is eradicating it in thousands of cases over which medical practitioners have shaken their heads unanimously, saying, "Nothing can be done."

The faculty has its fallacies. One of them is that Indigestion is the most difficult of all the ordinary ailments of mankind to combat and subdue. This is a mistake. Nothing can be easier than to conquer it if the *true specific* be administered. This vegetable combination which has become famous throughout the civilized world as HOSTETTER'S STOMACH BITTERS is an antidote to the disease which has never been known to fail, fortunately is everywhere procurable. If you wish to fool with the dyspepsia, try the pharmacopœia prescriptions. If you want to *root it out* and prevent its recurrence, take the Bitters daily. There is no discount on the testimony in its favour. If there is a man or woman who has ever tried it for indigestion without being benefitted, the fact has not transpired. Universal, uncontradicted praise avouches its wonderful tonic virtues.

Died.

On Wednesday morning, the 28th November, at his residence on Lot 65, of inflammation of the chest, Mr. JAMES MONTAGUE MACKIE, aged 54 years. He has left a sorrowing wife and four children to lament the loss of a kind husband and tender parent. He was a kind and obliging neighbour.

Suddenly, on the 18th ult, Mrs Ann McWilliams, widow, aged 49 years. The deceased bore a distressing illness for the last two years with very great patience, and manifested much resignation to the Divine Will. She exhibited all the characteristics of being a Christian in deed and in truth; and by living a life of faith upon the Son of God, has left the testimony, that she is now present with the Lord. She has left one sorrowing daughter only, out of a large family to mourn her loss.

Married,

At Chatham, N. B., on the 19th instant, by the Rev. T. Barry, Mr. John S. O'Neill, of Summerside, P. E. I., to Elizabeth Gertrude, daughter of Mr. D. Barry, of the above place.
