Aquarius

Take time out for yourself. If you sit back and look at the big picture, things will become crystal clear. A loved one is feeling unwanted -- reassure them that it is not the case.

Pisces

Love will blossom, if you just give that shy person that has been eyeing you a chance. Money troubles seem unbearable, be assured with a little time and effort they will work out.

Aries

Be prepared for the unexpected. Be sure not to take a friend's joke the wrong way. Don't forget to study for that big test coming up, it will be hard but you will pull through.

Taurus

An old friend will drop back into your life. Make time to stop and reflect on old times. This is good time to finish that novel you have been reading.

Gemini

Be careful about picking fights this week. A Libra in your life is a little picky but be patient and her mood will blow over. Be diplomatic.

Cancer

You have a lot of decisions to make. Support your best friend in Libra -- she will need your support. Enjoy life and make sure you don't make the wrong decision when it comes to school.

Leo

Don't be afraid to say no. Commitments are pulling you in every direction at once, so it is important that you take a little time out to smell the roses. Relax.

Virgo

This is your week to let go and have some fun. Do not turn down any invitations and you will not be disappointed. Flirt to your heart's content.

Libra

You have been moody as of late. Your friends will try to cheer you up -- let them. Next week will be brighter. Keep good friends with Cancer and remember that big competition you have, don't be nervous because you will do fine.

Scorpio

That annoying someone will take a fall; try not to gloat. This week people will notice you and that special someone will finally make up his or her mind.

Sagittarius

A favour will be repaid with interest! Life is treating you well and it seems that you are leading a charmed life. Enjoy

Capricorn

This week you are the winner in life and love. Don't sweat the small stuff and the big picture will turn out rosy. Smile a lot.
