Papering Over Of Problems Is Charge Made

WASHINGTON (CP) — The U.S. News and World Report says Canada's papering over economic troubles, "trying to gloss them into much better than they really are."
In a round-up of world news conditions, the U.S. weekly magazine says in its current issue that Canada's troubles add up to more than a dollar crisis. Economic growth is "advised up to almost nothing" and "an deficit is in sight this year."

FAMOUS HANDS

Dummy, whereupon East (Jean Beese) played the five!
If Beese had taken the king with the ace, the contract would have been unbeatable. Against a diamond re-declarer would win and later take a heart finesse to produce his study trick, while against a club re-declarer and continuation declarer would duck twice and then take a heart finesse to bring about the same result.
