ROMBERG'S TOY SYMPHONY will be performed in St. Peter's School on Wednesday evening next, at 8 o'clock.

THE COLD SNAP.—Last night the thermometer registered 10 below zero, and this morning at 9 o'clock 4 below.

TWILL BE BLAINE.—The New York Mail and Express states officially that Blaine is to be Harrison's Secretary of State.

THE RINK.—There will not be skating at the rink to-morrow afternoon owing to the curling match. Another afternoon will be provided.

CHEAP.—Although the Carnival number of the Star is bringing good prices in other cities, they can be had at the Diamond Bookstore for thirty-five cents.

DIALOGUES.—Two very amusing dialogues entitled, "Completely Sold" and "The Apartments," will be given at St. Peter's Concert on Wednesday evening.

THE RING.—Sullivan has commenced regular training for his fight with Kilrain. At present he weighs 215 pounds, having trained down eight pounds in two weeks.

GENERALLY THE CASE.—The owner of a patent medicine which is declared to be a remedy for nearly all the "ills that flesh is heir to," is a woman in Brooklyn, N. Y., who is such an invalid that she has not been out of her room for 28 years.

MORE GOOD GUESSING.—The smoker's table, for some time past on exhibition in the show window of Reddin's Drug Store, was disposed of a few days ago. Miss Bessie Wakefield was the winner. Her guess was 1533—the number of beans in the bottle was 1534.

RHEUMATISM.—For articular rheumatism, which is the source of much suffering and very stubborn in its nature, the Journal of Health recommends mustard poultices as the most efficacious of external applications. But as these are disagreeable to many people, the following is also suggested: Oil of capsaicin and spirits of camphor, of each one ounce; spirits of ammonia, six drams; alcohol and chloroform, of each one ounce. To use this, first fasten over the inflamed joint, flannel of sufficient size to cover the same; after saturating this with the mixture, which must be well shaken, quickly cover with another piece of flannel or oil silk. It should create an agreeable degree of heat, but if it burns too severely the outer coverings must at once be removed to permit evaporation which can be allowed for a moment and then again confined. The effect of the application will indicate how often to renew it.

The Cardinal Archbishop of Vienna has sent an address to the Pope from the Austrian bishops proclaiming the right of the Pope to temporal power.

—The Empire: Either with hope or fear—it is hard to say which—the Wimanite organ is anticipating an early and sudden election for the House of Commons. It complains that in 1882 and again in 1887, Sir John Macdonald took an unfair advantage of Mr. Blake by dissolving the House and bringing on an election before the Opposition leader was ready. Why, Opposition politicians were at both these epochs, constantly taunting the Macdonald Administration with being afraid to face the electors; and were declaring that there was nothing they desired so earnestly as an immediate appeal to the people. They were awfully eager, because they looked to be placed at once in office. We know the result, and it would be the same again. Whenever a general election takes place the Grits will not be ready to face the people so long as they cling to an anti-Canadian policy.

SPECIAL DESPATCHES TO THE EXAMINER.

The Hyde Park Demonstration.

LONDON, Feb. 10.

Notwithstanding the heavy snow storm to-day, the demonstration announced in Hyde Park to denounce the Government's coercive measures in Ireland, and express sympathy with Wm. O'Brien, was successfully carried out. Thousands of citizens, chiefly workmen and members of the Radical clubs attended the meeting with bands and banners. Speeches were delivered from twelve platforms. Resolutions were put simultaneously at all platforms and carried amid great cheering. They declared that the citizens of London condemn the brutal policy of coercion, protest against the Government's uncivilized treatment of political prisoners and demand the release of the Irish patriots, whose only crime is the exercise of the ordinary right of free speech. Perfect order was maintained. A host of policemen were present, but had nothing to do except to regulate traffic.

Skating Contests.

MONTREAL, Feb. 10.

In the fancy skating tournament for the championship of Canada and the United States, held at Montreal on Friday, A. Rubenstein, of Montreal, won, with Ed. Phillips, of New York, second.

The last of a series of three ten mile races was "skated" in the Dominion Rink on Saturday evening, the prize being the Carnival Cup, donated by Mr. Moore, proprietor of the rink. There were seven entries for the last race, but Wilfred Latremouille put another one to his credit. He had already won one and made a dead heat in the second race. This gave him two firsts and a tie, which won the cup. His time was 38.32.

An Important Conference.

BERLIN, Feb. 10.

The Emperor and Bismarck had a long conference with Lord Charles Berosford yesterday. During the interview the conversation turned upon England's state of preparation for war against the combined naval forces of France and Russia. Bismarck, it is reported, advised Lord Charles that an Anglo-French alliance was nearly as probable as anything in France and Germany, and if the Boulanger clique saw a possibility of locating England by a sudden attack, they would not take the chances of the results of a defeat by Germany. Bismarck declared his readiness to conclude a defensive alliance with England. He told Berosford to strongly represent to his government the urgent necessity that England should put her house in order.

Rioting in Rome.

ROME, Feb. 10.

The rioters yesterday even tried to reach the Quirinal, the offices of the Cabinet Ministers and Vatican, but troops blocked the way. An immense amount of property was ransacked. Great discontent is expressed at the supineness of the Government in dealing with the riot. A panicky feeling prevails in this city owing to riotous demonstrations by unemployed workmen. This evening 300 workmen assembled at the Passe Dank, but a force of cavalry charged and dispersed them. A large number of arrests of disorderly persons have been made. The Government is taking the strongest measures to repress the demonstrations. It is expected further rioting will occur to-night.

What Principal Grant Said.

OTTAWA, Feb. 10.

The statement telegraphed from Ottawa to some Maritime Province papers, notably the Halifax Chronicle, that Principal Grant, lecturing here last Tuesday, said unrestricted reciprocity would be an immense benefit to Canada, is absolutely false. What Principal Grant said was that universal free trade would be a grand thing, but he recognized the impossibility of securing it. Not only did he consider unrestricted reciprocity disloyal to the Mother Country, but he actually advocated a discriminatory tariff by Canada in favor of Great Britain, and vice versa.

Gubernatorial Movements.

MONTREAL, Feb. 10.

The vice-regal party finished a very busy week last evening, when Lord Stanley attended the annual dinner of the Montreal Snowshoers' Club, and made a splendid speech. This morning His Excellency, Lady Stanley and two sons attended divine service in Christ Church Cathedral, where the choir sang "God Save the Queen." The Governor-General leaves to-morrow for the capital.

The number of evicted families is increasing weekly. We earnestly appeal to friends in America for aid. (Signed), William O'Brien, John Dillon, Timothy Harrington, J.C. Kenny."

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these testimonials:—"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Ferdinand, Fla.) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared, and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.
