

When the children are hungry, what do you give them? Food.

When thirsty? Water. Now use the same good common sense, and what would you give them when they are too thin? The best fat-forming food, of course. Somehow you think of Scott's Emulsion at once.

For a quarter of a century it has been making thin children, plump; weak children, strong; sick children, healthy.

For The Children

A Royal Laundress.

A story is told of the Princess Louise's visit to the Bermudas. These islands belong to Great Britain. The islanders determined to give her a reception, and both rich and poor made ready to do her honor.

One day she was out sketching, for, like the queen and the rest of the daughters, she is fond of sketching. She was thirsty and called at a cottage door for water. The good woman of the house was busy and refused to go for the water. She, of course, did not know who the princess was; she was busy ironing; she was ironing a shirt for her husband to wear at the reception of the queen's daughter, she said. Oh, no! She could not leave that to get water for anybody.

"If you will get the water," said the princess, "I will finish ironing the shirt while you are gone."

So the princess ironed the shirt while the woman fetched the water.

Carnations Her Hobby.

Mrs. William Rockefeller's hobby is for carnations, one of the greenhouse at her country place at Scarborough-on-the-Hudson being devoted exclusively to their culture. She has recently received 200 Malmaison carnations from France, having paid \$2,300 for the plants. She is said to spend thousands of dollars every year for the plants she imports for her own pleasure.

Charley's Friends.

About five years ago there came to Cramp's shipyard, in Philadelphia, a strange terrier dog and by his friendly ways soon made himself welcome at the watchman's box and with the men working just outside the gates. One day Charley as he had been named, got his foot crushed under a passing trolley car, and the policeman on that beat bandaged the wounded member and cared for it until it got well. Now Charley has two friends—the watchman and the policeman—and he goes into fits of joy every day over one or the other. At a recent launch Charley hunted up the policeman in an immense crowd of people and stuck by him during the ceremonies.

Fight Between Crabs.

The blue crab is a natural born fighter. The spider crab is more peacefully inclined, but he will fight. There are ten big spider crabs in one of the tanks in the New York aquarium, and one day two of the biggest met to settle their differences. They stood on their hind legs and faced each other like two boys meeting in the street. Then they threw their upper legs around each other and grappled and began clawing with their pincers. A moment later one tripped up the other, fell on him and clawed him as hard as he could. Then they separated and scuttled off.

A Clever Lad's Enterprise.

A New England furrier has lately received a new proof of the energy and thrift of the rising generation, says The Youth's Companion.

He received a correctly worded and most businesslike letter, sent from a Massachusetts town by a person who asked several questions in regard to

the variety of skins the furrier purchased, the sizes desired and the price paid.

He promptly returned an answer—for which his new correspondent had inclosed a stamp—and, after giving the information requested, he wrote:

I should like to know how long you have been in the business and whether you are at present dealing with other firms.

He did not receive an immediate reply, but in a day or two there arrived from his new correspondent a batch of most desirable skins.

He acknowledged their receipt in a manner satisfying financially and otherwise, and by return mail came a letter, through which glowed a boy's impressive pride:

DEAR SIR—I am glad the skins were satisfactory. Will send more later. I am 12 years old and this is my first enterprise. Yrs reply.

BRAIN FAG

Is the result of Overwork and an Exhausted Nervous System. Dr. A. W. Chase's Nerve Food creates New Brain and Nerve Tissue.

Business and professional men, accountants, stenographers, teachers, students and all brain workers know only too well what it means to have the brain so tired out that concentration of thought is almost impossible.

One-fifth of all the blood in the human body is found in the brain, and unless the blood is pure and rich the brain becomes exhausted for want of proper nourishment.

Dr. A. W. Chase's Blood Food creates new brain and nerve tissue, and produces rich red blood, "the vital fluid" of the body.

All brain workers quickly recognize the merits of this great food cure, and after a few doses enter on their work with new energy and ambition.

Brain fag is unknown to persons whose brain and nerve have been invigorated by the use of Dr. A. W. Chase's Nerve Food, which is for sale by all dealers at 50c. a box.

NEWLY INTRODUCED

Sensation Caused in Barnaby River, New Brunswick, by Dodd's Kidney Pills.

Barnaby River, N. B., Aug 14 — Quite a sensation has been caused here lately by the introduction of a new medicine—Dodd's Kidney Pills. Although there had been many deaths in this village and surrounding district from Bright's Disease and other Kidney troubles, yet strange to say Dodd's Kidney Pills had never been tested. Our people had little faith in patent medicines.

Now however Dodd's Kidney Pills are creating a sensation. A large number of people are using them and expressing surprise and delight at the result. "From the first week I began to improve," says Cornelius Cottle of Barnaby River, who had been given up by the doctors. The fact seems to have surprised him but it is always true where Dodd's Kidney Pills are used.

Weary of Experimenting

With salves, suppositories and ointments and dreading a surgical operation, scores and hundreds have turned to Dr. A. W. Chase's ointment and found it an absolute cure for piles. The first application brings relief from the terrible itching, and it is very seldom that more than one box is required to effect a permanent cure.

School Girls' Nerves

Many a pale, weak school girl, suffering the evil effects of an exhausted nervous system, and thin, watery blood, has been fully restored to the vigor and buoyancy of robust health, by using A. W. Chase's Nerve Food. The beautiful glow on the cheek and the brightness in the eye tell of the building up process which is taken place in the body.

The average man who tries heroic measures gets a misfit.

Rheumatism Can't Exist

When the kidneys are kept healthy and vigorous by the use of A. W. Chase's Kidney Pills. It is Uric Acid left in the blood by defective kidneys that causes rheumatism.

Dr. A. W. Chase's Kidney Pills make the kidneys strong and active in their work of filtering the blood, and this removes the cause of rheumatism. One pill a dose, 25 cents a box.
