WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indifferently miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "grogginess" or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating spots" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or sleep, and a feeling of being unable to get any indistinguishable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease, the more the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption, the Lung, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in, and, sooner or later, induce a fatal termination. Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and restoring their power, as an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases. Dr. Pierce's Golden Medical Discovery.

CURES ALL HUMORS, from a common Itch, or Eruption, to the worst Scrofula, Sycularium, Fever-sores, Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE." Thoroughly cleanse it by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION, which is Scrofula of the Lungs, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "Consumption Cure," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for Consumption, but for all Chronic Diseases of the Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy. Sold by Druggists, at \$1.00, or Six Bottles for \$5.00.

25¢ Sent ten cents in stamps for Dr. Pierce's book on Consumption. Address, World's Dispensary Medical Association, 603 Main St., BUFFALO, N. Y.

Brains in Business.

One great secret of success in business—the secret, in fact, of success on a large scale—is to conceive of it as a matter of principles, not merely as a series of transactions. There are great merchants as there are great statesmen, and there are small merchants as there are small politicians, and the difference between the great and the small men is very much the same in both professions. The small politician works by the day, and sees only the one small opportunity before him, the small merchant does the same thing—he is looking for the next dollar. The statesman on the other hand, is master of the situation because he understands the general principles which control events; this knowledge enables him to deal with large questions and to shape the future. The great merchant does the same thing, his business is not a mere money-getting affair, not a mere matter of barter, but a science and an art, he studies the general laws of trade, watches the general condition of the country, investigates present needs, foresees future wants, and adapts his business to the broad conditions of his time and place. He puts as much brains into his work as does the statesman, and he ends by being, not a money getter, but a large-minded and capable man. An eminently successful business man, of the statesman-like quality, said the other day that the more he understood of life, the more clearly he saw that it was all done on business principles. By which he meant, not only that the universe stands for the dollar, but that the universe is governed by unvarying laws, that promptness, exactness, thoroughness, and honesty are wrought into its very fibre. On these business principles all life is conducted—if not by men, at least by that Power which is behind man. It ought to be the ambition of every young man to treat his business from the point of view of the statesman, and not from that of the politician.—The Christian Union.

An Irresistible Bait For Rats.

According to a Washington correspondent of the Cincinnati Commercial Gazette, an interesting, not to say valuable discovery has been made by Captain Weedin, in charge of the animals at the Zoo. The building is infested by rats, and how to get rid of them has long been a perplexing question. Traps were used, but nothing would tempt the rodents to enter. In a store-room drawer was placed a quantity of sunflower seeds, used as food for some of the birds. Into this drawer the rats gnawed their way, a fact which led the Captain to experiment with them for bait in the traps. The result was that rats could not be kept out. A trap which appears crowded with six or eight rats is found some mornings to contain fifteen. They are turned into the cages containing weasels and minks. The latter will kill a rat absolutely almost before one can see it, so rapid are its movements. The weasels are a trifle slower but none of the rats escape them.
