WOMEN'S LOCAL COUNCIL.

The executive of the Women's Local Council was called together in Prince of Wales College, at three o'clock Saturday afternoon. It was followed by a general meeting of the Council. The agenda for the National Council was read and this Council expressed its approval and hearty co-operation.

The committee appointed to investigate the needs and possibilities of an Old Ladies' Home submitted its report. Each president of the affiliated societies was requested to bring the subject before her society and report at next Council meeting what plans were thought would best meet the wants of the public.

Each president was requested to report at the May meeting of the Council the object and plans of work of their society.

The subject of feeble-minded women was placed before the meeting and a home for such was deemed a necessity in Charlottetown. The Council was pleased to know that the Government would soon have one provided.

A request from the treasurer of the National Council asking for tried and proved recipes was received. A cookbook will be published under the direction of the National Council.

Lady Davies was appointed Charlottetown's representative at the executive meeting to be held at Ottawa in May.

It was resolved on motion that this Council petition the City Council to have the names of the different streets carefully placed at every corner.

Meeting adjourned.

BORN.

At Elmsholm, Tignish, on the 19th inst., Mrs. (Dr.) Murphy of a son.

Wednesday night of next week, Stanley Bros will make a show of millinery, silks and dress goods that will be a revelation to the ladies of Charlottetown. Our showing space is so limited that it is impossible to show the goods during business hours; therefore we cordially invite you to come on Wednesday night next, and see a show that would do credit to any house in the Provinces.

TRIP TO THE MAGDALENS.

The Stanley Returned to Charlottetown Last Night.

The Stanley returned from the Magdalen Islands last evening, reaching Charlottetown about half-past nine. She had a very good freight for the Islands, taken in at Charlottetown, Pictou, Georgetown and Souris, and she carried the mails both ways. She also had several passengers.

The Stanley passed through 36 miles of packed ice going down, and on the return trip she came through 43 miles of packed and loose ice. This ice is off the shore of East Point and the Magdalen Islands. There is no ice in Pleasant Bay.

On the night of the 20th the Stanley got stuck in the heavy ice about 10 miles off Entry Island, and remained there until next morning when she got clear and proceeded to Amherst Harbor. This was the only trouble experienced during the run, and the passengers are loud in their praise of the work done by the steamer in the ice.

From Amherst Island the Stanley proceeded to Leslie's Cove, from which place she returned to Amherst Island. At each place mails and passengers were discharged and taken on. The run from Amherst Island to Charlottetown occupied the time between 8.10 yesterday morning and 9.30 last night.

We heartily congratulate Captain Brown and the Stanley upon the success which attended the trip to the Magdalens.

AMONG THE WOUNDED.

CONDITION OF SICK WOULD BE SAD IF RED CROSS HELP WERE TO BE WITHDRAWN.

A second letter has been received by Mr. Charles A. Hoggets, Hon. Secretary of the Red Cross Society, from Dr. Ryerson, who writes from camp Orange River, which is 600 miles northeast of Cape Town. His letter is dated Feb. 23. He says:

"I arrived here yesterday in charge of stores, mostly Canadian, the remainder from Cape Town. I found 41 non-commissioned officers and men of the R. C. Regiment and one officer had been or were still in the hospital here. None of the cases were serious, the worst being a fracture case. They were chiefly mild fever, debility and tonsillitis.

"The sights in the hospitals here are most painful. There are three hospitals here, each containing 250 beds, nearly all full. A large number of wounded are expected to-day. Enteric cases are numerous. The hospitals are partly under canvas and partly in galvanized iron huts admirably constructed so as to be taken apart and put together again. Each hut constitutes a ward of 24 beds, in charge of a ward master and nursing sister, with orderlies under them. The patients receive every attention.

"The following are some of the stores I am delivering, and will give some idea of what the Red Cross Society supplies, viz.:—Jellies, jams, biscuits, lime juice, patent goods, custard powder, soap, games, books, pyjama suits, socks, pillows, towels, lamps, bandages, surgical dressings, clinical thermometers, Eau de Cologne, Florida water, toilet vinegar, combs, hair brushes, tooth brushes, beef extract, sponges, fans, mosquito netting, ward tables, ginger ale, soda water, and many other articles.

"The condition of the sick and wounded would be sad indeed if the articles supplied by the Red Cross were withdrawn. The Government has never supplied any of them, with perhaps the exception of surgical dressings. The money that is called to me I will expend directly for the use of the Canadian sick and wounded, and for the use of the hospitals, as before stated. Our people can thus be assured that the money is usefully, properly, and directly applied. There is much need of help; 3,000 sick and wounded up to this date have been carried on the hospital trains to the Boer hospitals at Wynburg and Rondebosch. Hundreds of men are in hospital here, Honeyest Kloof, Modder, Kimberley, and De Aar.

"I am much indebted to Col. Sam Hughes, D.A.A.G. here for kind assistance."

AT THE CONCERT.—The audience will please be in their seats before 8 o'clock to hear the first chorus which will be given at sharp eight.

POLICE COURT.—This forenoon, William Gass, a countryman, was fined \$2 or 10 days.

EASTER FESTIVAL.—There was a large attendance at the Easter Festival in St. Joseph's Convent on Saturday evening. The proceedings began with the rendering of an interesting literary and musical programme, after which came the sale of baskets which was conducted by Mr. E. H. Norton. After the sale the contents of the baskets were discussed and an enjoyable hour or so thus passed. The Festival was in aid of the Convent school. About \$80 was realized.

Local and Other Items.

SAINT GEORGE and Merrie England!

FLAGS AND BUNTING.—There is a generous display of flags and bunting to-day in honor of St. George's Day.

Hog, heavy fat, per cwt. . 5.62½ to 0.00
Sows..... 3.00 to 0.00
Stags..... 2.25 to 0.00

ST. GEORGE'S DAY to-day.—Sons of England concert to-night. If you haven't secured a reserved seat you'd better be at the Opera House early.

Never before has St. George's Day been celebrated in Charlottetown as it is being this year. The grand Patriotic concert in the Opera House this evening is a fitting termination to the day observed in memory of England's patron saint. There's going to be a great crowd at the concert, and you'd better be there too. If you haven't a reserved seat you'd better be on hand early.

ART AS A MORAL FORCE.—On Thursday evening, Rev. J. M. Withycombe, of Summerside, delivered a lecture on "Art as a moral Force," in St. Mark's Church Hall, Kensington. Notwithstanding the wet evening and bad roads the seats were well filled. The lecture is an admirable one, and is well calculated to stimulate an interest in the beauty of Creation. In these days, when ideals of beauty are so low, a good, popular lecture on true art is both edifying and pleasing. Mr. Withycombe received a hearty vote of thanks at the close of his lecture, which he has promised to repeat on a future occasion before the W. C. T. U. of Kensington.

NEW ALLAN LINER.—The latest addition to the Allan line of steamships is the Tunisian, a vessel of the combined passenger and cargo type. She is of 10,576 tons gross, and is about as perfect a ship of her class as can be produced. She is a sister ship of the Bavarian. The accommodation is in every way excellent and will give to travellers a retirement and luxury previously unavailable. The engines are triple expansion, there being two sets, with an evaporator, evaporating fifty tons of salt water per day, a system of electric lighting and a speed of 16½ knots. The Tunisian may be classed with the best ocean liners.

Here Are The 16 Tints.

Church's Alabastine comes in 16 beautiful tints and white, too—here is the tint card that all up-to-date dealers have to show you. We sell Church's Alabastine because it gives universal satisfaction to our customers. It won't peel, rub off or scale. It is recommended by eminent physicians on account of its healthfulness. It grows harder with age. It is the only permanent water color wall and ceiling coating that is made to use with cold water.

It will not fade. It can be applied coat over coat if you wish to change the tint. It is never sold in bulk. That which pays our customers pays us, and that is another reason why we sell Church's

ALABASTINE.
