

VP OPERATIONS

I will oversee the activities of the Panther Lounge Manager and the campus Police Chief, and act as a liason with the campus sub-organizations. Another duty is to be responsible for CIMN radio, "the Island's only alternative".

I take these roles very seriously, and will be working very hard to see them performed to the best of my abilities. That doesn't mean that I am too busy to talk to you. If anyone has any questions or suggestions, either stop me in mid-flight between classes or drop down to the Barn. I'll be in my office on Tuesdays and Thursdays, minus a couple of hours for classes. Remember, this Student Union is not simply a council plus some employees. It is every one of us... your interest and participation keeps the Barn doors swinging.

Thanks,
MaryAnne Fitz Patrick,
VPO

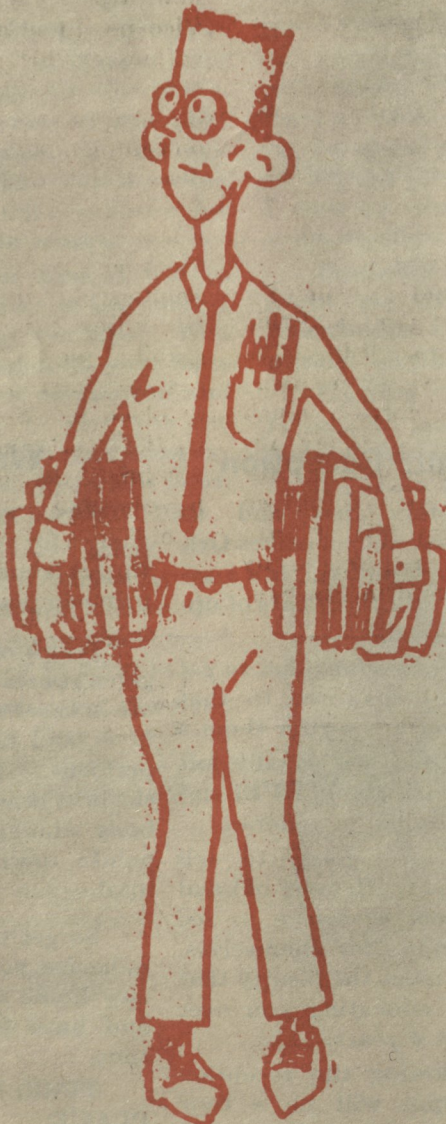

Hello! Welcome back for another year of registration, frustration, and recreation at UPEI. I hope everyone had a great summer. My summer was really hectic. Suddenly, one day I looked up from my papers and there was September staring me in the face (and boy was it intimidating!) So here we go again!

Last March I was elected Vice President Operations for the UPEI Student Union. As VPO it will be my duty to co-ordinate the social itinerary for the UPEISU.
