"The time will never come when there will never be an element of chance. None of us are making money but we are all expecting to be millionaires tomorrow. It will be a pleasure to find oil in your province, but it will be too bad if we do not as we will have been under considerable expense."

Thus spoke Col. T. H. Barton, President of the Lion Refining Company of Eldorado, Arkansas, in addressing the Rotarians at their luncheon yesterday afternoon.

The Colonel who was a former Rotarian began his address by stating that Mrs. Barton and he never enjoyed more a visit anywhere than on Prince Edward Island and had never seen a more beautiful and prosperous country.

The Colonel referred to the efforts made by the City Service interests about 12 years ago to find oil in Prince Edward Island. They had drilled wells at Governor's Island and had not found oil, the drill having gone through solid red beds, but it is believed that beneath these an oil bearing formation may be struck.

It is proposed to send a Geophysist crew to determine a possible reservoir of oil, and make a survey which would take three or four months. The speaker described the machinery and the methods to be used.

Great advances had been made in equipment since the drilling of oil twelve years ago. Then the standard drills were used.

He then told of an experience of his own company in Eldorado where the company took over a hole abandoned by another concern and since that time have bored from 67 to 68 wells. As to what the discovery of oil means to a place he instanced Eldorado when operations were started there 17 years ago it had a population of 35,000 In three months it had increased to 40,000 and has now simmered down to a city of about 25,000. What would the discovery of oil mean to Prince Edward Island? Canada is now importing daily about 140,000 barrels of oil valued at about $280,000. The crude oil should be worth from $1.50 to $2.00 an American barrel of 42 gallons. P. E. Island will receive a net royalty of 5 per cent. If oil is found in sizeable quantities say 20,000 barrels a day it would mean $600,000 revenue every year to the provincial treasury. Moreover, the Island should be a logical point for manufacturing gasoline, lubricants, etc., which would add to the pay rolls and it would certainly mean much better times for this province.

Rotarian W. A. Stewart was in the chair and the guests were Col. L. T. Lowther, Gerald Maddigan, Ivan Y. Reddin of Charlottetown and William Sweetwood of New York.

Mr. Maddigan on behalf of Moore & McLeod's presented to the club two Rotary emblems with which he had decorated the store at the time of the District Con-

"The Crowd Roars"

Robert Taylor in his latest stellar hit sure took the audience by storm last night in the opening performance of "The Crowd Roars" at the Capitol Theatre, Summerside. Teamed with Robert is Maureen O'Sullivan who scores again as the ideal romantic foil, sincere, appealing and forthright. June Wyman is admirable as the blond rival for Taylor's affections. Frank Morgan is wonderful as Taylor's father, Brian MacCoy. His acting is superb. Not only in comedy but in his dramatic moments does he capture the hearts of the audience.

There is a strong supporting cast for this most appealing story, which is a triumph for Taylor, for he provides the surprise of the year in his first prize-fight role giving more verisimilitude to the character of Tommy "Killer" McCoy than probably any other film player who ever essayed a fight part. It's a virile, two-fisted, smashing role that more than fulfills the promise that the star revealed in "A Yank At Oxford."

to 5 began on the morning of March 8th and has continued without interruption up to the present.

"Shortly after beginning a number in the upper grades expressed their willingness to pay and these were also added

"A large number by paying the difference have changed to chocolate milk and the number being served has steadily increased from 153 on the opening morning to an average of over 250 at present. An account was opened in the bank and cash collections weekly deposited. All payments were made by cheque as follows: For the month of March, $88.70; April, $109.06, and for May, $149.54; thus making a total cost to May 31st of $347.30.

It requires about $5.00 per week to finance this work as most of the children pay and we have been most fortunate thus far in having contributions sufficient to meet the deficit.

Those who have so generously assisted to date are: Dr. J. P. Lantz, $10.00; Willing Circle Kings Daughters, Trinity Church, $15.00; I.O.D.E. in three amounts, $13.00; Miss Ina Gillan, $1.00; R. R. Hurst, .50; H. L. Sear, $3.00; Mrs. James Harris, .50; Miss Eleanor Burke, $5.00; Pure Milk Co., $5.00; Mrs. Fred Chandler, $2.00; Women's Guild St. Peters Church $5.00, and Mr. K. M. Martin, $2.00.

"As we advance into the month of June it would appear that some high financing would be required to complete the term successfully but we are ever hopeful, and grateful for any assistance.

"Miss Bryenton has been of inestimable help to th's committee and the co-operation of the teachers added to the good service of Principal Yeo in planning out details, gives us pleasure in reporting what may be considered a successful endeavor."

Respectfully submitted,
The Milk Committee: **Ira M. Brown, Mrs. J. P. Lantz, Mrs. W. E. Scantlebury, Miss Alice Bryenton, Secretary.**

DISCUSS PLANS

(Continued from page 1)

Miss E. B. Haviland, Charlottetown; In New Brunswick, Judge Leonard Tilly in Saint John and his sister, Mrs. John D. Chipman now of Toronto and formerly of St. Stephen, N. B.; A third son of one of the Fathers of Confederation resided in New Brunswick in the person of Hon. Patrick Campbell Johnson at Moncton. In Manitoba His Honour Lieut. Governor Tupper and in British Columbia two sons of Senator A. A. McDonald one of the "Fathers" Reginald and Percy McDonald completed the list.

Justice Arsenault announced formal invitations to the sons and daughters of the Fathers of Confederation would be issued and an endeavour to have them officiate at the unveiling of the tablets in honor of their parents. Unveiling was scheduled to take place Monday, July 17. That night an elaborate historical pageant, "The Romance of Canada" would be presented.

The week's program would open on Sunday, July 6 with open air religious services at the Provincial Exhibition Grounds for military units in camp here. In addition to local units at least two Brigades of Highlanders from the mainland were expected to be under canvas for annual training during the week, it was learned.

Two ships of the Canadian Navy would be in port, the destroyers H.M.C.S. Skeena and the training schooner H.M.C.S. Venture.

A feature of the week would be the firemen's tournament in which teams from cities and towns throughout the Maritimes would be present. A street carnival Wednesday night, a mammoth farmers' picnic at the Experimental Farm Thursday morning and horse racing at the Exhibition Grounds in the afternoon, were other outstanding events on the program which continues until Friday.

If arrangements could be made the first trans-continental flight by a trans-Canada Airlines plane would be inaugurated from the new Civic Airport at Sherwood, it was announced. Hon C. D. Howe, Minister of Transport would officiate.

At yesterday's session Mr. Ivan Y. Reddin was appointed chairman of a committee to arrange yacht races on Charlottetown Harbor.

Members of the committee at the meeting yesterday saw the souvenir program prepared by Mr. J. M. Murley, chairman of the publicity committee and the framed picture of the Fathers of Confederation which will be placed in each classroom in the public schools of the Province. The program is a work of art and contains, in addition to the outline of the week's events, many interesting side lights of the events leading to Confederation and the distinguished statesmen of the period who were responsible for conceiving and carrying out the idea.

Convent Girls' Work Praised By Governor And Mrs. Patenaude

St. Mary's Convent, Summerside, had an unexpected visit from Lieut.-Governor and Mrs. E. L. Patenaude of Quebec on Monday morning when in company with Mayor Campbell and four Sisters, members of the Grey Nuns of Quebec, called on the Sisters of the Convent during a brief stop of the S. S. New Northland on their way to the Magdalen Islands.

The Convent happened to be having their annual exhibition of handicrafts by the pupils and the visitors were more than delighted with the handiwork of the children. Lieut.-Governor Patenaude wished to buy something, but the Rev. Mother Superior told him the work was not for sale. He was presented, however, with a beautiful crocheted flower basket, the work of one of the senior pupils, as a souvenir of his visit.

The visiting nuns also complimented the children on their work, one of the nuns who is a noted artist, spoke particularly of the drawings and crayon work, saying that many of the sketches showed talent and promise for the future.

Mayor and Mrs. Campbell who had been invited to see the handicraft on Saturday also expressed their pleasure at the fine work.

From the work of Grade I in which little boys and girls had work on display to the fine altar linens of Grade IX and X, all was a delight to the eye and shows painstaking care on the part of the pupils and careful instruction by the Sisters.

Grade I consisted mostly of cut outs and sewing on cardboard, and worthy of special mention were two little birch bark canoes made by two small boys.

Grade II showed daintily worked handkerchiefs, cut outs and drawings. Grade III had a fine display of aprons, drawings and a selection of flowers and leaves for their Nature Study work

Grade IV was more advanced with laundry bags beautifully worked, drawn thread tray cloths, as well as drawings.

Smocks and peasant aprons featured the work of Grades V and VI.

Grade VII were taught the more practical stitches and displayed work aprons with every stitch on them which is required to turn out a garment from start to finish. These lessons are of great help to the girls in after life.

Handmade lace was a feature of the work of Grade VIII who displayed lovely slips with lace trimmings.

The work of Grades IX and X was very fine indeed with beautifully embroidered altar linens, as well as wool work and the lovely crocheted flower baskets that took the eye of the distinguished visitors from Quebec. The Nuns and pupils have every reason to be proud of their work. S.

Interesting Display At Convent School

The annual display of handicraft and art work of the pupils of the school was held at St. Joseph's Convent over the weekend. The fine display of fancy work, etc., was viewed by large numbers.

Grade I showed neat needle work on card by pupils averaging six years of age while in Grade II display was seen colored handkerchiefs neatly sewn by hand.

Table doilies, hem stitched drawings crayon and cut out work comprised the display of Grade III.

Grade IV showed handkerchiefs and breakfast sets together with crayon work.

The display of Grade V consisted of neatly hem stitched and initialed pillow slips, knitting, crayon drawings and cut-outs, table runners, embroidered chair sets and cut work comprised the display of Grade VI, while in addition were exhibited something novel in soap work—cakes of soap carved to represent elephants, dogs, bunnies, etc.

Embroidered and initialed guest towels, crocheted table mats and drawing by Grade VII pupils.

Grades VI and VII combined a greatly admired display of embroidered cushions in wool and also drawings.

Grades V and VI display consisted of neatly worked luncheon sets, tray edge scraps with hem stitched edges. A number of drawings also made up the display.

Possibly the display attracting the most attention was the oil paintings on canvas and china, together with the new craft in pewter and brass work.

Many excellent designs were shown in the china paintings, cups, saucers, vases and other articles. One large vase, the work of one of the special students, attracted considerable attention.

The novel display of pewter and brass work attracted equal attention. Here was seen lamps, trinket and jewel boxes, plaques and lamp shades of new design. A large desk blotter with the corners of pewter with a design of maple leaves, and the rose, shamrock and thistle together with lamp shades were outstanding features of this display.

Throughout the display showed the result of careful instruction and much credit is due the Sisters for their painstaking teaching of the pupils under their control.

An Open Invitation
