U. S. President And Governor Talk But No Plans Revealed

NEWPORT, R. I. (AP)—President Eisenhower and Governor Faubus of Arkansas agreed Saturday the public school integration smouldering must be carried out. But they did not indicate just how the critical dispute, highlighted by Faubus' use of state militia troops to bar Negro students from Central High School at Little Rock, Arkansas capital, is to be resolved.

An indefinite delay in complying with the court order. There is nothing in the president's statement which precludes such an interpretation. In Little Rock, reaction to the statements ranged all the way from puzzlement, through anger, to wait-and-see. Nobody on either side of the dispute expressed outright satisfaction.

Eisenhower met with Faubus for more than two hours at the president's vacation White House. Later both issued statements. Faubus gave the impression at a press conference that he might be getting ready to do something about militia at the school next week. The troops have been blocking court-ordered integration since Sept. 2.

An unidentified source close to Faubus said: "I think the governor is prepared to meet the federal government head on in litigation, all phases which might also resolve the differences of powers of a dual sovereignty system, state and federal." Faubus has been ordered to appear in federal court Sept. 20 to show why the troops should not be removed.

RETURNED SATURDAY

Eisenhower said "I am sure it is the desire of the governor not only to observe the supreme law of the land but to use the influence of his office in orderly progress of the plans which are already the subject of the order of the court."

Blame Cigaret For \$75,000 Fire

LUNenburg, N.S. (CP)—Investigators said Sunday a \$75,000 fire that threatened this fishing town's business district early Saturday was probably caused by a smouldering cigarette tossed on the floor of the Legion hall.

The session was described by both sides as "very friendly and constructive. At the end the president took Faubus by the arm and said with a smile: "Well, good luck to you and I hope it all works out all right." In New York, Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, said both statements "still leave unclear whether Negro children will be admitted promptly to Central High School."

A spokesman said only absence of the wind prevented the flames from jumping from one wooden building to another. Many are more than a century old. Flames destroyed the Legion hall and a two-story apartment house and damaged a town maintenance building. The outbreak shattered Lunenburg's per capita fire loss of 65 cents, a Maritime record for 10 years.

He said the Supreme Court's 1954 decision on integration is the law of the land and "must be obeyed." He returned to Little Rock Saturday night. Eisenhower said "I am sure it is the desire of the governor not only to observe the supreme law of the land but to use the influence of his office in orderly progress of the plans which are already the subject of the order of the court."

The National Ballet will receive \$50,000 during the 1957-58 season and the Winnipeg Ballet \$20,000. The council said both grants are to be considered as "aiming to meet emergencies at a time when the continuance of a very fine effort will depend on a concrete demonstration of interest and assistance from a sufficiently large section of the public."

Canada Council Backs Ballet

OTTAWA (CP)—The Canada Council will provide assistance totalling \$70,000 in the coming year for the National Ballet of Toronto and the Royal Winnipeg Ballet. It was announced Friday.

PIANO lessons given by experienced teacher. Dial 5955 after 5.

The grant to the Toronto ballet, the announcement said, is to enable it to survive and particularly to continue its Canadian tours through the 1957-58 season. It said the Royal Winnipeg Ballet after several successful years has had "considerable difficulties" to overcome. The grant would be to assist towards this.

GOLDEN WEDDING—Mr. and Mrs. Milton Furness, Vernon Bridge, are celebrating their 50th wedding anniversary on Wednesday, September 18th and will be at home to their friends from 2 - 5 and 7 - 9 at their residence.

The Conservative political fortunes are at their lowest ebb since Sir Winston Churchill led the party back to power in 1951 after six years of postwar socialist rule. Sir Winston is one of Macmillan's close advisers. The Conservative's future rests

FUNERAL HELD—The funeral of Mrs. Herbert Andrews, was held on Friday afternoon Sept. 13th, from the Fairview Baptist Church, Rustico, Road, and was very largely attended. The services were conducted by Rev. Owen Cochran assisted by Rev. H.L. Mitton and Rev. C.R. Moase. Hymns sung were: "The Lord Is My Shepherd" and "Abide With Me". Mr. Ira Drysdale sang as solo: "Face To Face". Pall bearers were: Albert Ling, Leonard Ling, Raymond Ling, Arnold Nell, Paige Nunn and Lester Johnston. The interment was in the church cemetery. Flower bearers: Walter Ling, Preston Rachman, Fred MacRae and Herbert Stevenson

Close associates of the prime minister say complete resuffling of the government is expected after the Conservative party conference early next month. Hailsham would succeed 46-year-old Oliver Poole—the man chosen by Eden to head the party organization two years ago. Poole had worked as a planner at Tory headquarters since 1950.

WORLD CHURCH COUNCIL—Rev. A. Frank MacLean, Minister of Trinity Church, Charlottetown, returned after attending the North American Conference of the World Council of Churches which was held in Oberlin, Ohio. Rev. Mr. MacLean was an official delegate appointed by the General Council of the United Church of Canada.

WASHINGTON (AP)—The United States Justice department's anti-trust division has called in outside economists to help figure out how to divorce Du Pont and General Motors to the least impact upon the economy. Assistant Attorney-General Victor R. Hansen, head of the anti-trust division, said today economists will help in preparation of recommendations for ending the long-time Du Pont-GM relationship in accordance with a Supreme Court decision last June.

JERSEY LEADER—Among the Canadian Jersey leaders for August is Warren Grove Beaton d Hilda a senior two year old cow owned by James Vickerson, North River. She led her class with a production record of 8,662 lbs milk, 519 lbs fat which entitles her to a silver seal certificate.

But, Hansen stressed, "we definitely have not arrived at any recommendation." While Hansen declined to speculate as to what the ultimate recommendations might be, informed sources generally agreed that Du Pont will not be required to dump its 23-per cent holding of GM stock on to the market all at once. Du Pont's 65,000,000 shares of GM stock are valued at about \$2,700,000,000—too much, everyone agrees for the market to digest easily in a short time.

FUNERAL SATURDAY—The funeral of William J. Brawders was held Saturday morning from the residence of his sister, Mrs. P.S. Bradley, 15 Hawthorne Ave., to St. Pius X Church where Requiem High Mass was celebrated by his pastor, Rt. Rev. R.V. MacKenzie who also officiated at the grave. Present in the Sanctuary were Rev. Dr. Bernard Gillis, Rev. George MacDonald, Rev. F.L. Cass, Rev. K. C. MacMillan, Sir William MacMillan, Rev. James Kelly assisted in the choir. The P.E.I. regiment (17th Recce) Band rendered appropriate selections during the funeral possession. Members of the Knights of Columbus Council 824 and members of the City Police Force attended in a body. The pall bearers were Dr. T.E.E. Robins, J.J. Paquet, J.L. Curran, F.G. Matheson, Eugene MacDonald, Leo Doucette. Interment was in the Catholic Cemetery. The funeral was very largely attended.

Likewise, there is general agreement that the justice department will insist not only that Du Pont yield its working control of G.M., but that it also give up any influence in the affairs of the No. 1 auto maker. The next step in the long litigation will take place this fall before federal district Judge Walter J. Labuy in Chicago.

"Victory" For West But Little Aid To Hungarians

By LLOYD McDONALD
Canadian Press Staff Writer
UNITED NATIONS, N.Y. (CP)

The special United Nations General Assembly session on Hungary has ended with a parliamentary victory for the West but little prospect of any immediate concrete aid to the Hungarian people. The windup meeting of the 11th assembly voted early Saturday to condemn the action of Russia and the Janos Kadar Hungarian regime for its repressive actions during last autumn's revolt in Hungary, and trying to do something about it by appointing a western Asian diplomat as a one-man investigating committee.

The vote in the 81-member assembly was 60 for the resolution, 10 (Soviet bloc) against and 10 abstentions. South Africa, continuing its boycott of the assembly following last year's consideration of its racial question, remained an absentee.

But only a few hours after the weary delegates had retired, signs of opposition from the Communist world became evident. Radio Budapest went on the air Saturday morning to make it plain that Hungary will not permit a UN representative to visit their country on the basis of the resolution.

He was not available for comment on the Hungarian opposition expressed by Budapest Radio, and was expected to have no comment at all on the article in the Budapest Communist newspaper Nepszabadsag which linked him with actress Myrna Loy. Miss Loy was among members of a special delegation of clergymen, legislators and union leaders who presented a petition here Thursday calling for the UN to implement its resolutions on Hungary.

Shakeup Seen Imminent In British Conservative Gov't

LONDON (AP)—A shakup in Prime Minister Macmillan's Conservative regime appears imminent, with a peer slated to take charge of the party political machine.

Macmillan, worried by Conservative setbacks in recent special parliamentary elections, has chosen Viscount Hailsham for the job of reorganizing the party from the grass roots level up. Reliable sources said the viscount, 49, would remain in the cabinet as lord president of the council after becoming chairman of the Conservative party, a dual position unique in British politics.

Hailsham is also minister of education. The Conservative political fortunes are at their lowest ebb since Sir Winston Churchill led the party back to power in 1951 after six years of postwar socialist rule. Sir Winston is one of Macmillan's close advisers. The Conservative's future rests

largely on these three men, though Churchill's role admittedly is that of an elder statesman. The Tories hold a comfortable majority of 59 in the House of Commons and Macmillan is in no immediate danger of being overthrown by Parliament. The next national election is two years away, barring unexpected developments. Macmillan inherited a divided party from Sir Anthony Eden nine months ago, after the Suez intervention, and has largely coasted with the Eden team.

Close associates of the prime minister say complete resuffling of the government is expected after the Conservative party conference early next month. Hailsham would succeed 46-year-old Oliver Poole—the man chosen by Eden to head the party organization two years ago. Poole had worked as a planner at Tory headquarters since 1950.

Dredge Clears Bridge With Only Three Inches To Spare

A suction dredge owned by the Maritime Dredging Company was moved to the site of the Hillsboro Bridge approach about eight o'clock Saturday morning after it had been brought from Howard's Cove on the western end of the island. The dredge, which is capable at full capacity of displacing 240 tons per hour, will work at the foot of the causeway fill to remove any accumulation of mud which might threaten the piers of the bridge. It was thought that the dredge could not go under the bridge without swinging the draw and all preparations had been made

to open the draw if necessary. However the equipment was brought in at low tide with about three inches to spare. This was after the spuds of the dredge had been dismantled. Engineers have received permission from Ottawa to alter the curve of the approach from three degrees to five degrees. This along with the present system of mud removal will remove any future threat to the bridge. The hauling of fill which was suspended temporarily was resumed and it is reported that work will now go forward with all possible dispatch.

Cornwall Honours War Dead At Impressive Ceremony

Large numbers joined with the community of Cornwall yesterday as they held their annual War Memorial Day to do honour to those who fell in two World Wars. Rev. W.A. Patterson presided.

There was a large turnout of veterans under parade marshal Andrew Gass. Comrade Earl Carrier read the names of those who made the supreme sacrifice. The last post was sounded by cadet bugler, David Mills. The Burke Pipe Band led the parade and played "The Lament" during the service. Mr. R. F. Mugford was in charge of the choir which led in the singing of "O God Our Help In Ages Past". Senator Elsie Inman, whose birthplace was in Cornwall, spoke of the sacrifice that had been made by those who gave their lives in both Wars. She urged the citizens to keep the memory of this sacrifice green and to not soon forget those who still suffer from the effects of War.

Charles Hogan, Past President of the P.E.I. Provincial Command, Canadian Legion, spoke on behalf of veterans who are in need and asked that citizens give a ready response to the Poppy Sale which is made annually on behalf of needy. The school children paraded with the veterans and placed flowers on each of the two cenotaphs. Various organizations placed wreaths on the monuments. A most pleasing feature of the service were two beautiful solos: "How Great Thou Art" and "The Lord's Prayer" by Mr. John Agnew of Toronto. Mr. Agnew, who is a native of Ireland, possesses an outstanding tenor voice which was greatly appreciated by those present. A sound system through courtesy of The Island Radio Company carried to service to within listening distance of all.
