

# Photo Club soon back into operation

At the Student Council meeting on Sunday evening, the Photo Club was discussed, and it was stated that there has been a severe lack of interest in the Photo Club. It is hoped that this will not be the case this year, and all who are interested are welcome. Student Council is in the process of deciding who will be in charge of the Photo Club this year. In past years it has been found to be a poor business venture, with many losses, this it is hoped that things will be different. In the spring of last year, new equipment was purchased for the Photo Club, and already some of that equipment has been stolen. It is essential that the Photo Club, have this equipment replaced, which is costly, or returned in order that it can begin operation.

Despite rumors to the contrary, the Student Union

is setting up Photo Club, which will be ready to begin operation, as soon as a chairman is found.

The darkroom of the Photo Club is located in the basement of Memorial Hall. The club is responsible for supplying pictures for the Student Union, particularly for the Yearbook and the Cadre. Members are given instruction and use of the darkroom and equipment in exchange for there services.

There will be an approximate \$10.00 fee to members, which will pay for the hiring of professional photographers, who will be offering initial instruction to new members of the Photo Club. With the increasing size of the U.P.E.I. campus, it is felt that there is a need for the Photo Club to operate in a bigger, better and more professional way than in the past.

## You know you're a Jock :

- when you wear your favorite track shoes to the co-ed!

- when girls only go out with you because they want to wear your team sweater around campus!

- when you've chugged a case of 24 and you wonder where you've put your pint!

- when you start the semester taking 5 courses and end it with 2!

- when you find a note on your locker saying, "recognize anyoneshithead?"!

- when you can't find a place to live after you've been evicted from Memorial!

- when you think contraceptive is a new play and you ask your coach about it!

- when you get an 80 in Haczenski's history and you didn't even know you were enrolled in the course!

- when your girlfriend gets pregnant and you can't figure out how!
