

There is a star that points every woman to the pathway of happiness. It is the "Star of Health." It is the duty of every mother to point out this star and indicate this pathway to her daughters. There are too many unhappy—too many unhealthy women in the world. At every gathering where women meet alone, the story is heard of sickness and nervousness and despondency.

The woman who suffers in this way makes a mistake to consult the average obscure physician. If she does so, the chances are that she is told that her trouble is nervousness or insomnia or indigestion or heart trouble. It does not happen very often that this diagnosis is correct. When by some fortunate chance she is told the truth, that she is suffering from weakness and disease of the distinctly feminine organism, she is told at the same time that she must submit to the obnoxious examinations and local treatment so embarrassing to a sensitive woman. All this is unnecessary.

The wise woman will seek the advice of some specialist of world wide reputation. Dr. R. V. Pierce is such a man. For thirty years he has been chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. During that time, with the assistance of a staff of eminent physicians, he has treated thousands of ailing women. He is the inventor of that wonderful medicine for women known as Dr. Pierce's Favorite Prescription. This medicine acts directly on the delicate and important organs that make maternity possible. It cures all weakness, disease, internal ulceration and inflammation and debilitating drains. It has transformed thousands of weak, suffering women into healthy, happy, robust wives. It is for sale by all good medicine dealers.

Never fail to cure constipation—Dr. Pierce's Pleasant Pellets.

LINCOLN'S GIFT TO A FIRE BRIGADE

The Sons and Daughters of Illinois held a meeting in Boston at which Vice President Henry Haynie told this story of Lincoln:

"The fire hose company of Springfield was very proud of its well equipped fire apparatus, and, desiring to procure some extra supplies, subscription papers were sent around. The small boys, myself among the number, were given a share in the work. I went up to some dusty rooms over a grocery and entered the law office of Lincoln. He asked me numberless questions, and I had to tell him all I knew of this fire brigade and its members. Then he said: 'Well, I'll tell you what I'll do. I'll go home to supper—Mrs. Lincoln is generally good natured after supper—and then I'll tell her I've been thinking of giving \$50 to the brigade, and she'll say, 'Abe, will you never have any sense? Twenty dollars is quite enough.' So tomorrow, my boy, you come around and get your \$20.'—Chicago Times-Herald.

Cabs in Berlin.

When an American enters a cab in Berlin for the first time, he is said to be absorbed for half an hour in studying the impressive notice hung up therein for the benefit of passengers. It reads, literally translated, thus: "No passage money has the passage guest to pay, if to him not on the mounting of the cab the valid passage tickets, on height of the for a simple passage to be paid passage money, by the coachman later reached become are."—Chicago Inter Ocean.

DR. A. W. CHASE AT WORK ON HIS LAST GREAT REMEDY.

DOCTORS FAIL WHEN THE GREAT PHYSICIAN CURES.

THREE YEARS IN BED

From Kidney Disease—Although a Man of Three-Score and Ten, Dr. Chase's Kidney-Liver Pills Gave Him Back Perfect Health.

This is to certify that I was sick in bed the most of the time for three years with kidney disease. I took several boxes of pills—different kinds—and a great many other kinds of patent medicines; besides that I was under treatment by four different doctors during the time and not able to work. I began to take Dr. Chase's Kidney-Liver Pills, and since that time have been working every day although a man nearly 70 years of age. Dr. Chase's Kidney-Liver Pills have cured me.

JAMES SIMPSON, Newcomb Mills, Ont.

If the Kidneys are not in a perfectly clean and healthy condition, the blood becomes impregnated with impurities and a decay of the Kidneys soon takes place. Bright's Disease, Diabetes, Gravel, Stone in the Bladder, Inflammation of the Bladder, and a long list of Kidney diseases become seated, and sooner or later in so many instances end fatally. Dr. Chase's Kidney-Liver Pills cure all Kidney troubles. Sold by all dealers, price 25 cents per box.

Notice to Household.

Along streets where Sewer Pipe is being laid, householders would greatly oblige by informing the Engineer or Inspector of the Commissioners in charge, by pointing out the place verbally or by a mark where they would prefer the connecting pipe to enter their premises, should they afterwards decide to make application therefor.

CAPTURE OF A VETERAN

"Say, mister, have you seen a mean lookin little cuss with a blue suit an brass buttons on hangin raoun here this week?" said a tall woman to the clerk at a Lewiston hotel Friday.

"Don't know that I have. How mean does he look?" was the reply.

"He pertends to be a vitran," continued the woman regarding the clerk over her glasses, "an ginrally about Grand Army time he disappears from his wife's bed an board an goes off an licks the hull south. I want to see him. I want him to come home."

Up the corridors came the sound of laughter.

A party of veterans were telling tales of war.

A familiar voice smote upon the air. The woman's lips closed tightly.

"I tell you, comrades, I jes' enjoyed that air fight at Chancellorsville more'n I did the hull durned muss from fus to las'. You see, Gin'rul Jackson was off on to our lef' a-trampin like the very devil to outflank the Union lines. That air mornin my cap'n he sez to me, sez he, 'Jake, you take a detachment o' five men an go out an see what Stonewall's doin! Ef you suspect—ef you suspect,' sez he—'that there's any kind o' sneakin er beatin around the bush goin on, you jes' lay low an kyhoot for the Union lines.' 'Well, sez I'—"

Just then a woman shoved through the throng and linked her arm in his.

The words died on his lips. The fight died out of his eyes. A spasm passed over his countenance that left it a sickly green, the color of the hide of a sour cucumber.

"Jabez," said the woman, "be you here a-lyin ag'in? What made you take that air hoss an drive him here to this G. A. R. spree? Hev you been a-drinkin? Hev you been a-forgettin of your commandment not to lie? Did you tell these gentlemen that as fur as you got to war was to Augusta, an that you got so feared over there that you was sick for three weeks? Gin'rul Jackson! You little lyin thing you! Did you tell the Grand Army men that you was drafted an that they couldn't find you fer six weeks where you was a-hidin in the woods?"

"Come home, Jabez—the caows and the pigs need you."

And the little old man in the blue coat looked up into the woman's face with a gray, misty, tearful look in his eyes. The glad light that had been in them was gone. His little bit of glory was at an end.

Poor old fellow—after all!—Lewiston (Me.) Journal.

BONAPARTE'S DAUGHTER.

The Princess Charlotte Spent Many Happy Months in America.

"Queen Jilly never joined her husband, Joseph Bonaparte, the fugitive king of Spain, in this country," writes William Perrine in The Ladies' Home Journal, "but late in 1821 their daughter, the vivacious young Princess Charlotte, determined to console her father in his exile. She arrived at Philadelphia in the ship Ruth and Mary, commanded by Captain Mickle. The ship's wharf was covered with a crowd anxious to see her. Only 19 years old, of highly animated temperament and delighted at the ending of the 40 days' voyage, the young girl was in an ecstasy of pleasure. She waved her fur bonnet at the persons on the wharf with such careless delight that it fell from her hands over the ship's rail and into the river. In her transport of enthusiasm she snatched Captain Mickle's hat from his head, gayly placed it on her own and saluted her admirers anew.

"Joseph was highly pleased with Charlotte, whom he had not seen since she was 13, and tried to give her as much compensation as he could for the pleasures of the continental life she had left behind. He took her to Long Branch and Saratoga, but he soon discovered that her chief taste was for painting. At the old gallery of the Academy of Fine Arts in Philadelphia were exhibited several studies and landscapes from her brush."

W. D. MACKAY

Cost of Getting Klondike Gold.

What does an exodus of 100,000 to the Klondike mean to the business of the country? I have figured it out on the basis of cost and proportion as ascertained, and it is this: That each man of them would average first and last an expenditure of \$600, making a grand total of \$60,000,000. The United States railroads would get \$5,000,000 of this; Seattle merchants and hotel keepers, for outfits and transient guests, \$25,000,000; the prospector's home town and towns en route to Seattle and other Pacific coast points, \$5,000,000; ship companies, for transportation to Alaska, \$10,000,000; for the transportation of freight over passes and in Alaska, \$15,000,000.

This would represent only the actual needs of this number of prospectors and would cause a large increase in other businesses directly connected with it. It means that in 1898 \$60,000,000 will be spent in search of gold in the yellow creeks, and in the same year not more than one-fourth of that amount will be produced. But the output is likely to come nearer the expense as each year goes by and in a few years to exceed it.—Review of Reviews.
