often asked, "How close will your Watches run?" We answer by saying, how close they have run and are running in the hands of those who carry a Rockford.

New Castle, Pa., March 10, 1886.

ROCKFORD WATCH CO.:

Gentlemen,—Mr. S. J. Frisbie, telegraph operator at Youngstown, O., to whom we sold one of your eleven Jewels a little over two years ago, is frequently in our store rating his watch. The greatest variation we have been able to observe in this watch was thirteen seconds fast in two months.

Yours truly, J. C. HANNA & SON.

U. S. COAST AND GEODETIC SURVEY OFFICE, WASHINGTON, D. C., Feb. 5, 1886.

MR. J. KERR, 629 Penn. Ave., Washington, D. C.:

Sir,—The silver watch I purchased from you in March, 1885, after being regulated by you, has not varied more than two seconds a month. I therefore take pleasure in testifying to the excellence of the Rockford Watch for which you are agent.

Yours respectfully, RICH. M. HARVEY.

Hundreds of other testimonials can be shown at our store. The Watches we have sold are doing very well and our customers are well pleased with them.

CLOTH AND WOOL. TO OUR CUSTOMERS.

IT is just twelve years since we re-built the Woolen Mill. We then resolved to manufacture the best cloth that could be produced from P. E. Island Wool.

That our efforts have been successful and appreciated we are warranted in concluding from the fact that hundreds of the same people who patronized us in 1874 are our customers in 1886. During the past year we have added many improvements, particularly in the dyeing and finishing departments. We do not propose to compete against the cheap, shoddy and cotton mixtures that are sold as ALL-WOOL goods, but quality and durability considered we claim ours to be the CHEAPEST CLOTHS in the market. If you want good value for your
