

# ENDS & ODDS

Do you have an unusual urge to get printer's ink all over your fingers? Are there countless stories you could tell if only you had a chance? Can you work a stapler? open? glue? a typewriter or a ruler? Is there anything you cannot do?

We have openings on our staff for many and many more people.

People who can write or draw (graphics, editorial cartoons, whatever), people who take pictures or walks, but essentially, people who want to share with the rest of U.P.E.I. through the CADRE.

There are people around who believe there is a need for an informed public - both at U.P.E.I. and in Charlottetown. These people know that the university media serve an important function as the communications link between the school and the community. They know that the university media is in a position to approach and whenever necessary attack situations and problems in our society. That there is a need for drawing attention to or clarifying various issues.

We're looking for those people. But we're also looking for people who treat the matter more simply, people who will write straightforward informative articles on the various

happenings around U.P.E.I., on Shinerama, or on registration, or the winter carnival, for example.

Reviews also need doing, books, movies records, art exhibits and theater all have their place in the CADRE. But the space will not be filled unless the people write the reviews.

There will be a sports page in each issue. WE don't want it to be blank, and people interested in U.P.E.I. sports are being sought.

Politics is of vital importance and interest in most universities. We are no exception, but although we will print all points of view, we will not write them all.

All of which may or may not lead to the point that really We Print Everything we get from you - with a minimum of editing, and with no questions of withholding articles simply because we disagree.

Our door is usually open and someone is usually behind it. Located in the basement of Memorial Hall, the CADRE office offers a panoramic view, wall to wall floor and typewriters that are much too quiet now.

Drop by sometime - even just to say "hello" and look around. It may be the luckiest thing that ever happened to you.

It seems that there have been some very strange decisions made by the Athletic Department this year. One of these concerns the budgets of the volleyball teams. An allotment of \$1,000 has been made by the Athletic Department for volleyball. However, it seems that almost all of this money is being spent on the Men's Volleyball Team while the Women's Volleyball Team is being virtually ignored from a financial standpoint. The woman's team has been the most successful varsity team on campus this year, having a record of 20-7 against the only competition P.E.I. has to offer. Unfortunately they do not have enough money to enter any of the Woman's Intercollegiate tournaments. It is too bad that the Athletic Department cannot see its way clear to finance the woman's team in at least one intercollegiate tournament. For instance, on November 27th the A.W.I.A.A. Tournament is being held at King's College and the woman's team may not be able to attend, due to a lack of funds. Certainly, in all fairness, the Athletic Department will do something to rectify this situation, won't they?

One other issue that has caused quite a bit of muttering amongst

those those aware of its existence, was the decision concerning "extra" seats on the chartered plane which took our men's hockey, basketball and volleyball teams to Newfoundland last weekend (Nov. 16-18). It seems that one of the coaches (not mentioning any names) was allowed to take two of his children along with him on this foray. At the same time, a number of people who have put in quite a few hours of work with our teams - notably one of the trainers - were left behind. Since it was the university that was paying for this trip, one wonders why this injustice was allowed to occur. The Cadre, having heard some talk of this development, sent one of its roving reporters to the Athletic Department offices to make some inquiries. We had been informed that it was Coach "X" who was taking his kids along. When asked if this was the case or not, we received a very definite: "No! Coach "X" is not taking his children." However, what the Athletic Department failed to tell us was that Coach "Y" was taking his children. Thus it came about that Coach "Y", his children and the Athletic Department lived happily ever after. And on someone else's money, too!

## EMPLOYMENT SEMINAR - PART I

A discussion under the leadership of Dr. Regis Duffy, Dean of Science, and Maurice MacIntyre, Student Placement Officer was held at the New Annex building Teus. Nov. 16 at 6:00pm

The turnout for the meeting was disappointingly small, but this can be attributed at least in part, to the particular time of the discussion and the blustery weather.

Various employment alternatives were discussed.

These include jobs requiring a certain amount of specialization, such as mathematics, economics and computer science, as well as the possibility of going into such fields as secretarial work, or continuing on to graduate school.

It was emphasized that students who expect to be doing something in particular at this time next year must begin now to apply for jobs or to fill in applications for graduate schools.

## Womans Intramural & Recreation

Rink:	
Skating	
Tuesday	2:00pm
Wednesday	2:00pm
Thursday	2:00pm (mixed)
Gym	
Volleyball	Tues. 9:00pm
Badminton	Thurs 8:30 pm
Table Tennis	Mon 9:30pm
	Thurs 9:30pm
Fencing	Tues 5:30pm
Judo	Mon 6:00pm
	Wed 6:00pm
	Sun 1:30pm

## CADRE POWER!!!

(A) GEORGE KEY RESIGNS.  
(B) MAYOR CORRIGAN SUGGESTS ABOETITION OF TWO-PARTY SYSTEM  
(C) STUDENTS SAY "NO" TO CHARLOTTETOWN FORUM (696 - 92)
