A NEW STOCK of Standard Libraries, just opened, at the Diamond Bookstore.

A NUMBER of our young friends had a picnic on Warren Farm yesterday. We learn they enjoyed themselves immensely.

MR. FRED. S. WHITE, representative of Messrs. Daniel & Boyd, St. John, is making his regular business tour of this Province.

THE Rev. John F. Durbin, who is under call to St. Paul's, Toronto, will preach in Zion Church, on Sabbath first, morning and evening.

THREE Scott Act cases were up for trial at the Superior Magistrate's Court this forenoon. Two were postponed and the case of Donald McIsaac was dismissed.

We learn that there was some large catches of mackerel outside our harbor yesterday. Our Chief Engineer, with two friends, attained 115 in an exceedingly short time.

REMEMBER—The model washer and bleacher is for sale at G. G. Jure's, North Side Queen Square, opposite Post Office ruins; also at J. Barbridge's Boot and Shoe shop, Kent street.

THERE has been a dead pig deposited in the dock between Queen's and Peake's No. 1 Wharf. As the tide seldom reaches it, it would be well for the authorities to have it removed at once.

REV. CLARKE SKRINE, of Wimbledon, England, will give a Bible Reading in St. Paul's Schoolroom, to-morrow, (Saturday) at 4.30 p. m. Subject: "The Judgment Seat of Christ." All who are interested are cordially invited. Please bring your Bibles.

We notice among the hotel arrivals of last night that of Mr. A. P. F. Andrew, Agent for Messrs. Ammel May & Co., of Toronto. Mr. Andrew is stopping at the Rankin House, and is offering big inducements to parties requiring anything in his line, especially in table alterations and small goods.

We are pleased to see that Capt. D. McEae has received a large order for horses for gentlemen in Newfoundland. It is not often we find a sea captain who is a judge of horse-flesh, but the Commodore has proven himself an expert in several instances. We wish him success in his new business.

KILLED ON THE RAIL—Thos. Nickerson and Wm. Hogan were run over on Wednesday night by train near Norton Station, on the I. C. R. Hogan was killed. The other will have a leg amputated. He is supposed likely to recover. Nickerson has lived in Moncton. He had been employed on a ball-train.

ELECTRICITY and Magnetism when properly passed into the blood, brain and nerves, produces the most wonderful effects. We are told that these elements are perfectly blended in the medicine known as Mack's Magnetic Medicine, advertised in another column, and the good which has resulted from its use, cannot be computed in dollars and cents.

DR. S. W. DODD, John Ball, Esq., and C. C. Gardiner, Esq., leave to-morrow morning to attend the State Fair at Bangor, Maine. They are accompanied by Mr. Hooper, of Maine, and go by special invitation of Hon. James G. Blaine, the Republican candidate for the Presidency. Mr. Gardiner has charge of some valuable stock from the island which he is taking on to the fair.—COM.

The people of North River are again suffering by the vandals who have of late returned amongst them. A few nights ago the farm of Mr. Moorehead was visited. The nuts and bolts were removed from his moving machine, and it was so left that had he attempted to start it, it would have been totally ruined. He fortunately discovered that the machine had been tampered with, and had the bolts replaced without damage.

HORSE STOLEN.—The Moncton police have received information of the theft at Chatham on the 22nd August, of a horse, harness and wagon, the property of John A. Ward, presumably a lively stable keeper. A young man who had shipped on board the P. E. I. bark "Aurigo Kenward," then at Chatham, got the horse. He had not since been seen. The horse was light red with a scar on left side. Pretty full descriptions of Freeman have been sent.

TRIALS in the County Court are, usually, not of great public importance, and consequently THE EXAMINER'S reporter does not, as a rule, honor their courts with his presence. But there is sometimes a case strikingly instructive of ways that are dark, the particulars of which would be interesting (if not edifying) to the public; and there is occasionally a case in which important principles, governing the relationship of man to man, are involved. During the recent term in Charlottetown, there was, at least, one of each; and of the latter was that between Mr. Win and Dr. Taylor, heard before Judge Reddin. This case is interesting to both medical men and laymen; and we purpose publishing an epitome of it, and also a summary report of Dr. Taylor's address to the Court, at an early date.

The concert last evening in aid of the funds for the purchase of surgical instruments for the P. E. I. Hospital, was attended by a large and appreciative audience. It opened with an instrumental duet on piano, by the Misses Heil, which was to a truly played. The balance of the programme comprised a number of vocal and instrumental solos, which were generally well rendered. "Drifting Away," and "Good Bye," two solos sung by our popular young vocalist, Miss Knight, were rapturously encored as were the exceedingly difficult solos sung with so much taste and ease by Miss Heide reich, of Boston. Mr. Vinnicombe, as usual, commanded the audience by his rendition of a number of beautiful fantasias, and Miss Bane and Miss Lewis acquitted themselves admirably as Pianists. Miss Inge, on her first appearance before a Charlottetown audience, sang with much feeling "Treasures of the Deep," and left the impression that she was a rising young vocalist. Miss K. Hensley rendered two popular solos which were well received. At the conclusion of the concert, Charles Palmer, Esq., thanked the audience for their attendance, and especially thanked Miss Heidenreich, who had come so far to assist at making the concert a success. A handsome amount was realized.

FRANZ LENBACH, the celebrated portrait painter, has arrived in Berlin from Munich and started immediately for Varzin, being commissioned by Pope Leo XIII. to paint a portrait of Prince Bismarck, which is to be placed in the Vatican gallery. So says Truth.

THE Truro Condensed Milk and Canning Company has 30,000 lbs. of milk weekly, which represents the milk of nearly 500 cows. This season they have manufactured 655 cases, varying in weight from 30 to 60 lbs. In thirteen months they have put up 208,928 cans of condensed milk, 1 lb. weight each.

"JAMES," said Mrs. Peterby to her husband, "how about Blaine's chances?" "He may be the next president, and he may be defeated," responded Peterby, who was not in a good humor.

"Humbog! You got that idea from the newspapers. You can't believe a word that's in them.—Siftings.

I REMEMBER a grave pastor remonstrating with the mighty Baptist preacher of London. "I wonder, now," said the dull old fellow, "how you, as an influential minister, can reconcile it to your conscience to make so many jokes in the pulpit?" "You wouldn't though," said Spurgeon, "if you knew how many I kept to myself."—London Truth.

THE customs receipts at the port of Montreal in August again show an increase, reaching \$763,662.74 against \$757,294.63 in the corresponding period last year, an increase of \$6,368.11. Taking the two months of the current fiscal year the receipts have reached \$1,621,208.57 as compared with \$1,525,038.70 last year, a gain of \$96,169.87. These figures are a hopeful sign, having in view the continued caution exercised by importers in the purchase of goods abroad.—Gazette.

THE Dominion Rifle Association matches continue at the Rideau Range, Ottawa. The attendance this year is greatly in excess of last, and the shooting has been uncommonly good. In the Nursery match—Bankers' prizes—Sapper Davison, Charlottetown Engineers, secured a prize, making 29 pts., and Lieutenant Longworth secured another with 18 pts. In the Manufacturers' Match, No. 1, Sergeant Hooper, Engineers, captured a prize, making 28 pts., and in the Rideau match, Sapper Davison secured a second with 28 pts. A large number of matches are yet to be heard from.

THE Welsh brig, Resolven was abandoned off Newfoundland, on the 28th ult., and it is feared her crew of thirteen are lost. The inspection of the brig Resolven demonstrates the fact of a collision with an iceberg, a sudden panic of the crew and passengers and the immediate launch of the boats, abandoning everything and a rush for life in the boiling sea dashing around the iceberg. The boats swamped and all on board perished. When the war ship Mallard came up with the Resolven she found evidences of almost immediate abandonment. One hundred and forty-five icebergs lie between the scene of the disaster and Wadhams Island.

Up to the end of August of this year 670,000 boxes of cheese have been exported from Montreal to England. During the same period of 1883 the exportation amounted to 500,000 boxes. The increased export of this year so far represents a value of about \$1,000,000. The demand has been excellent and the prices received have been fairly good. This large increase in make and sale has been one of the surprises of the season, and none the less gratifying than surprising. There seems to be really no limit to the take of Canadian cheese in the English markets, provided the present fine quality is maintained, and moderate rates rule.

THE steamer Carroll, Captain Brown, sailed for Boston yesterday evening with a cargo consisting of 1000 cases of eggs, 560 barrels mackerel, 144 barrels starch, and 75 cases berries. Fraser, John Green, William Green, Isabella McLennan, Maggie McLeod, Christie McPherson, Flora McLeod, Chas. McDonald, Miss McMillan, Florence McLeod, Annie McLeod, C. Credit, Annie Whelan, Maggie Hughes, Bridget McCabe, E. L. Hoyl, Joseph Cooran, Flora McLean, Malcolm McDonald, Annie McDonald, Carrie Jenkins, Katie McDonald, Maggie Currie, Jessie Currie, Blanche McPhail, Mrs. E. J. Crabbe, Wm. E. THE danger signals attached to the spruce bush, which decorates the sidewalk immediately in front of the Herald office, on Queen street, must not be regarded as an indication of dynamite or concealed weapons in the vicinity of that institution. Rather must they be considered as the work of a philanthropist, who is anxious to serve his fellow man, and save him from what might prove an ugly accident. Really the condition of our streets and sidewalks is disgraceful; but the streets and sidewalks to be incognito and pericy (omitted) seem to be incognito and pericy in doing nothing—not even availing themselves of Latimer's patent to cover up the yawning gaps in the sidewalks. It is to warn unwary pedestrians of a trap that the editor of the Herald has erected this danger signal, and which, last night, had a lantern suspended from it to give it additional prominence; yet there was no fear of his number sixteen boot getting into the hole, and therefore his unselfishness is the more to be commended.

[Since writing the above, not only the "trap" dugged at the Herald office door, but several others in proximity thereto have been removed, and new planks have been inserted to the sidewalk. The danger signal is now to be had for hire on reasonable terms.]

At North Lake, Lot 47, on Tuesday morning, Sept. 2nd, after an illness of nine months, which she bore with submission to the Divine Will, Christy, relict of the late Jebz Rose, in the 61st year of her age. Deceased was born in Perthshire, Scotland, and emigrated to P. E. Island in 1835. She was a woman of unblemished character, a kind wife, a loving mother, and an obliging neighbor; always ready to visit the sick and afflicted. She was a consistent member of the Christian Church, a firm believer in the doctrine taught by Christ and his Apostles. Her hope was centered in Christ and she died with the full assurance of a glorious resurrection. She leaves four sons and three daughters to mourn her loss. "Blessed are the dead who die in the Lord." Why do we mourn?
