

A codfish was recently brought ashore at Buckle which weighed six pounds and fewer than twenty-five full-grown herrings. One in every six of the men, women and children of Newcastle is a pauper, and the total number of paupers in the town exceeds 16,000.

The Maharajah Duleep Singh, who is now the Rikhdar, sent a box of the first grue which he shot on the Castle Menzies Moors to the Queen.

The prevalence of incorrect notions upon the subject of medicine, is a general crying evil. Medical practice should be governed by principles cautiously deduced from the contributions of long experience and observation, and that no medicine should be taken by invalids, unless it emanates from the hands of men of talent, judgment and the strictest integrity. See *Grasshopper*, prepared by Dr. C. M. Jackson, Philadelphia, is a preparation emanating from one of the most celebrated practitioners of modern times, and one of the greatest medical writers Germany ever produced. This article is now in abridgement, and the article is prepared carefully and skillfully, it is producing the effect the original intended. It is used by many of the leading practitioners of Philadelphia, and the debility of the digestive organs, and bilious apparatus, and all diseases arising therefrom. We therefore recommend this medicine to suffering invalids. See advertisement.

Holloway's Ointment and Pills.—Extraordinary Cures of the Bad Legs, Hemorrhoids, Piles, Etc. Holloway, W. R. Merchant, Esq., of the Gazette Office, Edgworthway, Mass.—Mr. Daniel Norton, of Edgworthway, had a sore on his leg, which defied all ordinary remedies, and instead of improving he only became worse. At last, he had recourse to Holloway's Ointment and Pills, in a few applications he was enabled to his leg, effected a wonderful change for the better; it lost its swollen and ugly appearance, and in a very short time he was completely cured. His cure is now quite permanent, and is able to resume his work, although sixty years of age! This astonishing ointment will cure wounds and ulcers even of twenty years standing.

The Great American Hair Tonic.
Bogle's celebrated Hyperion Fluid, for the growth and preservation of the Hair is well known to be without equal on this continent. Hundreds of imitations have started into an ephemeral existence since the introduction of this unrivalled Hair restorative, and these have been treated, which Bogle's Hyperion Fluid, with a popularity never attained by any other article, goes on "conquering and to conquer." Its efficacy is so manifest, which effect the Hair can be cured by the incomparable preparation. To ladies it is invaluable; and of children's heads it lays the foundation of a beautiful growth of hair, authorized by Her Majesty the Queen of Great Britain, and commands an extensive sale throughout Europe. It is *Bogle's Electric Hair*, which covers red or grey hair into a beautiful black or brown, the moment it is applied, literally dyeing the hair without staining the skin and leaving the Hair soft and glossy without injuring its texture in the least; a decided superiority over all other Hair dyes.
