15,000-Gal. Reservoir Approved For Alberton

Approval for the construction of a 15,000-gallon reservoir near Main Street was given by the Alberton Town Council at a meeting in the library last night.

Fire Chief Stephen Burke was appointed to supervise the work of providing additional water supply for the use of the fire brigade. Discussion was held regarding a new fire hall and the Fire Chief was requested to obtain costs of a suitable building and present them at a special meeting next Monday.

On motion the town policeman is to issue a final warning to owners of dogs, giving them until August 30 to obtain a dog license. The Town Clerk stated that only 29 licenses had been sold this year.

Steel Co. Strike Ends First Week, Serious Results Seen

HAMILTON (CP) — The strike at the Steel Company of Canada's largest Hamilton plant ended its first week Monday amid warnings that a strike of a month's duration or more could have serious effects.

A Steelco spokesman said a prolonged shut down could force Steelco customers to seek supplies in the United States where plenty of steel now is available.

He said most major customers have about a month's supply on hand. Firms which run short will likely order from the U.S. and be willing to pay the higher price rather than close operations.

"Any business that goes across the border will be lost production for us."

Large-scale layoffs in district construction work are expected if the strike goes for a month. Newman Brothers, a firm building a \$5,000,000 addition to the Ontario Hospital, said they have enough steel on hand for another three weeks. After that 150 men may have to be laid off.

Last week 380 men working on construction projects for the Hamilton steel plant were laid off by the strike action. A National Employment Service official has warned that a long shutdown could idle 5,000 non-strikers.

Meanwhile, talks continued between representatives of Steelco and the United Steelworkers of America (U.S.A.) at a downtown hotel Monday's discussions dealt with the union's demands on fringe benefits and did not touch on the deadlocked subject of wages.

The union is asking a 33-cent-an-hour package deal. Steelco has offered five cents an hour for the nearly 8,000 workers involved.

NEW YORK

NEW YORK AP — The stock market continued to give ground Monday but on the smallest volume in nearly two months.

Leading issues dropped from fractions to about 2 points. Copper and tin lost 10 to 15 cents. Steel losses as they continued to react from Kennecott's dividend cut of Friday and to word that stiff congressional opposition was expected for the mineral subsidy bill.

Chemicals also resumed their slide and rails, aircrafts, utilities oils and building materials declined. Lower-priced stocks were favored.

Studebaker - Packard was graded heavily late in the day on word that Curtiss-Wright will end its management agreement with the company upon completion of a financing program for the auto manufacturer. Studebaker was higher but Curtiss-Wright, which reported sharply lower earnings, dropped 4%.

Traffic Pileup At Borden Relieved As Ferry Resumes

The S.S. Prince Edward Island returned to the Borden-Tormentine ferry route Sunday night, and immediately went into service to relieve the heavy pressure placed on the "Abegweit" during the p. st. week.

The second ferry has been laid up in dry dock at Halifax for the past several days due to trouble in the port propeller shaft, the result of causing a partial slow-down in traffic movement at the terminals. The break-down was all the more serious since it occurred during Old Home Week when the holiday crowds were on their way to the Island to attend the week-long festivities.

The Prince Edward Island made two trips Sunday night and by yesterday morning traffic was back to normal. At times 300 cars were waiting to be transported, and the overworked Abegweit piled up the traffic moving as rapidly as possible. It is understood that on Sunday she handled nearly 1,500 cars on her crossings.

Robert Shaws Are Honored

A very pleasant evening was spent in Milo Hall Thursday where relatives and friends gathered to tender a shower in honor of Mr. and Mrs. Robert Shaw, nee Dorothy Ann MacLean, of Milo.

The hall was decorated with pink and white streamers. The bride and groom took their decorated seats of honor while the wedding music was being played by Mrs. Russel Rogers.

A great variety of gifts which were many and beautiful were opened by Mrs. Alton Harris while the accompanying good wishes were read by Mrs. Demot MacLean and placed on a neatly arranged table by Mrs. Hedley Mann.

Robert on behalf of himself and his bride thanked all for their lovely gifts and good wishes. "For They Are Jolly Good Fellows" was sung and a delectable lunch served by the ladies after which all departed to their homes wishing the happy young couple every happiness.

St. Mark's W. A. Plan Program

Mrs. Atwood Blakeney was hostess to the members of St. Mark's Anglican W. A. at her home at Kensington on July 6 for the regular monthly meeting.

With the president, Mrs. J.G. Townsend in the chair, the meeting opened with a hymn, reading of the scriptures and prayer.

Eleven members answered roll call with a verse of scripture.

Mrs. Elmer Paynter reported that \$7.50 had been paid towards sending a boy to camp.

Mrs. Townsend read a letter from Mrs. Paol announcing the semi-annual W.A. for September 24 at Craupand, beginning at 2 p.m.

Mrs. Elmer Moss, Educational Secretary, gave a talk on the study of Japan from the books, "Cross and Chrysanthemum," and "This is Japan". She asked that the members read more from the W.A. Library. Mrs. Townsend told of films to be shown this fall which W.A. members should see, "His Crucible," which will be shown on the C.B.C. series known as "Heritage," and the other "A Life to Live".

Mrs. Blakeney conducted an interesting Bible Quiz.

Mrs. James Sheen invited the members to her home for the next meeting when she will be in charge of the study session. Meeting closed with a hymn and prayer.

Lunch was served by the hostess assisted by her daughter, Mrs. Eric MacMurdo.

Crash Of K.L.M. Airliner Continues To Be Mystery

GALWAY, Ireland (Reuters)—The crash of the KLM airliner off the Irish coast Thursday remained a mystery Monday night.

An inquest jury returned a verdict that the deaths of 99 persons aboard the Super Constellation were due to "a violent impact sustained in an aircraft over the Atlantic."

The verdict added that there was "no evidence to show the cause of the impact."

A pathologist testified that there was "no external or internal evidence of death due to drowning."

Dr. John D. Kennedy said he had found no burns on the bodies of the 34 recovered victims of the biggest single disaster in commercial aviation. He added that

NO FIRE ABOARD Kennedy ruled out the possibility of a fire aboard the New York-bound plane saying that the "main type of injury was that of high-speed impact." He also reported death due to direct explosion.

An air traffic controller at Shannon airport testified that the radio transmission of the Royal Dutch Airliner was "very distorted and barely readable" when the four-engined plane arrived from Amsterdam.
