

Local and Other Items.

RINK.—There will be no band at the Rink to-morrow afternoon.

TO-NIGHT.—Practice of Natal Day Committee in Oddfellows Hall to-night at eight o'clock.

ADDRESSES WANTED.—The Postmaster at Charlottetown wishes to obtain the post office addresses of James Kenny and A. D. McPherson, of P. E. Island.

Y. M. C. A.—Remember the Young Men's Bible Class in the Y. M. C. A. Parlor this evening, conducted by Rev. Mr. Carruthers. Commences at 8 o'clock.

MASONIC.—Victoria Lodge, No. 2, A. F. & A. M., will hold a Lodge of Instruction to-morrow (Saturday) evening, at 7.30 o'clock. All brethren are requested to attend.

JERSEY CATTLE.—On Tuesday last, Mayor Haviland's celebrated Jersey cow Luna Bella, A. J. C. C. 11576, gave birth to a fine well-bred bull calf, eligible for registry in the American and Nova Scotia Herd Books of Jersey cattle.

HANDSOME SLEIGH.—Mr. W. J. Fraser has opened a carriage emporium in the Athenaeum building. Among the large stock of sleighs and carriages on hand is a new style of sleigh just received from Boston, which has but to be seen to be appreciated. Call and take a look at it.

MONTREAL'S FINANCIAL STANDING.—Mayor-elect Grenier, of Montreal, was installed on Monday, with great éclat. His inaugural address was an elaborate statement of the city's financial standing. The issue of £840,000 sterling, three per cent. in London, has raised the total indebtedness of the city to about \$15,000,000, costing annually \$660,000, or \$150,000 less than in 1888.

THEY WERE ELOPERS.—A few days ago the cars landed at McKeesport, Pa., a young man without legs, a handsome, dashing brunette, a handcart and a dog. The girl harnessed the dog to the cart, lifted the man into it, and helped to push the cart across the Reynolds-bridge, where they took the train and departed. Later in the day an officer from Leontia, O., arrived in search of them. He said they were elopers.

POLICE COURT.—Charles Nelson appeared before His Honor this forenoon, charged with violating the Canada Temperance Act by bartering a bottle of liquor for a sleigh robe between the 20th February and the 8th March, inst. After some witnesses were examined the case was adjourned until Monday next. The adjourned case of Michael Began, charged with the larceny of a sleigh robe, was further adjourned until to-morrow forenoon, at the request of counsel.

ANOTHER ONE GONE.—The fools are not all dead yet, though one more has been added to the number. A blacksmith in the town of Marine, Schleswig-Holstein, recently made a wager that he could eat three pounds of raw meat and one pound of raw sausages, and drink six quarts of beer at one sitting. He accomplished the feat, but died almost immediately afterwards. A post mortem examination of his body revealed the fact that his stomach had been rent by the pressure of its contents.

A LIVELY TIME.—A Halifax despatch says that the Provincial House of Assembly was turned into a bear garden on Tuesday, and the wild language at times indulged in gave promise of personal encounters. Mr. McCoy, member for Shelburne, made a fierce personal attack on Mr. Weeks, member for Guysboro, and Weeks retaliated by calling McCoy a skunk. When McCoy rose to speak, the speaker refused to allow him to proceed. McCoy appealed to the house, when the speaker's ruling was sustained.

L. & S.—Percy Pope, Esq., read an interesting and very carefully written paper, last evening, entitled "The Disability of Human Reason, as it affects the religious question." Comments on the paper were made by Charles Palmer, John Newson, Rob Angus, Archd. McNeill, George Bremner, Dr. Loeming and G. F. Owen. Mr. Pope received the thanks of the Society, and, by a unanimous vote, the press were requested to publish it. We shall try to find room for it in to-morrow's issue of THE EXAMINER.

SUCCESSFUL ISLANDERS.—The Montreal Star publishes the names of the winners in the "Looking Glass" section of its short story prize competition. We notice the names of two Islanders among the successful ones. They are Bessie L. Carr, of Western Cove, head, and Sarah P. Gay, of Bayfield, Lot 46. The first-named is 12 years of age, and the latter 15. Miss Carr's story is entitled "An Adventure on the Ice," and Miss Gay's, "Swimming After the Ship." The prize in each case was \$4. Both stories are very good, indeed, and we congratulate their youthful authors on the success that has attended their efforts.

A DISTRESSING ACCIDENT.—A River John correspondent writes to the Pictou Standard: One of the most sad and fatal accidents in the history of our town occurred on Friday evening last, at the residence of Dr. Collie. His eldest daughter, 6 1/2 years of age, upset a table with a lighted lamp; and the fire immediately caught in the child's clothing, burning her face and hands severely. Medical aid was soon at hand, but the fire had done its terrible work, and on Saturday morning death came to the relief of the little sufferer. In her brave efforts to subdue the flames, Mrs. Collie had her hands very badly burned.

Personal.

Mr. L. H. Davies, M. P., will address a mass meeting in Toronto on March 21st, and will speak at a banquet at Hamilton on the following evening.

Dr. J. G. Schurman, the Canadian Professor of Cornell University, has been invited to deliver the commencement orations at Wellesley College, Mass., and of the Ohio State University. He has accepted both of them.

The Gloucester Times of the 8th inst. says: "We had a pleasant call this morning from Mr. Wm. B. Dean, for thirty years engaged in business at Charlottetown, P. E. I., and well known to many of our older readers as a man of intelligence and patriotism, well acquainted with and deeply interested in the success of the American fisheries. Mr. Dean is a native of Wintertown, Me., but in 1844 removed to Charlottetown, where he remained until 1873. For the past six years he has been engaged in agricultural pursuits in Dakota. While at Charlottetown, Mr. Dean held for some years the office of American Consul, and he is now a candidate for the same position under President Harrison. He is well qualified for the position, and will doubtless secure the support of many of our master mariners and fishing owners."

SPECIAL DESPATCHES TO THE EXAMINER.

LATEST FROM OTTAWA.

Fishing Licenses and Other Matters.

OTTAWA, March 14. The Budget debate took up the time of the House to-day.

Sir John Macdonald announced that an arrangement had been made with the leader of the Opposition that the Budget debate should be resumed on Tuesday next, and finished at that sitting.

A good deal of speculation has been indulged in here lately with reference to the action which the Government will take during the coming fishing season, in regard to the issue of licenses under the *modus vivendi*. It is understood that the Government recently reached the Government from the Colonial office asking whether it had definitely decided yet to grant any more licenses, and that the answer which was sent was to the effect that the issue of licenses had been stopped temporarily in order that the Canadian and Newfoundland Governments may agree on a common line of action with regard to a request from London asking if any changes had been made in the instructions to captains of the fishery protection cruisers. The reply was that the matter had not engaged the attention of the Government as yet. The cruisers are not going out until May.

A sensation has been created by the resignation of Hon. John Macdonald, of Toronto, of the presidency of the Dominion Evangelical Alliance, on the ground that the Alliance is being used for political purposes, and that the Governor General was being treated with contempt by the Alliance in memorializing the Queen direct on the Jesuits estates question.

A special cable says the *Canadian Gazette* published the alleged terms of the fast Atlantic service, the amount of subsidy being \$500,000 for ten years.

The Premier to-night said that the statement was not correct. Many believe the service cannot be procured for less, but the amount has not yet been fixed. Negotiations are being carried on by cable with the Orient Line. The division on Cartwright's amendment will take place on Tuesday night.

Manitoba's Advantage.

MONTREAL, March 14. Rev. Mr. Beaudry, deputed some months since by Archbishop Tache to set forth to Quebec farmers the great advantages which Manitoba offers them, met with success during the past winter. Next Monday 500 settlers will leave Montreal for different parishes in the Red River Valley. The Canadian Pacific colonization officers will also send forward five hundred more to follow by large numbers from week to week. The tide of emigration to the States is not only checked, but great numbers are leaving and preparing to leave the manufacturing towns of New England to take up lands in Manitoba and the Northwest. A great many farmers from Ontario will also go to Manitoba this year. Some 700 new settlers passed through North Bay yesterday, bound for the fertile plains of Western Canada.

Another Explosion.

PITTSBURG, Pa., March 14. The battery of boilers at the West Point boiler works of R. Monroe & Sons exploded shortly after noon to-day, while many of the workmen were at dinner. The plant is completely wrecked. Of 65 employees, five were killed and eleven injured. One will die. It is feared many more are beneath the debris. The cause will probably never be known, as the engineer was killed outright, and no one can be found who was in the engine room at the time of the explosion. The loss will reach \$30,000.

Mine Sold.

HALIFAX, March 14. The Dufferin gold mine at Salmon River, Halifax County, was sold at auction to-day for \$14,000. It is the most productive mine in Nova Scotia, and has yielded \$115,000 profit during the last three years. It was owned by four partners, one of whom died, and was sold to wind up the estate. It was bought by the Archibald family, who were the former owners of three-fourths of the mine.

The *Winnipeg Sun* (Independent), after alluding to the feeling held against Hon. Mr. Dewdney for some things for which he was not to blame, says there is no doubt that his going to make a most successful adminis-

trative officer. The *Sun* says: "He is a hard worker and untiring, with a thorough desire to please. Judged by his action so far, it is quite apparent that the Northwest has little to fear from his hands, but that, on the contrary, he will do his best to promote the interests of our great domain. He understands the wants of the country thoroughly, and being personally familiar with the entire territory, he is always in a position to determine what would or would not be advantageous for the people of the different districts."

Go to thy rest, fair child! Go to thy dreamless bed, While yet so gentle, undefiled, With blessings on thy head.

Fresh roses in thy hands, Buds on thy pillow laid, Haste from this dark and fearful land, Where flowers so quickly fade.

Shall love with quick embrace, Thy upward flight detain? No! gentle angels seek thy place, Amid the cherub train.
