THE AMERICAN FAMILY MEDICINE.

THAT MR. MOFFAT'S Life Pills and Phœnix Bitters have long since obtained the high and enviable distinction of a host of competitors, and that they acquired it solely by their invariably and almost unlimited efficacy, without the usual aid of fulsome puffery and pretensions, are well known to the public, and cannot be denied. While very little has been said concerning these astonishing Life Medicines by the proprietor himself, and not more than was necessary to call the attention of the afflicted to a sure and speedy means of relief, their renown has rapidly flowed from one individual to another, and from family to family, until they have long since become known in almost every town and village in the Union, as a wonderful and inestimable blessing. Voluntary and unsolicited testimonials of their absolutely astonishing efficacy, in diseases of the most dreadful and obstinate character, as well as in others of prevalent and ordinary occurrence, have been received by the proprietor from the persons they have cured from every section of the country, and still continue to be received in increasing numbers. It is with pride and pleasure that the proprietor refers the public to his 'MEDICAL MANUAL,' where a widely various selection of these testimonials is published, with the names and residence of the writers, because he has no hesitation in saying that the annals of Medical Science do not contain a greater number of variety of cures effected by any medicine known to the profession, or cures of a more frightful kind or of longer standing, coming as these testimonials do from the cured persons themselves, who certainly know best, from their own happy experience, whether they are cured or not. The evidence they afford of the pre-emptive and unprecedented efficacy of these grand remedies is perfectly irresistible, and commands rather than solicits the respect of the public. In addition to those already published, the proprietor is in possession of a vast accumulation of these personal certificates, demonstrating that his Life Pills and Phœnix Bitters are promptly and uniformly efficacious. In Scrofula in all its ityra headed forms. Dyspepsia whether chronic or occasional, Rheumatism both acute and chronic, Jaundice and bilious and liver complaints, however distressing or complicated, Fever and Ague in all their varieties, and when quinine and all other specifics fail; Habitual Constipation, especially when the Life Pills are used as dinner pills, immediately before or after that meal) Piles even in cases of thirty years standing, Dropsy, Gout and settled pains in the breast, back, or organs, disease of the bladder and kidneys, biles, tumours, and ulcers, Erysipelas, and all other eruptive diseases; Pleurisy, Asthma, Bronchitis, and other affections of the chest, lungs and mucous members; pimples, stains of the skin, and the foul unhealthily appearance of the complexion, arising from whatever cause, nervous or general debility, headaches, and giddiness, together with a vast variety of other maladies, in proof of the speedy and effectual cure of which by these medicines alone, the proprietor has hundreds, may thousands of certified testimonials. Both the Pills and Bitters are mild and delightful in their operation, producing none of even the temporary prostrations and nausea occasioned by nearly all other medicines, and they can be administered with safety to young children, and females in the most delicate health. Prepared and sold by Dr. Wm. B. Moffat, 375 Broadway, New York. For sale also by the agents.—NEW YORK, MAY 30. COOPER & BREMNER. Agents for Prince Edward Island.

These valuable Medicines may also be had on application to Mr. George Farley, Seafortown, Bedouque; Mr. George Wigginton, Crapaud; and Mr. Edward Henry, Lot 18. Charlottetown, August 12, 1842.

PROSPECTUS OF A LIBERAL NEWSPAPER.

To be published in Charlottetown Twice a Week.

To the People of Prince Edward Island.

GENTLEMEN; The subject upon which we have to address you is one that so closely concerns the common interests of us all, that we do not hesitate to approach you with all the familiarity of a friend—all the boldness and manliness of spirit inseparable from an integrity of purpose and firm attachment to the truth. We have to address you on the propriety of establishing in this Colony a FREE and INDEPENDENT Press; and in doing so, we shall avoid the indulgence of that flippant flattery and servile dissimulation so common to a Prospectus, which is as useless as it is disgusting.

To assert that you have no such Press, is to assert that which you all know. It is notorious that the whole population of this Island—save a miserable, arrogant and pure-proud faction, draining the life-blood of the country, and insulting its emanated form—have not the power of proclaiming their injuries and degradation, and establishing the tyranny and infamy of their rulers. That tyranny has existed for years, and still exists in more than its original deformity, and no journalist in the Colony has been found fearless and honest enough to expose and condemn it.

When you have to appeal to the Press of another Country to assert your rights and chastise your oppressors, there can be little doubt of the partiality, venality and corruption of your own; or, rather, that which calls itself yours. There can be little doubt that truth and justice have been bartered for the smiles of placemen and the patronage of power, and that perfidy and apostasy by some are regarded with higher favour than constancy and integrity. To render such appeals unnecessary, we purpose to establish in this community a Semi-weekly Periodical, under the title of

The Palladium.

To this step we are encouraged by your friends—the People's friends—whose solicitations and assurances of support are too urgent and flattering to be disregarded or unacknowledged. The object of this paper will be, emphatically, the defence of your rights, and the promotion of your interests. "This is not the cause of party, or of faction, but the cause of every man in Britain." It will be its object to investigate and assaui, if not remedy, the evils which have grown out of the Landocracy System, a system whose principle is "monopoly," whose effect is oppression; and wherever fraud or corruption may be found to exist, THE PALLADIUM will show itself its most uncompromising enemy.

To the Government, as at present constituted, THE PALLADIUM will present an opposing front, because it is unconstitutional and un-British—because it is the Government of an Oligarchy, and not that of a FREE PEOPLE, subsisting rather on the exercise of Military power than on the affections of the Colonists—and because it is a living lie on the system of Colonial Policy conceded by Her Majesty to her Provinces in America. We believe—we are sure—you desire an Administration based upon the uncorrupted principles of the British Constitution; and you have as good a right to such an Administration as the Provinces of Canada, Nova Scotia or New Brunswick. Though not so extensive in territory as either of her elder Sisters, the Island of Prince Edward has all the elements of national importance, in common with them; and the time has arrived when she should assert her claim to that position among these Colonies which her resources entitle her to maintain. And if we have life to execute the purpose we have in view, those claims shall not want an asserter or defender.

AGRICULTURE AND THE FISHERIES.

We are aware that the full development of the Agricultural and Fishing Resources of the Island is essential to its wealth and prosperity; and, in the discharge of our Editorial duties, these subjects shall often occupy our consideration.

NEWS.

A primary object of the PALLADIUM will be, to give a ready abstract of the latest News, from all parts of the world, as soon as it may reach our shores; and whenever it may be inconvenient to afford it through the columns of the regular publication, a Supplementary sheet will be employed.

LITERATURE, &c.

The lovers of les Belles Lettres shall ever find an amusing and instructive Miscellany in those columns usually devoted to such matters.

THE PALLADIUM will be printed on a sheet nearly as large as any of the Island Papers, and will be issued twice a week, on the mornings of Monday and Thursday. The annual subscription will be Fifteen Shillings—exclusive of incidental expenses—payable half yearly in advance. Thus it will be the cheapest Paper ever published in the Colony. The necessary Printing Materials will be received in the course of a few weeks; and as little delay as possible will then be made before the issue of the first number.

EDWARD WHELAN & CO. Charlottetown, June 12, 1843.
