THERE'S a good deal of guarant e business in the store keeping of to-day: It's too excessive: Or too much reluctant: Half the time it means nothing. Words—*only words*.

This offer to refund the money, or to pay a reward, is made under the hope that you won't want your money back, and that you won't claim the reward: Of course

So, whoeve is honest in making it, and works—not on his own reputation alone, bu through the local dealer, whom you know, must have something he has faith in back of the guarantee. The business would't stand a year without it. What is lacking is confidence. Back of that, what is lacking is that clear honesty which is above the "average practice."

Suddenly Prostrated.

After suffering three weeks from cholera infantum, so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering, a friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system.
