

LEAVING FOR BRIER

The Prince Edward Island representatives in the 1966 Brier which is being held in Halifax this year left Charlottetown yesterday by air. Three members of the team shown here prior to their departure are FROM THE LEFT Ralph Manning, 2nd stone; Art Burke, skip and Arnold Llewellyn. Bob Gigsey, president of the Belvedere Golf and Winter Club, the team's home club, is shown shaking hands with

the skip of the Island championship rink. The fourth member of the team Dr. Temple Hooper made the trip by car. The competition gets underway Monday.

Souris Squad Loses Thriller

MONTAGUE BUREAU OF THE GUARDIAN

The 9:30 a.m. draw in the eight year curling competition at Montague yesterday saw the McCurdy rink from Belvedere defeat the Souris foursome 7 to 6 in a close thriller which had the behind the glass experts in a dither by times. The game was decided by the last rock thrown by the Souris skip which went less than an inch too far to give the win to his opponent.

The RCAF team skipped by W. Vautour lost out to the MacKenzie rink of Montague 12 to 10. The game was tied up in the 10 with MacKenzie scoring in the eleventh and holding the Vautour rink off in the twelfth.

DEATHS

PROWSE — At the Charlottetown Hospital, Thursday, March 3rd, 1966, George T. Prowse, formerly of 96 King Street, in his 66th year. School Classes Set To Resume

GEORGETOWN — Classes will resume in Georgetown High School on Monday after being cancelled for the past week when it became necessary to install a new hot water boiler for the school's heating system.

The old boiler was removed early in the week and there was some delay in the delivery of the new unit from Montreal due to the trucker's strike in that area and the company through which the boiler was being purchased had to send a truck from Montreal to Georgetown.

A considerable amount of work was involved in demolishing the old boiler, removing it from the school and installing the new boiler.

The work on the project was carried out by James Jardine, local machinist.

City Magistrate Dismisses Charge

In city police court this morning, Ronald Frederick Gass of Cornwall was fined \$14 and costs or five days on a charge of speeding. Magistrate A. J. Haslam, QC, presided.

A charge under the Income Tax Act formerly laid against Wilfred B. Burke, City, was dismissed with costs to be paid by the informant.

Counsel for the accused were Frank Sigsworth and Gordon Tweedy.

Bernadine Chandler, City, charged with selling liquor had her case adjourned to March 31.

Clarence Joseph Gallant, City, was fined \$5 and costs or two days for failing to stop at a stop sign.

One accused charged with vagrancy was remanded to March. Another accused was fined \$20 and costs or 20 days on a drunk and incapable charge.

Sanitation Stressed In Employees' Course

TIGNISH — W. A. Murphy, laboratory technician with the Federal Department of Fisheries and R. D. McKinnon, inspection officer with the department stressed sanitation in cannery operations at an afternoon course for one hundred employees who received over three thousand dollars in Bonuses from the secretary, Miss Ann Marie McAluff, of the Tignish Fisheries Co-operative.

W. A. Murphy outlined the quality of the 65 pack stressing the importance of canning qualities. He spoke on the care of the lobster meat, outlining the different types of bacteria and the harmful effects each one produces. He outlined the tests the lobster pack is put through to determine the various types of bacteria.

R. D. McKinnon, inspection officer for the area, spoke on contamination and how best to overcome it. He advised the wearing of uniforms and head dress for all employees, and said in his line of duty he must be firm at all times, as he has higher ups to answer to. Lobster well processed he said is good for the pack, the business and the employee and employer.

Wilson J. Shea, manager of the Tignish Fisheries Co-operative outlined the changes destined to come about. Making mention of a new lighting

system in the cannery and higher wages. A total of \$105,000 he said was paid out to employees during the year.

Mr. Shea said it was a "Terrific spring lobster season." There were 1,900 cases of lobster processed, and 480 cases of lobster pack; cost of processing was nine dollars a case. He went on to say that over 6,000 pounds of lobsters were processed outside the Province.

The total spring landings were 582,000 pounds. The summer catch was 245,000, down considerably over previous years. There were 920,000 pounds of Cod landed and 800,000 pounds of Hake with the drying, boning, packaging and shipping all done from the plant at Jude's Point. The fact that the fish can be landed and processed here and market them is something to be proud of stated the manager.

Roy McLeod, assisting manager of fisheries, chaired the meeting. A discussion followed and the employees were called upon to make recommendations regarding uniforms, aprons, and many other new undertakings planned for the cannery at Jude's Point.

David Boswell Is Director

David Boswell, of the division of alcohol studies, Dept. of Education, Charlottetown, was recently elected as a director at the first Canadian conference on alcoholism held in Toronto February 27 — March 2.

Others attending from Prince Edward Island included Donald Wood, Kensington; Rev. Keith Whitney, Ellerslie, and Peter McGonnell, Charlottetown.

The four-day convention was sponsored by the Canadian Foundation on Alcoholism.

Topics discussed at the conference included "characteristics of alcoholic population," by Dr. A. Newman, Ontario; "types of treatment setting," by Dr. J. Bergeron, Quebec; "professional training," by J.P. Matheson, Alberta; "chronic drunkenness of the fender," by Professor P.J. Giffen, Ontario.

A session on school classroom work was chaired by FH Fraser of Alberta and Mr. Boswell.

In conjunction with the conference, the annual meeting of the board of directors of the Canadian Foundation on alcoholism was held.

includes spray materials with fertilizer as an account which has first preference in a crop mortgage arrangement.

During the question period, former opposition leader Alex Matheson asked Attorney General Alban Farmer how prevalent bootlegging is thought to be in Kings County. Mr. Farmer said the RCMP reports a series of investigations is taking place but he did not think the bootlegging problem is any worse in Kings than in the other counties.

Prince County Liberal Robert Campbell asked Dr. George Dewar, minister of education, whether or not assurance could be given that grades 11 and 12 will not be taken out of the Alberton Regional High School.

Dr. Dewar said it is difficult to predict the future.

18 CANADIANS

(Continued from page 1)

Redisky, 23, Kimberley, B.C., and Mrs. Sau Jen Chung, whose Canadian address was not immediately known.

Miss Yeske, an Air Canada sales agent, was taken to hospital with head, arm and leg injuries. Although seriously hurt, she was conscious.

Three Prominent Officials Named For Safety Seminar

Three of the officials who will be playing a prominent part in the 'safety seminar' to be conducted in conjunction with the annual meeting of the P.E.I.

Cost Of Bread Is Increased

The price of a 20-ounce loaf of bread imported to Prince Edward Island has been increased by one cent per loaf.

It is not known whether local bakeries intend to increase the cost of their products.

Bread in the Halifax-Dartmouth area increased two cents to 24 cents a loaf early this week and most bakeries have attributed the boost to higher production costs.

The price of bread, wholesale and retail, in Fredericton advanced a cent Thursday. A 24-ounce loaf is now selling at 28 cents retail.

In Ormoco and other areas outside Fredericton a 20-ounce loaf of bread is sold, retailing at 26 cents. The size of the loaf sold in Fredericton is set by the city by-law.

Seal Hunters Making Plans

ALBERTON — Tignish and Alberton seal hunters are making preparations to fly to the Magdalen Islands where they will set up their main base of operations for the annual seal hunt which opens Monday.

It had been hoped that airborne hunters would operate from a base in western Prince County, but strong offshore winds on Thursday are reported to have carried the main seal herd to within six minutes flying time of the Magdalens.

Some men were taken over yesterday, but most hunters are keeping an eye on the weather and will not make their move until today or Sunday. A storm reported approaching the area has a forecast of easterly winds which might result in the seal herd being brought back toward Prince Edward Island.

MR. CAMPBELL

Red Cross in the Lecture Theatre of Confederation Centre in Charlottetown on Wednesday, March 9th will be: 'L' Division Superintendent of RCMP, A.S. McNeill; President of the P.E.I. Highway Safety Council, George Meikle and Mike Campbell, executive-officer of Workmen's Compensation Board.

Superintendent A.S. MacNeil, Officer Commanding "L" Division of the R.C.M.P. at Charlottetown, will give a statistical summary of the highway accidents, while Michael Campbell, representing the Workmen's Compensation Board will deal with industrial accidents. Other statistics to be presented at the opening session of the Seminar will be those with regard to drownings by Ian R. Rankin, chairman of Red Cross water

safety services; fire by Kenneth MacKenzie on behalf of Earl T. MacLeod, provincial fire marshal; Farm accidents by J. Lincoln Dewar, secretary, P.E.I. Federation of Agriculture; as well as the costs of hospitalization of accident cases by Dr. B.D. Howatt, assistant to the deputy minister of health for the province.

George Meikle of Summerside, president of the P.E.I. Highway Safety Council, will be one of the nine representatives of organizations and government departments who will be reporting on the safety education programs presently being conducted in the province.

Others reporting in this category will represent the Charlottetown "Jaycees", the Department of Health, Fish and Game association, Canadian National Institute for the Blind, and the Canadian Red Cross.

These representatives will later act as chairmen of the discussion groups which will examine the findings, and it is hoped, propose plans which will lead towards the reduction of the appallingly high rate of accidents in Prince Edward Island. The Dominion Bureau of Statistics report for 1964 shows to be the highest in Canada—30.4 fatalities per 100,000 as against the national rate of 54.9.

The charter principles of the Canadian Red Cross—"to promote health, prevent disease and lessen suffering" prompted the P.E.I. Red Cross to propose this "Safety Seminar" in connection with its annual meeting in an effort to lessen suffering as the result of the co-ordination and expansion of safety education.
